Parveen Ali, Julie McGarry

Intimate Partner Abuse And Health:

Intimate Partner Abuse and Health Professionals Gwenneth Roberts, Kelsey Hegarty, Gene Feder, 2006 This book based on recent research reveals the complex issues of identification and intervention with survivors of intimate partner abuse within the health system Editors Roberts from University of QLD and Hegarty from University of Melbourne

Intimate Partner Violence Connie Mitchell, Deirdre Anglin, 2009-06-30 Intimate partner violence is a challenging problem that health professionals encounter on a daily basis This volume thoroughly compiles the current knowledge and health science and provides a strong foundation for students educators clinicians and researchers on prevention assessment and intervention

Domestic Violence and Health Care, 2002-09-23 Explore methods and techniques that health care providers can use to treat battered women more humanely and effectively This vital book examines the role of health care in the struggle to combat domestic violence It shows how physicians can and should respond to victims of domestic violence shares the success of the Family Violence Prevention Project discusses what healthcare providers need to know about elder abuse examines primary care physicians screening practices for female partner abuse and looks at the way Emergency Department personnel perceive the results of intimate partner violence IPV It also shows how family planning clinics can become empowerment zones of battered women living in a rural setting and assesses the success of the WomanKind Program an integrated model of 24 hour health care response to domestic violence against women Domestic Violence and Health Care Policies and Prevention also investigates the relationship between perceived barriers and screening practices explores attitudes toward mandatory domestic violence reporting inquires into what pregnant women who have been abused think about their partners and their relationships examines the difference between Mexican and American women's perception of the severity of various acts of abuse discusses the efficacy of an IPV assessment form using icons rather than descriptions to better communicate with migrant seasonal workers whose command of English is poor From the editors We have learned that screening for domestic violence by itself is a powerful intervention and can make a significant difference in a woman's life It helps validate that there is no excuse for domestic violence and demystifies the belief that providers are a part of the problem and not part of the solution We have also learned that the consequences of intimate partner violence are manifested in a range of health conditions as well as in increased overall costly health care utilization Screening tools and proposed mechanisms for treatment and follow up are available The next step in this effort requires validation of the screening tools and evaluation of the interventions currently underway The purpose of this book is to provide some insight into our current understanding of the role health care plays in recognizing and treating victims of domestic violence We hope to contribute to the understanding of the complexities of the causes and consequences of domestic violence on the life of a woman and to provide insight into ways to positively alter the health care system and provider behavior

Intimate Partner Violence Sana Loue, 2005-12-08 It is clear that physical abuse is an integral component of some intimate relationships This book

addresses not the violence but our responses or lack of responses to that violation of personal integrity and the accompanying trauma How partner violence is responded to individually and collectively may well determine whether the violence can be prevented or will cease once begun This text is intended to serve as a basic resource for the student clinician and researcher It provides a summary of how we have responded to such violence in the past and presents potential future directions for research and prevention efforts **Global and Regional Estimates of Violence Against Women** Claudia García-Moreno,Christina Pallitto,Karen Devries,Heidi Stöckl,Charlotte Watts,Naeema Abrahams,2013 World Health Organization London School of Hygiene and Tropical Medicine South African Medical Research Council Title page

Supporting Lives Free from Intimate Partner Violence Towards Better Integration of Services for Victims/Survivors OECD,2023-02-15 Many OECD governments regularly identify violence against women as the top gender equality issue their country faces Yet in all countries addressing this multifaceted issue presents serious governance and implementation challenges as victims survivors have complex needs both during and after experiences of violence

Domestic Violence and Maternal and Child Health Stephen J. Morewitz,2004-06-17 Very timely issue right now Topic is receiving media and popular attention Maternal and Child Health is a specific area of study in Public Health Author is entrepreneurial and well established **Preventing Intimate Partner Violence** Claire Renzetti,Diane Follingstad,Ann Coker,2017-07-12 This book brings together an international collection of researchers and practitioners from a range of fields including sociology social work psychology law public health and medicine and victims services and advocacy to examine promising innovative strategies and programs for preventing intimate partner violence IPV The interdisciplinary contributions both discuss findings from evaluations of current IPV prevention programs and identify gaps in knowledge paying particular attention to the needs of underserved groups like racial and ethnic minorities immigrants and refugees and members of LGBTQ communities Among the many issues addressed are primary prevention programs that target adolescents and young adults strategies specifically designed to engage men and boys in IPV prevention IPV screening in various settings the impact of the criminalization of IPV on minority populations restorative justice programs interventions for women who use violence and innovative shelter programming to prevent revictimization Uniting the major themes examined throughout the book the concluding chapter delineates paths to more effective prevention strategies by highlighting ways that all

stakeholders can work more effectively toward reducing violence **Gender Inclusive Treatment of Intimate Partner Abuse** John Hamel, 2005-02-08 This breakthrough handbook for mental health professionals and educators offers practical hands on information for conducting assessments and providing treatments that take the entire family system into account. Rich with research that shows women are abusive within relationships at rates comparable to men, the book eschews the field's reliance on traditional domestic violence theory and treatment which favors violence interventions for men and victim services for women and ignores the dynamics of the majority of violent relationships. Thus the author identifies and measures protocols that help practitioners make accurate assessments for both men and women and then carefully selects the treatment modality and curricula for group couples and/or individual work that will help clients break their particular cycle of violence while ensuring victim safety.
