Intricate Preparations Writing Leonard Cohen:

Intricate Preparations Stephen Scobie, 2000 This essay collection reflects the scope and reach of Leonard Cohen's influence. It ranges from academic essays that consider the treatment of the Holocaust in Cohen's poetry, aspects of personal and national identity in his novels, and the theoretical problems of performance in his songs, to less formal discussions such as an Internet newsgroup thread on *Closing Time* and a description of fan reactions to his concert performances in Germany. Several writers pay tribute to Cohen by contributing poems that translate his work into new idioms. The book also includes two new poems by Cohen himself. *Intricate Preparations* is fully international in scope, with contributions coming from Australia, Great Britain, France, Germany, Belgium, Norway, and Finland, as well as Canada, including something from the Governor General herself.

The Demons of Leonard Cohen Francis Mus, 2020-08-25 With my jingle in your brain, Allow the Bridge to arch again. How are we to understand Leonard Cohen's plea? Who speaks to whom in this oeuvre spanning six decades? In search of an answer to this question, this study considers the different guises or demons that the Canadian singer-songwriter adopts. The countless roles assumed by Cohen's personas are not some innocent game but strategies in response to the sometimes conflicting demands of a life in art; they serve as masks that represent the performer's face and state of mind in a heightened yet detached way. In and around the artistic work, they are embodied by different guises and demons: image, the poser, artistry, the writer, and singer, alienation, the stranger, and the confidant, religion, the worshipper, prophet, and priest, and power, the powerful and powerless. Ultimately, Cohen's artistic practice can be read as an attempt at forging interpersonal contact. The wide international circulation of Cohen's work has resulted in a partial severing with the context of its creation. Much of it has filtered through the public image forged by the artist and his critics in concerts, interviews, and reflective texts. Less a biography than a reception study supplemented with extensive archival research, unpublished documents, and interviews with colleagues and privileged witnesses, it sheds new light on the dynamic of a comprehensive body of work spanning a period of sixty years. Published in English.

The Contemporary Leonard Cohen Kait Pinder, Joel Deshayes, 2023-11-28 The Contemporary Leonard Cohen is an exciting new study that offers an original explanation of Leonard Cohen's staying power and his various positions in music, literature, and art. The death of Leonard Cohen received media attention across the globe, and this international star remains dear to the hearts of many fans. This book examines the diversity of Cohen's art in the wake of his death, positioning him as a contemporary multi-media artist whose career was framed by the twentieth century and neoliberal contexts of its production. The authors borrow the idea of the contemporary, especially from philosophy and art history, applying it to Cohen for the first time, not only to the drawings that he included in some of his books but also to his songs, poems, and novels. This idea helps us to understand Cohen's techniques after his postmodern experiments with poems and novels in the 1960s and 1970s. It also helps us to see how his most recent songs, poems, and drawings developed out of that earlier material, including earlier connections to other writers and musicians.

Philosophically the contemporary also sounds out the deep feelings that Cohen's work still generates in readers and listeners. Whether these feelings are spiritual or secular, sincere or ironic, we get them partly from the sense of timeliness and the sense of timelessness in Cohen's lyrics and images which speak to our own lives and times, our own struggles and survival. From a set of international collaborators, *The Contemporary Leonard Cohen* delivers an appreciative but critical examination of one of our dark luminaries.

Bob Dylan and Leonard Cohen David Boucher, Lucy Boucher, 2021-04-08 Both Dylan and Cohen have been a presence on the music and poetry landscape spanning six decades. This book begins with a discussion of their contemporary importance and how they have sustained their enduring appeal as performers and recording artists. The authors argue that both Dylan and Cohen shared early aspirations that mirrored the Beat Generation. They sought to achieve the fame of Dylan Thomas, who proved a bohemian poet could thrive outside the academy and to live his life of unconditional social irresponsibility. While Dylan's and Cohen's fame fluctuated over the decades, it was sustained by self-consciously adopted personas used to distance themselves from their public selves. This separation of self requires an exploration of the artists' relation to religion as an avenue to find and preserve inner identity. The relationship between their lyrics and poetry is explored in the context of Federico García Lorca's concept of the poetry of inspiration and the emotional depths of *duende*. Such ideas draw upon the dislocation of the mind and the liberation of the senses that so struck Dylan and Cohen when they first read the poetry and letters of Arthur Rimbaud and Lorca. The authors show that performance and the poetry are integral and the *duende* or passion of the delivery is inseparable from the lyric or poetry and common to Dylan, Cohen, and the Beat Generation.

Transnational Canadas Kit Dobson, 2011-04-07 *Transnational Canadas* marks the first sustained inquiry into the relationship between globalization and Canadian literature written in English. Tracking developments in the literature and its study from the centennial period to the present, it shows how current work in transnational studies can provide new insights for researchers and students. Arguing first that the dichotomy of Canadian nationalism and globalization is no longer valid in today's economic climate, *Transnational Canadas* explores the legacy of leftist nationalism in Canadian literature. It examines the interventions of multicultural writing in the 1980s and 1990s, investigating the cultural politics of the period and how they increasingly became part of Canada's state structure. Under globalization, the book concludes, we need to understand new forms of subjectivity and mobility as sites for cultural politics and look beyond received notions of belonging and being. An original contribution to the study of Canadian literature, *Transnational Canadas* seeks to invigorate discussion by challenging students and researchers to understand the national and the global simultaneously, to look at the politics of identity beyond the rubric of multiculturalism and to rethink the slippery notion of the political for the contemporary era.

Corporeal Cartographies Philipp Hofmann, 2010 The book focuses on the importance of corporeality in Leonard Cohen's prose works *The Favourite Game* (1963) and *Beautiful Losers* (1966). It argues that prevailing post-structuralist theories that describe the body as discursively constructed cannot do justice to the real and violent proportions of the bodies in Cohen's

visionary texts These theories should be complemented by the neo materialist approach developed by French philosophers Gilles Deleuze and Félix Guattari who stress the importance of physical forces and intensities that affect the production and the expression of bodies both in life and art Series n 1 work science medium Vol 4 *Ruins in the Literary and Cultural Imagination* Efterpi Mitsi, Anna Despotopoulou, Stamatina Dimakopoulou, Emmanouil Aretoulakis, 2019-11-28 This book focuses on literal and metaphorical ruins as they are appropriated and imagined in different forms of writing Examining British and American literature and culture in the nineteenth and twentieth centuries the book begins in the era of industrial modernity with studies of Charles Dickens Thomas Hardy Henry James and Daphne Du Maurier It then moves on to the significance of ruins in the twentieth century against the backdrop of conflict waste and destruction analyzing authors such as Beckett and Pinter Kurt Vonnegut Robert Lowell Anne Sexton and Leonard Cohen The collection concludes with current debates on ruins through discussions of Walter Benjamin and Bertolt Brecht as well as reflections on the refugee crisis that take the ruin beyond the text offering new perspectives on its diverse legacies and conceptual resources *The Routledge Companion to Literature and Religion* Mark Knight, 2016-04-28 This unique and comprehensive volume looks at the study of literature and religion from a contemporary critical perspective Including discussion of global literature and world religions this Companion looks at Key moments in the story of religion and literary studies from Matthew Arnold through to the impact of 9 11 A variety of theoretical approaches to the study of religion and literature Different ways that religion and literature are connected from overtly religious writing to subtle religious readings Analysis of key sacred texts and the way they have been studied re written and questioned by literature Political implications of work on religion and literature Thoroughly introduced and contextualised this volume is an engaging introduction to this huge and complex field *The Late Voice* Richard Elliott, 2017-05-18 Popular music artists as performers in the public eye offer a privileged site for the witnessing and analysis of ageing and its mediation The Late Voice undertakes such an analysis by considering issues of time memory innocence and experience in modern Anglophone popular song and the use by singers and songwriters of a late voice Lateness here refers to five primary issues chronology the stage in an artist s career the vocal act the ability to convincingly portray experience afterlife posthumous careers made possible by recorded sound retrospection how voices look back or anticipate looking back and the writing of age experience lateness and loss into song texts There has been recent growth in research on ageing and the experience of later stages of life focusing on physical health lifestyle and psychology with work in the latter field intersecting with the field of memory studies The Late Voice seeks to connect age experience and lateness with particular performers and performance traditions via the identification and analysis of a late voice in singers and songwriters of mid late twentieth century popular music **Encyclopedia of Modern Jewish Culture** Glenda Abramson, 2004-03-01 The Encyclopedia of Modern Jewish Culture is an extensively updated revision of the very successful Companion to Jewish Culture published in 1989 and has now been updated throughout Experts from all over the world

Equivocal City Patrick Coleman, 2018-10-30 The study of Montreal as a specific location in French and English writings has long been subordinated to the demands of linguistically divided and politically contentious narratives about national development In this cross linguistic study Patrick Coleman models an inclusive and post national literary history of the city itself Tracing a sequence of moments in the emergence of the Montreal novel from World War II to the turbulent 1960s Equivocal City offers close readings of fourteen key works of fiction focusing on the inner dynamic of their construction as well as the unexpected convergences and contrasts in the narrative structures they adopt and the aesthetic perspective they seek to achieve Critically sophisticated but accessibly written this book gives a sympathetic account of how writers in both languages struggled to give integrated artistic expression to their experience of a city that was still linguistically compartmentalized and culturally insecure By analyzing the interplay between story and narrative form the book explores what French and English novelists could and could not imagine about the Montreal they sought to portray From the responsible realism of Hugh MacLennan and Gabrielle Roy to the fractious phantasmagorias of Jacques Ferron and Leonard Cohen Equivocal City traces the evolution of the Montreal novel with the aim of retrieving a shareable literary past The

This is the first critical collection of its kind to appear in over forty years and will set the terms used to discuss English language poetry in Quebec for years to come **The Metaphor of Celebrity** Joel Deshayé, 2013-10-30 The Metaphor of Celebrity is an exploration of the significance of literary celebrity in Canadian poetry. It focuses on the lives and writing of four widely recognized authors who wrote about stardom: Leonard Cohen, Michael Ondaatje, Irving Layton, and Gwendolyn MacEwen, and the specific moments in Canadian history that affected the ways in which they were received by the broader public. Joel Deshayé elucidates the relationship between literary celebrity and metaphor in the identity crises of celebrities who must try to balance their public and private selves in the face of considerable publicity. He also examines the ways in which celebrity in Canadian poetry developed in a unique way in light of the significant cultural events of the decades between 1950 and 1980, including the Massey Commission, the flourishing of Canadian publishing, and the considerable interest in poetry in the 1960s and 1970s, which was followed by a rapid fall from public grace as poetry was overwhelmed by greater popular interest in Canadian novels.
