Introduction Of Buddhism To Korea New Cultural Patterns Voliii:

Introduction of Buddhism to Korea Lewis R. Lancaster, Chai-Shin Yu, 1989 A collection of articles dealing with the introduction of Buddhism in Korea and its subsequent spread from there to Japan The studies contained in this volume cover the Three Kingdom period The Formation of Ch'an Ideology in China and Korea Robert E. Buswell, Jr., 2017-03-14 This book is a translation and study of the Vajrasamadhi Sutra and an examination of its broad implications for the development of East Asian Buddhism The Vajrasamadhi Sutra was traditionally assumed to have been translated from Sanskrit but some modern scholars principally in Japan have proposed that it is instead an indigenous Chinese composition In contrast to both of these views Robert Buswell maintains it was written in Korea around A D 685 by a Korean adept affiliated with the East Mountain school of the nascent Chinese Ch an tradition He thus considers it to be the oldest work of Korean Ch an or Son which in Japan became known as the Zen school and the second oldest work of the sinicized Ch an tradition as a whole Buswell makes his case for the scripture s dating authorship and provenance by placing the sutra in the context of Buddhist doctrinal writings and early Ch an literature in China and Korea This approach leads him to an extensive analysis of the origins of Ch an ideology in both countries and of the principal trends in the sinicization of Buddhism Buddhism has typically been studied in terms of independent national traditions but Buswell maintains that the history of religion in China Korea and Japan should be treated as a whole Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Zen Monastic Experience**

Robert E. Buswell, Jr., 2020-07-21 Robert Buswell a Buddhist scholar who spent five years as a Zen monk in Korea draws on personal experience in this insightful account of day to day Zen monastic practice In discussing the activities of the postulants the meditation monks the teachers and administrators and the support monks of the monastery of Songgwang sa Buswell reveals a religious tradition that differs radically from the stereotype prevalent in the West The author s treatment lucidly relates contemporary Zen practice to the historical development of the tradition and to Korean history more generally and his portrayal of the life of modern Zen monks in Korea provides an innovative and provocative look at Zen from the inside
