Ovid,2021-04-20 The first taste I had for books came to me from my pleasure in the fables of the Metamorphoses of Ovid For at about seven or eight years of age I would steal away from any other pleasure to read them inasmuch as this language was my mother tongue and it was the easiest book I knew and the best suited by its content to my tender age Michel de Montaigne The Metamorphoses of Ovid 8 AD is an epic poem by Ovid Published the same year the poet was sent into exile for the rest of his life the Metamorphoses are the crowning achievement of the first major poet of the Roman empire Written in dactylic hexameter the meter of Homer s Iliad and Odyssey and of Virgil s Aeneid Ovid s work is an epic poem of transformations of shape shifting matter and beings bound to the power of love Taking as its scope the whole history of the universe from the arrangement of order from chaos to the death of Julius Caesar the Metamorphoses pays heed to desire s ability to enact long lasting and at times irreversible change The story begins at the very beginning with the creation of the cosmos out of nothing of order out of unimaginable chaos Gods and goddesses have their moment in the sun mankind is born only to be wiped out by an immense flood then to rise again Amidst countless little known descriptions of war romance and change are the timeless tales of Perseus Jason and Medea Theseus and the Minotaur and the labors of Hercules Icarus soars too close to the sun Orpheus tragically condemns Eurydice to the underworld Troy is built and destroyed the immortal Achilles is killed and Aeneas sets sail to save his life and lay the foundations for Rome itself Throughout these interwoven stories of individual and epochal change Ovid explores the inescapability of love and death essential themes both shared by all and constitutive of everything that was or ever will be The Metamorphoses of Ovid is an intricate masterpiece of world literature that stands the test of time just as much as it defines it With a beautifully designed cover and professionally typeset manuscript this edition of The Metamorphoses of Ovid is a classic work of Roman literature reimaged for modern readers

The Osier Cage Robert O. Evans,2021-11-21 By studying the diction of Romeo and Juliet Robert O Evans examines this the most rhetorical of Shakespeare s plays in terms of an Aristotelian critical category which has been neglected in modern times Inherent in his methodology is the assumption that Romeo and Juliet is best regarded as drama not as pure poetry though essentially it is the rhetorical brilliance of the poetry that is considered Evans begins with an analysis of the important speeches of Romeo and Juliet and defines the controlling devices Shakespeare wove into them especially oxymoron He then follows with a discussion of the role of Friar Laurence whom the author finds is a catalyst between the warring houses and between the lovers and the outer world of Verona Evans concludes with an examination of Mercutio s famous Queen Mab speech which he points out has an integral relationship to the structure of the tragedy as a whole An analysis of the rhetorical devices of the play Evans believes demonstrates the thesis that the tragic effect of Romeo and Juliet is one of fulfillment with the tragedy arising from the character of the protagonists rather than from circumstance
