Native traditions throughout the world have taught that these intuitive impressions are caused by the subtle forces of the living world. These forces are known by different names: angels, nature spirits, orishas, or by the Sanskrit term *devas*, meaning the shining ones. The Deva Handbook guides us back to these keepers of earth wisdom. The author draws on native traditions from around the world, as well as modern teachings, to explore the roles, characteristics, and significance of the *devas*. You can learn to communicate with the *devas* anywhere in a backyard garden or near a tree in a city park. This illustrated handbook offers practical tools, including visualizations, prayers, and offerings, that will help you to get in touch with the power spots of nature and receive their healing energy.      New Healing Secrets of Angels and Herbs Jennifer Bailey, 2013-04-03 Do you feel out of focus?
