Early Interracial Oneness Pentecostalism Talmadge L. French,2014-07-02 Early Interracial Oneness Pentecostalism is a look at what is perhaps the least known chapter in the history of American Pentecostalism The study of the first thirty years of Oneness Pentecostalism 1901-31 is especially relevant due to its unparalleled interracial commitment to an all flesh all people counter cultural Pentecost This in depth study details the lives of its earliest primary architects including G T Haywood R C Lawson J J Frazee and E W Doak and the emergence of Oneness Pentecostalism and its flagship organization Pentecostal Assemblies of the World This is a one of a kind history of Pentecostalism through the lens of the Jesus Name movement and the interracial struggles of the period interlinking the significance of Charles Parham William Seymour and the Azusa Street revival COGIC the newly formed Assemblies of God and dozens of the earliest Oneness organizational bodies Exploration of the significance of the role of African American Indianapolis leader G T Haywood is central as are the development of the movement s key centers in the United States and the ultimate loss of interracial unity after more than thirty years These crucial events marked indelibly the U S the global missionary and the autochthonous expansion of Oneness Pentecostalism worldwide **Blood Cries Out** A. J. Swoboda,2014-11-11 John McConnell Jr was the famed founder and visionary of Earth Day McConnell s vision was one of creating a day of remembrance solitude and action to restore the broken human relationship to the land Little acknowledged are McConnell s religious convictions or background McConnell grew up in a Pentecostal home In fact McConnell s parents were both founding charter members of the Assemblies of God in 1914 His own grandfather had an even greater connection to the origins of Pentecostalism by being a personal participant at the Azusa Street Revival in Los Angeles in 1906 Earth Day thus began with strong religious convictions McConnell seeing the ecological demise through his religious background envisioned a day where Christians could show the power of prayer the validity of their charity and their practical concern for Earth s life and people In the spirit of McConnell today s Pentecostal

Since the Second World War more than 1 000 black independent congregations in around 300 different organizations have sprung up all over Britain The immigration of Afro Caribbeans and West Africans has led to the emergence and growth of many churches which flourish in the cities and attract a growing number of members They now play an increasingly active role in the social and ecumenical life of the nation which is reflected in cooperation with the New Instrument of the British churches They comprise a rich diversity of theological traditions and cultural inheritance some in an interesting blend some in a struggle with white elements Existence and growth of these communities have often been explained by factors inherent in British society such as social deprivation and English racism The book attempts to prove that as much these factors are a reality they do not account for the dynamics of the movement its proliferation and stability Rather these congregations are carried by strong cultural and theological forces which molded the spiritual experience of the African diaspora They carry a living faith sound contextual theologies and a form of organization which presents a model for other ethnic minorities
