Harding,2018-10-30 The chakras represent a system of belief that is related to the practice of yoga and the principles of Ayurveda from India The chakras are not physical structures that you can see with your eyes they are an energy map that overlays the physical structure of the spine Presenting the chakras as an energy map allows them to be explained in simple terms there are ways to apply the map differently by using images visualizations activities and healing practices so that the different energy levels can be experienced For example you may get persistent throat infections or keep losing your voice or you might be feeling unable to say what you really feel these are signs that the throat chakra is underperforming and needs more energy This book can provide ways to explore unblock and re energize the different chakras      **The Human Energy Field — Chakras** Cathy Chapman, Chakras spin take in energy and release energy They react to what happens in your life They react to your thoughts and emotions They react to the actions you take You might have a thought that goes through your mind such as Oh how terrible that I forgot this Your third chakra reacts to that You might have a thought that says I wish I had said this or done that Your second chakra reacts to that Focused intention occurs when you are in your heart source You might think you only focus intention with your mind but when you are in your heart source your chakras align From your heart source you connect with the heart chakra and the third eye through that beam of energy because that beam of energy goes all the way up and all the way down all your chakras connect Your chakras work to keep you in balance as you perform your intention The beam of energy activates all the chakras so that they come into alignment and balance with each other If you have a thought while you re in your heart source let s say you think about what happened yesterday and how you re going to handle things in the future that energy moves throughout your chakras up and down your pranic tube They come into balance The heart source keeps all your chakras in balance Take what you need from this book and use it to facilitate healing for yourself and for others However you use this information do it from your heart
