Enterprise And Human Resource Development Local Capacity Building:

Enterprise and Human Resource Development Robert J Bennett, Andrew McCoshan, 1993-01-28 This book examines Britain's main education enterprise and training systems Detailed studies of national programmes and local areas illustrate the local detail of a broader national picture The central argument is that a major learning process is required to develop more powerful business led local institutions beyond the One Stop Shop if Britain is successfully to answer the challenges of the 21st century This book is not only the first full examination of past and present initiatives it also suggests means to help achieve the sustained changes required in the future across the complete field of education training and enterprise *Local and Regional Development* Andy Pike, Andrés Rodríguez-Pose, John Tomaney, 2016-07-15 Actors and institutions in localities and regions across the world are seeking prosperity and well being amidst tumultuous and disruptive shifts and transitions generated by an increasingly globalised knowledge intensive capitalism global financial instability volatility and crisis concerns about economic social and ecological sustainability climate change and resource shortages new multi actor and multi level systems of government and governance and a re ordering of the international political economy state austerity and retrenchment and new and reformed approaches to intervention policy and institutions for local and regional development *Local and Regional Development* provides an accessible critical and integrated examination of local and regional development theory institutions and policy in this changing context Amidst its rising importance the book addresses the fundamental issues of what kind of local and regional development and for whom its purposes principles and values frameworks of understanding approaches and interventions and integrated approaches to local and regional development throughout the world The approach provides a theoretically informed critical analysis of contemporary local and regional development in an international and multi disciplinary context grounded in concrete empirical analysis from experiences in the global North and South It concludes by identifying what might constitute holistic inclusive progressive and sustainable local and regional development and reflecting upon its limits and political renewal Government, SMEs and Entrepreneurship Development Robert A. Blackburn, 2016-04-22 Recent decades have seen substantial growth in the range of assistance programmes for SMEs and entrepreneurs across the world Once regarded as peripheral to the economy and public policy the role of small firms and of entrepreneurship is now recognized as of key importance in the economic growth and development strategies of many nations The range of interventions and support focused on promoting SMEs and entrepreneurship is substantial and expanding so *Government SMEs and Entrepreneurship Development* asks what are some of the main policy instruments being used and how effective are they It considers policies in different countries examines key interventions and tools used to promote entrepreneurship and SME development and concludes with contributions on how to best evaluate their effectiveness The contributor chapters by academics and practitioners from businesses enterprise development agencies and governments are empirical or evidence based and use both quantitative and qualitative

approaches Drawing on experience from a wide range of both developed and emerging countries and economies the contributions focus on the broad strategies that different governments and communities have adopted to foster entrepreneurship and SMEs the policy tools and instruments that can be used to promote small business and entrepreneurship and on the outcomes of policy instruments and the methods used to evaluate interventions Their findings will help researchers policy makers economic development officers civil servants elected officials and business associations to better understand the issues in this important field *Tourism and Regional Development* Maria Giaoutzi, 2017-05-15

Tourist visits used to be a less common activity in the past However more people than ever now make leisure trips making this an era of mass tourism This drastic change in spatial behaviour is not only caused by economic prosperity but the scale of this phenomenon means that it is able to generate economic growth making tourism a key factor in regional development policy One of the main challenges of current regional policy is to market the attractiveness of an area thereby increasing tourist visits and subsequent revenue In particular regions are attempting this through the use of Information and Communication Technologies ICT which offer information on interesting places and efficient methods for organizing and booking trips This book examines the interconnections between tourism ICT and regional development Bringing together a range of European case studies illustrating various ICT and policy innovations it not only critiques current activity by regions in terms of tourism development but also considers how this sector is likely to continue to grow *Governance, Institutional Change and Regional Development* Mike Danson, Henrick Halkier, Greta Cameron, 2024-11-01 This title was first published in 2000 This volume addresses the prominent role given to institution building institutional change and governance in the regional development strategies and policies The establishment of the Scottish Parliament Welsh and Northern Ireland Assemblies and the arrival of regional development agencies in England highlighted the need to put the initiatives into some context drawing on experience from across Europe on the critical factors in the determination of the potential and success of regions Central to the discussions presented here by a group of European experts are the question of governance how does an ongoing process of institution building affect the ways in which regions and localities are governed including questions of democracy participation regional self determination public private partnerships networks and accountability and the consequences of new modes of governance and institutional change for regional development strategies and policies particularly in the context of large scale industrial restructuring and city region and urban regeneration **Handbook of Research on Sub-National Governance and Development** Schoburgh, Eris, Ryan, Roberta, 2016-11-30 Effective governance is a crucial aspect of all modern nations Through various collaborative efforts and processes nations can enhance their current governance systems The Handbook of Research on Sub National Governance and Development is a pivotal reference source for the latest scholarly material on the intersection between local and national politics analyzing how this relationship affects nations economy and administration Highlighting theoretical foundations and real world applications this

book is ideally designed for professionals academics students and practitioners actively involved in the fields of public policy and governance

Territorial Policy and Governance Iain Deas, Stephen Hincks, 2017-02-24 In response to both policy and conceptual debates alternative narratives have begun to emerge about territorial governance and policymaking As local and regional policy actors strive to respond to the geographically uneven effects of the economic crises of the early twenty first century a crucial question emerges what are the opportunities and challenges presented by alternative forms of territorially based governance and policy The aim of this edited volume therefore is critically to explore the opportunities and challenges presented by different forms of territorial policy and governance Drawing on conceptual debates and empirical research from the United Kingdom and other international contexts the contributors engage with issues around the politics and governance of territorial development economic development planning and regeneration and the environment Territorial Policy and Governance addresses the question of how alternative forms of territorial governance and policy can help to shape patterns of urban and regional development highlighting the related opportunities constraints and challenges that confront their operationalisation This book will be essential reading for international audiences with an interest in territorial development governance politics human geography and planning and regeneration
