Hisrich, Michael P. Peters, 1992 **International Entrepreneurship** Robert D. Hisrich, 2010 Combining robust narrative with a wide variety of interesting cases, *International Entrepreneurship Starting Developing and Managing a Global Venture* focuses on the need for every entrepreneur to at least consider entering the global market in today's hypercompetitive world. As an ever growing number of countries become market oriented and developed, the distinction between foreign and domestic markets is becoming less pronounced and entrepreneurs increasingly need to develop skills to identify opportunities and then manage these opportunities on a global basis. *International Entrepreneurship* is an ideal resource for students, professors, government officials and practitioners throughout the world who are interested in this vital growing area. **Key Features** Includes chapter opening international scenarios that feature a global entrepreneur or a global entrepreneurial venture to set the scene for the issues that follow. Demonstrates global entrepreneurial issues through real life cases from countries throughout the world. Draws content from a wide variety of disciplines including anthropology, economics, geography, history, jurisprudence and language. Includes chapter ending class exercises, discussion questions and suggestions for additional reading to provide readers with hands on learning opportunities and avenues for future research. **Helpful Teaching Ancillaries** Instructor Resources are available on a password protected website at <http://www.sagepub.com/hisrichinstr>. These resources include chapter outlines, end of chapter discussions, chapter exercises and teaching notes. *International Entrepreneurship* is appropriate as a core text for courses such as Global Entrepreneurship or International Entrepreneurship or as a supplement in upper level undergraduate and MBA courses in Entrepreneurship, New Venture Management and Entrepreneurship Strategy. In addition, it can be used as an ancillary text in International Business and International Management courses. *Entrepreneurship* Robert D. Hisrich, 1998 **Entrepreneurship** Robert D.
