File 23 The Shocking Truth About Canada:

The False Traitor Albert Raimundo Braz, 2003-01-01 The nineteenth century M tis politician and mystic Louis Riel has emerged as one of the most popular and elusive figures in Canadian culture Since his hanging for treason in 1885 the self declared David of the New World has been depicted variously as a traitor to Confederation a French Canadian and Catholic martyr a bloodthirsty rebel a pan American liberator a pawn of shadowy white forces a Prairie political maverick a First Nations hero an alienated intellectual a victim of Western industrial progress and even a Father of Confederation Albert Braz synthesizes the available material by and about Riel including film sculpture and cartoons as well as literature in French and English and analyzes how an historical figure could be portrayed in such contradictory ways In light of the fact that most aesthetic representations of Riel bear little resemblance not only to one another but also to their purported model Braz suggests that they reveal less about Riel than they do about their authors and the society to which they belong The most comprehensive treatment of the representations of Louis Riel in Canadian literature *The False Traitor* will be a seminal work in the study of this popular Canadian figure **Quill & Quire** ,1986 **Canadiana** ,1987 *The Journal of Commonwealth Literature* ,1986 One number each year includes Annual bibliography of Commonwealth literature **The Bumper Book** John Metcalf,1986 When *Kicking Against the Pricks* was published in 1982 readers across Canada were angered surprised titillated and gratified Finally a major Canadian author had spoken his mind about Canadian literature and its writers and in the process had actually named names In the intervening four years hundreds of people have testified to ECW representatives at conferences and displays that *Pricks* was one of the best written most provocative books they had ever read And it was very very funny The only way to surpass *Pricks* was to encourage other disgruntled Canadian authors to contribute to a follow up volume known internally as *Pricks Two* Metcalf has solicited articles and poems from such excellent writers as Norman Snider Irving Layton Fraser Sutherland Louis Dudek John Mills Brian Fawcett and Doug Gibson Among the topics and writers covered are the Canada Council the characters in the novels of Robertson Davies Canadian nationalism Margaret Atwood s *Survival* Canadian theatre the taxman and the writer Canadian humor the problems with Canadian publishing as well as a piece by George Woodcock on how the arts councils steer the arts There is even a prescription for how to become a famous Canadian poet Find out why Most of the academics who have busied themselves with CanLit have been unsparkling Others like Robin Matthews burn with such a fierce love for tedious old verbiage that their devotion is probably better explain in psychiatric rather than literary terms Or why The English department is usually a heap of deadwood in the middle of a university Or It is only in the isolation of English Canada that Robertson Davies can preserve his sense of comfortable superiority *The Bumper Book* comes out swinging at the sacred cows of CanLit **Canadian Book Review Annual** ,1986 **New Canadian Quotations** John Robert Colombo,1987 *Canadian Books in Print* ,1988 **What Comes After Occupy?** Todd A. Comer,2015-10-05 Occupy Wall Street as centered in New York City received

much publicity Little attention however has been granted to the hundreds of Occupy groups in marginal locations whose creative politics were certainly not limited by the influential example of Occupy in Zuccotti Park This volume rectifies this oversight with thirteen essays critically addressing the politics of occupation in places such as Indiana Oregon Texas Ohio Pennsylvania Montana and California It initiates an interdisciplinary and critical discussion concerned with the importance of the local to contemporary politics the evolution of Occupy Wall Street tactics as they changed to fit differing non spectacular contexts and what worked or did not work politically in various contexts All of the above is designed to inform and improve that as of yet unnamed movement which will come after Occupy Boasting scholars from sociology English anthropology peace studies and history the volume is divided into three major sections Occupying the Local Promise and Predicament Occupying Space and Borders South East and West and Occupying the Media Local Regional and National Dilemmas

Book Review Digest ,1986 Whose National Security? Gary Kinsman,Dieter K. Buse,Mercedes Steedman,2000-10-01 Would you believe that RCMP operatives used to spy on Tupperware parties In the 1950s and 60s they did They also monitored high school students gays and lesbians trade unionists left wing political groups feminists consumer s associations Black activists First Nations people and Quebec sovereigntists The establishment of a tenacious Canadian security state came as no accident On the contrary the highest levels of government and the police along with non governmental interests and institutions were involved in a concerted campaign The security state grouped ordinary Canadians into dozens of political stereotypes and labelled them as threats Whose National Security probes the security state s ideologies and hidden agendas and sheds light on threats to democracy that persist to the present day The contributors varied approaches open up avenues for reconceptualizing the nature of spying **The Imperial Curriculum** J. Mangan,2012-05-04 This volume presents the first comparative analysis of racial attitudes in the formal schooling of both Britain and its former dominions and colonies The various contributions examine the issue right across the British imperial experience with case studies ranging from Canada Ireland East and South Africa through the Indian subcontinent to Australia and New Zealand Racial indoctrination is considered from the perspective of both colonizer and colonized The central theme throughout is that a racial hierarchy was taught through both curriculum and text in schools throughout the former British Empire

Astrobiology Octavio A. Chon Torres,Ted Peters,Joseph Seckbach,Richard Gordon,2021-10-12 ASTROBIOLOGY This unique book advances the frontier discussion of a wide spectrum of astrobiological issues on scientific advances space ethics social impact religious meaning and public policy formulation Astrobiology is an exploding discipline in which not only the natural sciences but also the social sciences and humanities converge Astrobiology Science Ethics and Public Policy is a multidisciplinary book that presents different perspectives and points of view by its contributing specialists Epistemological moral and political issues arising from astrobiology convey the complexity of challenges posed by the search for life elsewhere in the universe We ask if a convoy of colonists from Earth make the trip to Mars should their genomes be edited to

adapt to the Red Planet's environment If scientists discover a biosphere with microbial life within our solar system will it possess intrinsic value or merely utilitarian value If astronomers discover an intelligent civilization on an exoplanet elsewhere in the Milky Way what would be humanity's moral responsibility to protect Earth from an existential threat To treat other intelligences with dignity To exploit through interstellar commerce To conquer Audience The book will attract readers from a wide range of interests including astronomers astrobiologists chemists biologists space engineers ethicists theologians and philosophers

File 23 Orland French,1985 *War Brides* Melynda Jarratt,2009-05-25 For thousands of young British girls the influx of Canadian soldiers conscripted to Britain during the Second World War meant throngs of handsome young men The result was over 48 000 marriages to Canadian soldiers alone and a mass emigration of British women to North America and around the world in the 1940 s For many brides the decision to leave their family and home to move to a country thousands of miles away with a man they hardly knew brought forth ensuing happiness For others the outcome was much different and the darker side of the story reveals the infidelity domestic violence poverty alcoholism and divorce that many lived through *War Brides* draws on original archival documents personal correspondence and key first hand accounts to tell the amazing story of the *War Brides* in their own words and shows the love passion tragedy and spirit of adventure of thousand of British women

Solidarity Beyond Bars Jordan House,Asaf Rashid,2022-11-15T00:00:00Z Prisons don't work but prisoners do Prisons are often critiqued as unjust but we hear little about the daily labour of incarcerated workers what they do how they do it who they do it for and under which conditions Unions protect workers fighting for better pay and against discrimination and occupational health and safety concerns but prisoners are denied this protection despite being the lowest paid workers with the least choice in what they do the most vulnerable among the working class Starting from the perspective that work during imprisonment is not rehabilitative this book examines the reasons why people should care about prison labour and how prisoners have struggled to organize for labour power in the past Unionizing incarcerated workers is critical for both the labour movement and struggles for prison justice this book argues to negotiate changes to working conditions as well as the power dynamics within prisons themselves

Both Hands Sandra Campbell,2013-05-01 Editor and publisher workaholic and romantic idealist and pioneer Lorne Pierce once described his editorial desk as an altar at which I serve the entire cultural life of Canada Pierce laboured at his altar between 1920 and 1960 as the driving force behind Ryerson Press the leading publisher of Canadian works during the mid twentieth century In *Both Hands* Sandra Campbell captures the inimitable cultural role of a remarkable man whose work paved the way for the creation of a national identity *Both Hands* delves into the encounters trials and triumphs that inspired Pierce's vision of cultural nationalism from his rural upbringing in eastern Ontario to the philosophical ideals he acquired at Queen's University to his service as a teacher a Methodist preacher and a military man during the First World War All these experiences coalesced in his work at Ryerson Press then Canada's largest publishing house even as he battled lupus and

deafness to make his mark on the country's literary scene Campbell situates this unflinching look into Pierce's personal and public life within the context of Canadian society detailing his relationships with major figures such as the Group of Seven Harold Innis Donald Creighton E J Pratt the modernist Montreal poets Northrop Frye and many others Set against the rich backdrop of Canada's early literary and artistic heritage *Both Hands* vividly presents the life and work of an impresario of literary historical and art publishing of indisputable influence throughout the country's cultural milieu **Scholars, Missionaries, and Counter-Imperialists** Andrew C. Holman, Brian Payne, 2022-03-14 For more than half a century the field of Canadian Studies has attracted North American scholars of the highest caliber to examine Canada its distinctive social makeup its fascinating colonial and postcolonial history its intriguing literature its political structure and its changing place in the world *Scholars, Missionaries, and Counter-Imperialists* The American Review of Canadian Studies 1971-2021 traces the birth and growth of that field by reproducing 15 exemplary articles published in the pages of that journal from its establishment until the present day For five decades the American Review of Canadian Studies ARCS acted as a bellwether for the field revealing its strengths projecting new directions and inquiries and reflecting the changing topics and methods that scholars used to study Canada This book captures the history of that field in one robust volume Carefully selected by the co editors of ARCS the chapters in this edited volume are prefaced by an introductory essay that assesses the accomplishments of the field and brief chapter introductions that place them into context **Curating Human Rights** Robin Ostow, 2024-11-25 *Curating Human Rights* conceptualizes the human rights museum as a dynamic cultural political genre that interacts with multiple social activist state and corporate stakeholders Drawing upon ethnographic and archival research on seven human rights museums in six countries Ostow examines specifically what these museums do when they set out or purport to promote human rights This includes the stories they visualize display strategies educational and other activities internal structures the way they position their visitors the parameters of the human rights they address and the politics of pleasing their multiple stakeholders The book also explores the contradictions and political and corporate pressure that contributes to foregrounding some human rights violations and ignoring or obscuring others Ostow also examines the reactions to each museum in the local and national press and by local visitors politicians donors and other stakeholders The book ends with a discussion of the success and limitations of museums for promoting human rights and policy recommendations to enhance their effectiveness *Curating Human Rights* considers whether these museums are appropriate for and effective at promoting human rights and if they address the pitfalls that have been identified *Curating Human Rights* provides new perspectives on the field of human rights education and activism and will be of interest to academics and students engaged in the study of museums human rights culture and communication **Wayfinding, Consumption, and Air Terminal Design** Menno Hubregtse, 2020-02-20 This book investigates how international air terminals organize passenger movement and generate spending It offers a new understanding of how their architecture and artworks operate

visually to guide people through the space and affect their behaviour Menno Hubregtse's research draws upon numerous airport visits and interviews with architects and planners as well as documents and articles that address these terminals development construction and renovations The book establishes the main concerns of architects with respect to wayfinding strategies and analyzes how air terminal architecture artworks and interior design contribute to the airport's operations The book will be of interest to art historians architectural historians practising architects urban planners airport specialists and geographers
