

# Film Parody

**Mark Wolf**

## **Film Parody:**

*Film Parody* Dan Harries, 2000 No Marketing Blurb      **Parody as Film Genre** Wes D. Gehring, 1999-09-30 Parody is the least appreciated of all film comedy genres and receives little serious attention even among film fans This study elevates parody to mainstream significance A historical overview places the genre in context and a number of basic parody components which better define the genre and celebrate its value are examined Parody is differentiated from satire and the two parody types traditional and reaffirmation are explained Chapters study the most spoofed genre in American parody history the Western pantheon members of American Film Comedy such as The Marx Brothers W C Fields Mae West and Laurel and Hardy pivotal parody artists Bob Hope and Woody Allen Mel Brooks whose name is often synonymous with parody and finally parody in the 1990s Films discussed include *Destry Rides Again* 1939 *The Road to Utopia* 1945 *My Favorite Brunette* 1947 *The Paleface* 1948 *Butch Cassidy and the Sundance Kid* 1969 *Blazing Saddles* 1974 *Young Frankenstein* 1974 *Hot Shots Part Deux* 1993 and *Scream* 1996 This examination of parody will appeal to scholars and students of American film and film comedy as well as those interested in the specific comedians discussed and the Western genre Gehring's work will also find a place in American pop culture studies and sociological studies of the period from the 1920s to the 1990s The book is carefully documented and includes a selected bibliography and filmography

*Film Comedy* Geoff King, 2002 Comedy is one of the most popular forms in film But what exactly is film comedy and what might be the basis of its widespread appeal This book takes a multi perspective approach to answering these questions

**American Film Cycles** Amanda Ann Klein, 2011-12-01 A series of movies that share images characters settings plots or themes film cycles have been an industrial strategy since the beginning of cinema While some have viewed them as subgenres mini genres or nascent film genres Amanda Ann Klein argues that film cycles are an entity in their own right and a subject worthy of their own study She posits that film cycles retain the marks of their historical economic and generic contexts and therefore can reveal much about the state of contemporary politics prevalent social ideologies aesthetic trends popular desires and anxieties *American Film Cycles* presents a series of case studies of successful film cycles including the melodramatic gangster films of the 1920s the 1930s *Dead End Kids* cycle the 1950s juvenile delinquent teenpic cycle and the 1990s ghetto action cycle Klein situates these films in several historical trajectories the Progressive movement of the 1910s and 1920s the beginnings of America's involvement in World War II the birth of the teenager in the 1950s and the drug and gangbanger crises of the early 1990s She shows how filmmakers audiences film reviewers advertisements and cultural discourses interact with and have an impact on the film texts Her findings illustrate the utility of the film cycle in broadening our understanding of established film genres articulating and building upon beliefs about contemporary social problems shaping and disseminating deviant subcultures and exploiting and reflecting upon racial and political upheaval

**What's So Funny?** Nancy A. Walker, 1998 Critical studies attempting to define and dissect American humor have been published steadily for nearly one hundred years

However until now key documents from that history have never been brought together in a single volume for students and scholars What s So Funny Humor in American Culture a collection of 15 essays examines the meaning of humor and attempts to pinpoint its impact on American culture and society while providing a historical overview of its progression Essays from Nancy Walker and Zita Dresner Joseph Boskin and Joseph Dorinson William Keough Roy Blount Jr and others trace the development of American humor from the colonial period to the present focusing on its relationship with ethnicity gender violence and geography An excellent reader for courses in American studies and American social and cultural history What s So Funny explores the traits of the American experience that have given rise to its humor *Kinds of American Film Comedy* Wes D. Gehring, 2024-01-30 This groundbreaking film study begins with a survey of American print humorists from eras leading up to and overlapping the advent of film including some who worked both on the page and on the screen like Robert Benchley Will Rogers Groucho Marx and W C Fields Six comic film genres are identified as outgrowths of a national tradition of Cracker Barrel philosophers personality comedy parody screwball comedy romantic comedy and dark comedy Whether it is Mark Twain or a parody film involving Steve Martin comedy is most often about blowing raspberries at the world and a reminder you are not alone **Beyond a Joke** Neil Archer, 2016-10-27 At the opening ceremony for the London 2012 Olympics a global audience of nearly one billion viewers were treated to the unprecedented sight of James Bond meeting Queen Elizabeth II Shortly after the Queen hurled herself out of a helicopter her Union Jack parachute guiding her down to the Olympic Stadium What it is about moments such as these that define both a particular idea of Britishness and a particular type of British film comedy How has British cinema exploited parody as a means of negotiating its sense of identity How does this function within a globalized marketplace and in the face of dominant Hollywood cinema *Beyond a Joke* explores the myriad ways British film culture has used forms of parody from the 1960s to the present day It provides a contextual and textual analysis of a range of works that while popular have only rarely been the subject of serious academic attention from Morecambe and Wise to Shaun of the Dead to the London 2012 Olympics opening ceremony Combining the methodologies both of film history and film theory *Beyond a Joke* locates parody within specific industrial and cultural moments while also looking in detail at the aesthetics of parody as a mode Ultimately such works are shown to be a form of culturally specific film or televisual product for exporting to the global market in which Britishness shaped in self mocking and ironic terms becomes the selling point Written in an accessible style and illustrated throughout with a diverse range of examples *Beyond a Joke* is the first book to explore parody within a specifically British context and makes an invaluable contribution to the scholarship on both British and global film culture **Cinematic TV** Rashna Wadia Richards, 2021-04-30 For decades after its invention television was considered by many to be culturally deficient when compared to cinema as analyses rooted in communication studies and the social sciences tended to focus primarily on television s negative impact on consumers More recently however denigration has largely been replaced by serious critical consideration of what television

represents in the post network era Once derided as a media wasteland TV is now praised for its visual density and complexity In the last two decades media scholars have often suggested that television has become cinematic Serial dramas in particular are acclaimed for their imitations of cinema s formally innovative and narratively challenging conventions But what exactly does cinematic TV mean In Cinematic TV author Rashna Wadia Richards takes up this question comprehensively arguing that TV dramas quote copy and appropriate primarily American cinema in multiple ways and toward multiple ends Constructing an innovative theoretical framework by combining intertextuality and memory studies Cinematic TV focuses on four modalities of intermedial borrowings homage evocation genre and parody Through close readings of such exemplary shows as Stranger Things Mad Men Damages and Dear White People the book demonstrates how serial dramas reproduce and rework undermine and idolize and in some cases compete with and outdo cinema

**Hollywood's Copyright Wars** Peter Decherney,2013-09-01 Beginning with Thomas Edison s aggressive copyright disputes and concluding with recent lawsuits against YouTube Hollywood s Copyright Wars follows the struggle of the film television and digital media industries to influence and adapt to copyright law Though much of Hollywood s engagement with the law occurs offstage in the larger theater of copyright many of Hollywood s most valued treasures from Modern Times 1936 to Star Wars 1977 cannot be fully understood without appreciating their legal controversies Peter Decherney shows that the history of intellectual property in Hollywood has not always mirrored the evolution of the law and recounts these extralegal solutions and their impact on American media and culture

**LEGO Studies** Mark Wolf,2014-11-13 Since the Automatic Binding Bricks that LEGO produced in 1949 and the LEGO System of Play that began with the release of Town Plan No 1 1955 LEGO bricks have gone on to become a global phenomenon and the favorite building toy of children as well as many an AFOL Adult Fan of LEGO LEGO has also become a medium into which a wide number of media franchises including Star Wars Harry Potter Pirates of the Caribbean Batman Superman Lord of the Rings and others have adapted their characters vehicles props and settings The LEGO Group itself has become a multimedia empire including LEGO books movies television shows video games board games comic books theme parks magazines and even MMORPGs LEGO Studies Examining the Building Blocks of a Transmedial Phenomenon is the first collection to examine LEGO as both a medium into which other franchises can be adapted and a transmedial franchise of its own Although each essay looks at a particular aspect of the LEGO phenomenon topics such as adaptation representation paratexts franchises and interactivity intersect throughout these essays proposing that the study of LEGO as a medium and a media empire is a rich vein barely touched upon in Media Studies

**The Worlds of John Wick** Caitlin G. Watt,Stephen Watt,2022-05-10 Each John Wick film has earned more money and recognition than its predecessor defying the conventional wisdom about the box office s action movie landscape normally dominated by superhero movies and science fiction epics As The Worlds of John Wickexplores the worldbuilding of John Wick offers thrills that you simply can t find anywhere else The franchise s plot combines familiar elements of the revenge thriller and crime

film with seamlessly coordinated action One of its most distinctive appeals however is the detailed and multifaceted fictional world or rather worlds it constructs The contributors to this volume consider everything from fight sequences action aesthetics and stunts to grief cinematic space and time and gender performance to map these worlds and explore how their range and depth make John Wick a hit A deep dive into this popular neo noir franchise The Worlds of John Wick celebrates and complicates the cult phenomenon that is John Wick

**Sport in Films** Emma Poulton, Martin Roderick, 2019-05-30 Sport offers everything a good story should have heroes and villains triumph and disaster achievement and despair tension and drama Consequently sport makes for a compelling film narrative and films in turn are a vivid medium for sport Yet despite its regularity as a central theme in motion pictures constructions and representations of sport and athletes have been marginalised in terms of serious analysis within the longstanding academic study of films and documentaries In this collection it is the critical study of film and its connections to sport that are examined The collection is one of the first of its kind to examine the ways in which sport has been used in films as a metaphor for other areas of social life Among the themes and issues explored by the contributors are Morality tales in which good triumphs over evil The representation and ideological framing of social identities including class gender race and nationality The representation of key issues pertinent to sport including globalization politics commodification consumerism and violence The meanings spoken by films and the various readings which audiences make of them This is a timely collection that draws together a diverse range of accessible insightful and ground breaking new essays This book was published as a special issue of Sport in Society

**The Palgrave Handbook of Music in Comedy Cinema** Emilio Audissino, Emile Wennekes, 2023-10-24 This handbook tackles the understudied relationship between music and comedy cinema by analysing the nature perception and function of music from fresh perspectives Its approach is not only multidisciplinary but also interdisciplinary in its close examination of how music and other cinematic devices interact in the creation of comedy The volume addresses gender representation national identities stylistic strategies and employs inputs from cultural studies musicology music theory psychology cognitivism semiotics formal and stylistic film analysis and psychoanalysis It is organised in four sections general introductions theoretical investigations music and comedy within national cinemas and exemplary case studies of films or authors

Writing the Comedy Movie Marc Blake, 2015-12-17 A practical guide to creating the comedy movie referencing its subgenres history and tropes along with exclusive interviews with craft practitioners

**Laughing North Koreans** Immanuel Kim, 2020-06-22 This study analyzes North Korean comedy films from the late 1960s to present day It examines the most iconic comedy films and comedians to show how North Koreans have enjoyed themselves and have established a culture of humor that challenges subverts and at times reinforces the dominant political ideology The author argues that comedy films popular comedians and the viewers have an intricate interdependent relationship that shaped the film culture the pre post production of filmmaking film watching experience and the legacies of actors in North Korea

**Genre Hybridisation**

Ivo Ritzer, Peter W. Schulze, 2016-01-28 Der Band widmet sich den vielfältigen Globalisierungsprozessen in filmischen Genrekonfigurationen. Dieser bislang erst in Ansätzen erforschte Themenkomplex wird anhand paradigmatischer Beispiele sowohl theoretisch perspektiviert als auch filmhistorisch kontextualisiert. Neben Analysen US-amerikanischer und europäischer Produktionen liegt der Fokus vor allem auch auf Filmen aus Afrika, Asien und Lateinamerika, wobei Kategorien wie nationale Kinematografien oder abgrenzbare Genremuster in den Fallbeispielen nur noch bedingt greifen. Den transnationalen Dimensionen der Filme entsprechend versammelt der Band auch Beiträge von internationalen Vertretern der Film- und Medienwissenschaft, darunter Tim Bergfelder, Oksana Bulgakowa, Dimitris Eleftheriotis, Barry Keith Grant, Lila Nagib, Ella Shohat oder Robert Stam. The volume deals with the diverse processes of globalisation in cinematic configurations of genre. Focussing on significant examples, this up to now only rudimentarily researched area is both historically analysed as well as theoretically explored. Apart from US and European productions, the volume mainly addresses films from Africa, Asia and Latin America, which render conceptions of national cinema or clearly definable genre patterns especially problematic. In accordance with the transnational dimension of the films, the volume assembles contributions of internationally renowned scholars such as Tim Bergfelder, Oksana Bulgakowa, Dimitris Eleftheriotis, Barry Keith Grant, Lila Nagib, Ella Shohat or Robert Stam.

**Military Comedy Films** Hal Erickson, 2012-08-21 Beginning with Charlie Chaplin's *Shoulder Arms* released in America near the end of World War I, the military comedy film has been one of Hollywood's most durable genres. This generously illustrated history examines over 225 Army, Navy and Marine related comedies produced between 1918 and 2009, including the abundance of laughspinners released during World War II in the wake of Abbott and Costello's phenomenally successful *Buck Privates* (1941) and the many lighthearted service films of the immediate postwar era among them *Mister Roberts* (1955) and *No Time for Sergeants* (1958). Also included are discussions of such subgenres as silent films, The General, military academy farces, *Brother Rat*, women in uniform, *Private Benjamin*, misfits making good, *Stripes*, anti-war comedies, *MASH*, and fact-based films like *The Men Who Stare at Goats*. A closing filmography is included in this richly detailed volume.

*Cassette Culture* Peter Manuel, 1993-05 In *Cassette Culture* Peter Manuel tells how a new mass medium, the portable cassette player, caused a major upheaval in popular culture in the world's second largest country. The advent of cassette technology in the 1980s transformed India's popular music industry from the virtual monopoly of a single multinational LP manufacturer to a free-for-all among hundreds of local cassette producers. The result was a revolution in the quantity, quality and variety of Indian popular music and its patterns of dissemination and consumption. Manuel shows that the cassette revolution, however, has brought new contradictions and problems to Indian culture. While inexpensive cassettes revitalized local subcultures and community values throughout the subcontinent, they were also a vehicle for regional and political factionalism, new forms of commercial vulgarity and, disturbingly, the most provocative sorts of hate mongering and religious chauvinism. *Cassette Culture* is the first scholarly account of Indian popular music and the first case study of a technological

revolution now occurring throughout the world It will be an essential resource for anyone interested in modern India communications theory world popular music or contemporary global culture      Genre and Television Jason Mittell,2013-05-13 Genre and Television proposes a new understanding of television genres as cultural categories offering a set of in depth historical and critical examinations to explore five key aspects of television genre history industry audience text and genre mixing Drawing on well known television programs from Dragnet to The Simpsons this book provides a new model of genre historiography and illustrates how genres are at work within nearly every facet of television from policy decisions to production techniques to audience practices Ultimately the book argues that through analyzing how television genre operates as a cultural practice we can better comprehend how television actively shapes our social world      The Last Laugh Murray Pomerance,2013-05-15 For scholars of film and readers who love cinema these essays will be rich and playful inspiration

If you ally need such a referred **Film Parody** ebook that will present you worth, acquire the very best seller from us currently from several preferred authors. If you want to entertaining books, lots of novels, tale, jokes, and more fictions collections are after that launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every books collections Film Parody that we will categorically offer. It is not on the costs. Its more or less what you infatuation currently. This Film Parody, as one of the most enthusiastic sellers here will extremely be among the best options to review.
