The Films of Charles & Ray Eames Charles; Eames Eames (Ray),1990 **Doug Pratt's DVD** Douglas Pratt,2004-10 The ultimate guide to DVD by the world's leading authority on the medium **10 Buildings That Changed America** Dan Protesse,2013-05-14 10 Buildings that Changed America tells the stories of ten influential works of architecture the people who imagined them and the way these landmarks ushered in innovative cultural shifts throughout our society The book takes readers on a journey across the country and inside these groundbreaking works of art and engineering The buildings featured are remarkable not only for aesthetic and structural reasons but also because their creators instilled in them a sense of purpose and personality that became reflected in an overarching sense the American identity Edited by the staff of WTTW the Chicago PBS affiliate that is the most watched public television station in the country 10 Buildings will be released alongside the national broadcast of an hour long special by the same name This television event will be promoted over digital media on ground events and educational initiatives in schools and the book will be a significant component to all of these elements 10 Buildings retells the shocking funny and even sad stories of how these buildings came to be It offers a peek inside the imaginations of ten daring architects who set out to change the way we live work and play From American architectural stalwarts like Louis Sullivan and Frank Lloyd Wright to modern revolutionaries like Frank Gehry and Robert Venturi this book examines the most prominent buildings designed by the most noteworthy architects of our time Also profiled are Americans less noted for their architectural acumen but no less significant for their contributions to the field Thomas Jefferson a self taught architect is profiled for designing the iconic Virginia State Capitol Taking its inspiration from ancient Rome America's first major public building forged a philosophical link between America and the world's earliest democracies Similarly Henry Ford employed Albert Kahn to design a state of the art innovative factory for Ford's groundbreaking assembly line Reinforced concrete supported massive open rooms without any interior dividing walls which yields the uninterrupted space that was essential for Ford's sprawling continuous production setups What's more Kahn considered the needs of workers by including astonishingly modern large windows and louvers for fresh air The design of each of these ten buildings was completely monumental and prodigious in its time because of the architect's stylistic or functional innovations Each was also highly influential inspiring a generation or more of architects who in turn made a lasting impact on the American landscape We see the legacy of architects like Mies van der Rohe or H H Richardson all around us in the homes where we live the offices where we work our public buildings and our houses of worship All have been shaped in one way or another by a handful of imaginative audacious and sometimes even arrogant individuals throughout history whose bold ideas have been copied far and wide 10 Buildings is the ideal collection to detail the flashes of inspiration from these architects who dared to strike out on their own and design radical new types of buildings that permanently altered our environmental and cultural landscape **Charles and Ray Eames** Naomi Stungo,2000 Charles

and Ray Eames were a highly influential couple whose work included classic pieces of furniture and architecture during the 1940s and 1950s An essay and an illustrated appreciation of their life and work are included in this text **Beautiful Data** Orit Halpern,2015-02-20 Beautiful Data is both a history of big data and interactivity and a sophisticated meditation on ideas about vision and cognition in the second half of the twentieth century Contending that our forms of attention observation and truth are contingent and contested Orit Halpern historicizes the ways that we are trained and train ourselves to observe and analyze the world Tracing the postwar impact of cybernetics and the communication sciences on the social and human sciences design arts and urban planning she finds a radical shift in attitudes toward recording and displaying information These changed attitudes produced what she calls communicative objectivity new forms of observation rationality and economy based on the management and analysis of data Halpern complicates assumptions about the value of data and visualization arguing that changes in how we manage and train perception and define reason and intelligence are also transformations in governmentality She also challenges the paradoxical belief that we are experiencing a crisis of attention caused by digital media a crisis that can be resolved only through intensified media consumption **The DVD-laser Disc Newsletter** ,2001 **Imaginary Futures** Richard Barbrook,2007-04-20 Leading scholars discuss ideology and hotly contested post structuralist theory Video Rating Guide for Libraries ,1995 **The Video Source Book** David J.
