

Last Love

O, how in our waning days
We love more tenderly and more obsessively. . .
Shine on, shine on, the parting rays
Of our last love, our setting sun!
Shadow's embraced the heavens,
A glow still wanders in the West,-
Hold back, hold back, o dying day,
Prolong, prolong enchantment.
The blood may thin within our veins,

But in our hearts some tenderness still reigns. . .
O you, our final love!
You are both paradise and bane.

individual genius creativity the emotions rationality and the mind in extreme states or disorder ideas that have been pervasive in modern popular culture More specifically the book tells the story of the initial growth and wider dissemination of the idea of the Romantic mad poet in the nineteenth century how and why this idea became so popular and how it interacted with the very different fortunes in reception and reputation of Romantic poets their poetry and attacks on or defences of Romanticism as a cultural trend generally again leaving a popular legacy that endured into the twentieth century Material covered includes nineteenth century journalism early literary criticism biography medical and psychiatric literature and poetry A wide range of scientific and pseudoscientific thinkers are discussed alongside major Romantic authors including Wordsworth Coleridge Blake Hazlitt Lamb Percy Bysshe Shelley Keats Byron and John Clare Using this array of sources and figures the book asks was the Romantic mad genius just a sentimental stereotype or a romantic myth Or does its long popularity tell us something serious about Romanticism and the role it has played or has been given in modern culture

Selected Poems: Keats John Keats, 2007-04-26 Over the course of his short life John Keats 1795-1821 honed a raw talent into a brilliant poetic maturity By the end of his brief career he had written poems of such beauty imagination and generosity of spirit that he had unwittingly fulfilled his wish that he should be among the English poets after my death This wide ranging selection of Keats's poetry contains youthful verse such as his earliest known poem Imitation of Spenser poems from his celebrated collection of 1820 including Lamia Isabella The Eve of St Agnes Ode to a Nightingale and Hyperion and later celebrated works such as La Belle Dame sans Merci Also included are many poems considered by Keats to be lesser work but

which illustrate his more earthy playful side and superb ear for everyday language

Romantic Presences in the Twentieth Century Mark Sandy, 2016-04-08 Concerned with the intermingled thematic and formal preoccupations of Romantic thought and literary practice in works by twentieth century British Irish and American artists this collection examines the complicated legacy of Romanticism in twentieth century novels poetry and film Even as key twentieth century cultural movements have tried to subvert or debunk Romantic narratives of redemptive nature individualism perfectibility and the transcendence of art the forms and modes of feeling associated with the Romantic period continue to exert a signal influence on the modern moment both as a source of tension and as creative stimulus As the essays here show the exact meaning of the Romantic bequest may be bitterly contested but it has been difficult to leave behind The contributors take up a wide range of authors including Virginia Woolf F Scott Fitzgerald W H Auden Doris Lessing Seamus Heaney Hart Crane William Faulkner Don DeLillo and Jonathan Franzen What emerges from this lively volume is a fuller picture of the persistence and variety of the Romantic period's influence on the twentieth century

Apocalypse and Millennium in English Romantic Poetry Morton D. Paley, 1999-10-07 The interrelationship of the ideas of apocalypse and millennium is a dominant concern of British Romanticism The Book of Revelation provides a model of history in which apocalypse is followed by millennium but in their various ways the major Romantic poets Blake Wordsworth Coleridge Byron Keats and Shelley question and even at times undermine the possibility of a successful secularization of this model No matter how confidently the sequence of apocalypse and millennium seems to be affirmed in some of the major works of the period the issue is always in doubt the fear that millennium may not ensue emerges as a significant if often repressed theme in the great works of the period Related to it is the tension in Romantic poetry between conflicting models of history itself history as teleology developing towards end time and millennium and history as purposeless cycle This subject matter is traced through a selection of works by the major poets partly through an exposition of their underlying intellectual traditions and partly through a close examination of the poems themselves

The romantic movement in English poetry, effects of the French revolution William John Courthope, 1926

Sydney Goodsir Smith, Poet, 2020-03-09 Sydney Goodsir Smith Poet Essays on His Life and Work offers the first substantial work to assess his life and writings since his premature death in 1975 Considered a major figure in the second wave of Hugh MacDiarmid's Scottish Literary Renaissance Smith's unique body of work has largely fallen from critical discussion of post war Scottish literature This book remedies this by showing how his work may have fallen out of favour and then by reappraising his distinctive and varied achievements in poetry drama art and art criticism the novel and translations Early career and established academics explore the many strands of his work as the best way of giving this multifaceted literary figure renewed attention
