James Philip

George Washington's Ghost:

George Washington's Ghost, 1994 Celinda the smallest member of a traveling family of puppeteers is determined to find an important part to play when the troupe sets out to earn a living in the early days of the new United States George Washington's Ghost James Philip, 2020-02-18 Conventional wisdom is that if the Crown Colonies of the Commonwealth of New England ever unite in common purpose then the Empire might fall That this might happen at the very moment that century old post war settlement of the Treaty of Paris is threatening to fall apart had been the unimaginable nightmare of generations of European monarchs politicians diplomats and generals The unthinkable is happening Mexican troops are advancing through the South Western borderlands of New England nothing can stop them At sea the supposedly invincible Royal Navy has been driven from the Caribbean and the Gulf of Spain The handful of survivors of HMS Achilles are trapped in enemy territory The three brothers unwittingly caught up in the events of Empire Day 1976 are swept along by the tide of events while news of Melody Danson and Henrietta De L Isle s adventures in Spain momentarily distract a bewildered and increasingly uneasy public in the old and the new worlds In apparent disarray in the Americas at home in England the Government is attempting to navigate the fallout from the death of the Kaiser distracted from the problems across the Atlantic And then secrets more explosive than any of the weapons deployed in the war threatening to change the map of New England burst in the midst of the crisis In a world threatening to dissolve into chaos who can step from the shadows to save the day Ghosts of the White House Cheryl Harness, 1999 George Washington s ghost pulls a girl out of her school White House tour and takes her on a personal tour of the building introducing her to the ghosts of previous presidents and to the history of the White House and of the United States **The Complete Idiot's Guide to Ghosts and Hauntings** Tom Ogden, 1999 You re no idiot of course You know Casper was a friendly ghost and that the Phantom Hitchhiker is someone you d rather not meet on a deserted highway late at night But when it comes to knowing the authentic roots of ghost stories and which ones remain unexplained to this day you don t stand a ghost of a chance Don t get spirited away yet The Complete Idiot s Guide to Ghosts and Hauntings is an eerie investigation into the firsthand accounts legends literature and dramatic works surrounding the world of ghosts In this Complete Idiot s Guide you get **George Washington on Screen** Leigh Ehlers Telotte, 2023-07-18 One of the most moving narratives from the American Revolution is the first presidential administration and the many precedents set by George Washington While media historians have extensively analyzed screen portrayals of the more sensational events of America in the 1750s to the 1790s far less attention has been paid to portrayals of the first presidency and the character of George Washington in film television and other formats This book addresses that gap by providing the most comprehensive analysis of the character of George Washington on screen Divided into two parts the book begins with an analysis of how the Washington character has evolved through time and screen media from early silent films to modern multimedia products In Part II a filmography documents each piece of screen media that features a

representation of Washington It includes silent films theatrical films cartoons television and screen media from the 21st century such as streaming video games and multimedia presentations Arranged alphabetically each entry includes format type production details crew and cast lists and a brief description of Washington s character in relation to the plot

George Washington and Political Fatherhood Heinz Tschachler,2020-02-20 More than two hundred years after his death George Washington is still often considered the metaphorical father of the United States He was first known as the Father of His Country during his lifetime when the American people bestowed the title upon him as a symbolic act of resistance and rebirth Since then presidents have stood as paternal figureheads for America often serving as moral beacons This book tracks political fatherhood throughout world history from the idea of the pater patriae in Roman antiquity to Martin Luther s Bible translations and beyond Often using George Washington as a paradigm the author explores presidential iconography in the U S propaganda and the role of paternal rhetoric in shaping American sociopolitical history including the results of the 2016 presidential election

Ghosts of Presidents Past - A Reckoning James Mikel Wilson,2020-10-26 Ghosts of Presidents Past A Reckoning serves as a metaphor for the chaos in American politics from 2015 2020 The work combines historical fiction with political parody and humor Normally we don t see ghosts and phantoms except on Halloween when trick or treaters knock on front doors If Halloween in government existed how might twenty three former US presidents beginning with George Washington respond to the siren call to visit a president who ignores the Constitution and suppresses and manipulates information for political gain What if that president disrespected his obligations to the Nation s revered institutions and the American public What if he lacked moral fiber and used the office for personal gain What if he had attained the highest office in the land through unscrupulous means What if his ego drove him to manipulate the truth to enhance his image What if he bullied his opponents and called them sophomoric names What if he alienated friends and stalwart allies What if that president disrespected his obligations to the Nation s revered institutions and the American public What if he lacked moral fiber and used the office for personal gain What if he had attained the highest office in the land through unscrupulous means What if his ego drove him to manipulate the truth to enhance his image What if he bullied his

opponents and called them sophomoric names What if he alienated friends and stalwart allies In *Ghosts of Presidents Past* President Daniel Hands violates the public trust He desecrates the Oval Office so egregiously that past occupants return to confront him What could they say to POTUS that might reform him During their journey each shares some relevant success and regrets while in office *Ghosts of Presidents Past A Reckoning* encapsulates many of the more shocking public utterances and events over the last several years where each new one often eclipses its predecessor *Ghosts* will entertain readers who enjoy presidential history The visiting presidents bring some surprises and share some little known or forgotten moments in their lives The book will speak primarily to moderate Republicans Democrats and Independents Charles Dickens's *A Christmas Carol* provided the inspiration for this book And like his work it is political satire and a statement of the times The author is a Proud Supporter of NPR and PBS Houston Public Media stations Readers can follow the author on www.jamesmikelwilson.com Instagram and The Authors Guild
