**John Herbert Slater, William Roberta, F.  
Partridge**

### **Johann Sebastian Bach His Work 3vol:**

Johann Sebastian Bach, His Work and Influence on the Music of Germany, 1685-1750 Philipp Spitta, 1885      Johann Sebastian Bach, his work and influence on the music of Germany, tr. by C. Bell and J.A. Fuller-Maitland Julius August Philipp Spitta, 1885      The Worlds of Johann Sebastian Bach Raymond Erickson, 2009

Amadeus The Worlds of J S Bach offers both traditional and new perspectives on the life and work of the man who is arguably the central figure in the Western musical tradition It appears at a time when because of the fall of the Iron Curtain extraordinary new discoveries are being made about Bach and his family at an increasing rate thus this book is able to incorporate important information and images not available even in the recent anniversary year of 2000 After making the case for the universality of Bach s art as an epitome of Western civilization The Worlds of J S Bach considers in broad terms the composer s social political and artistic environment its influence on him and his interaction with it Renowned specialists in history religion architecture literature theater and dance offer the perspectives of these disciplines as they relate to Bach s milieu while leading Bach specialists from both the U S and Germany focus on the man himself The book is an outgrowth of the celebrated Boston Globe multidisciplinary Academies sponsored by the Aston Magna Foundation for Music and the Humanities with support from the National Endowment for the Humanities

**Johann Sebastian Bach** Philipp Spitta, 1992-01-01 This monumental study of Johann Sebastian Bach ranks among the great classics of musicology Since its first publication in 1873 80 it has remained the basic work on Bach and the foundation of later research and study The three part treatment describes in chronological sequence practically everything that is known of the composer s life his ancestry his immediate family his associations his employers and the countless occasions on which his musical genius emerged Author Philipp Spitta accompanies this biographical material with quotations from primary sources correspondence family records diaries official documents and more In addition to biographical data Spitta reviews Bach s musical production with analyses of more than 500 pieces covering all the important works More than 450 musical excerpts are included in the main text and a 43 page musical supplement illustrates longer passages Despite the scholarly nature of this work it also has the rare distinction of being a study that can be read with considerable enjoyment and great profit by every serious music lover with or without a substantial background in the history of music or musical theory

Johann Sebastian Bach, His Work and Influence on the Music of Germany, 1685-1750 Philipp Spitta, 1899      **Johann Sebastian Bach** Johann Nikolaus Forkel, 1920      **Johann Sebastian Bach** Karl Geiringer, Irene Geiringer, 2024-11-01 When it was originally published in 1967 this study of J S Bach was the first important work on the composer in nearly a generation The many discoveries about Bach s life and music that occurred in the postwar years created the need for a new interpretative study incorporating this research and this was the only book which incorporated the vast amount of material uncovered since 1950 the bicentennial of Bach s death The volume begins with a brief biography and is followed by an analysis of each major type of composition vocal organ keyboard and instrumental

music In each section the author examines thoroughly many Bach compositions and evaluates them in relation to the rest of the composer's work as well as in relation to the music of his contemporaries More than 70 music examples enable the reader to understand how Bach worked the manner in which his genius developed and grew and to see outstanding excerpts from his music in various stages of completion An interesting aspect of research methods is revealed through an explanation of the detective work which has been done regarding handwriting paper and watermarks in the original sources *List of Books Forming the Reference Library in the Reading Room of the British Museum* British Museum.
