

The background of the book cover is a photograph of a cityscape at sunset. A large, dark silhouette of a mosque with a prominent dome and a tall minaret is visible against the bright orange and yellow sky. The sun is a large, glowing orb on the right side of the horizon. The city below is mostly in shadow, with some lights visible. The water in the foreground reflects the colors of the sunset.

the popular Western imagination as an extreme faith that promotes authoritarian government female oppression civil war and terrorism Karen Armstrong's short history offers a vital corrective to this narrow view The distillation of years of thinking and writing about Islam it demonstrates that the world's fastest growing faith is a much richer and more complex phenomenon than its modern fundamentalist strain might suggest Islam A Short History begins with the flight of Muhammad and his family from Medina in the seventh century and the subsequent founding of the first mosques It recounts the origins of the split between Shii and Sunni Muslims and the emergence of Sufi mysticism the spread of Islam throughout North Africa the Levant and Asia the shattering effect on the Muslim world of the Crusades the flowering of imperial Islam in the fourteenth and fifteenth centuries into the world's greatest and most sophisticated power and the origins and impact of revolutionary Islam It concludes with an assessment of Islam today and its challenges With this brilliant book Karen Armstrong issues a forceful challenge to those who hold the view that the West and Islam are civilizations set on a collision course It is also a model of authority elegance and economy *Muslims and Modernity* Clinton Bennett,2005-01-01 Voicing at least two Muslim opinions in each area of debate this book challenges the idea that all Muslims think identically While Muslims and Modernity is designed primarily for use as an undergraduate textbook reference to accessible Internet material
