**Re/Writing the Center** Susan Lawrence, Terry Myers Zawacki, 2019-03-15 Re Writing the Center illuminates how core writing center pedagogies and institutional arrangements are complicated by the need to create intentional targeted support for advanced graduate writers Most writing center tutors are undergraduates whose lack of familiarity with the genres preparatory knowledge and research processes integral to graduate level writing can leave them underprepared to assist graduate students Complicating the issue is that many of the graduate students who take advantage of writing center support are international students The essays in this volume show how to navigate the divide between traditional writing center theory and practices developed to support undergraduate

writers and the growing demand for writing centers to meet the needs of advanced graduate writers Contributors address core assumptions of writing center pedagogy such as the concept of peers and peer tutoring the emphasis on one to one tutorials the positioning of tutors as generalists rather than specialists and even the notion of the writing center as the primary location or center of the tutoring process Re Writing the Center offers an imaginative perspective on the benefits writing centers can offer to graduate students and on the new possibilities for inquiry and practice graduate students can inspire in the writing center Contributors Laura Brady Michelle Cox Thomas Deans Paula Gillespie Mary Glavan Marilyn Gray James Holsinger Elena Kallestinova Tika Lamsal Patrick S Lawrence Elizabeth Lenaghan Michael A Pemberton Sherry Wynn Perdue Doug Phillips Juliann Reineke Adam Robinson Steve Simpson Nathalie Singh Corcoran Ashly Bender Smith Sarah Summers Molly Tetreault Joan Turner Bronwyn T Williams Joanna Wolfe     10x Is Easier Than 2x Dan Sullivan,Dr. Benjamin Hardy,2023-05-09 Expanding upon one of his high level foundational teachings Strategic Coach co founder Dan Sullivan explains why achieving 10X growth is easier than going for 2X growth Dan Sullivan the world s leading coach for highly successful entrepreneurs wants you to know that achieving 10X growth is exponentially easier than striving for 2X growth Most find this idea confusing at first because simply imagining 10X growth causes them to think they need to do 10X more work to achieve it However being a 10X entrepreneur is nothing like what most people think 10X is not the outcome it s a counterintuitive process you can apply every time you want exponential growth in your life and business To make 10X possible you must focus on expanding what Dan defines as your four most important freedoms time money relationship and purpose As your time becomes 10X more valuable you increasingly multiply the money you earn both in terms of amount and profitable satisfaction As money becomes a tool you can increasingly access with greater ease you will engage with a growing number of other freedom motivated individuals As both your professional and personal life fills up with 10X more unique and collaborative relationships you will realize that your most powerful purposes in all areas become 10X more lasting and positive for everyone involved You will be impressed by what your life has become and the meaning and impact you re having 10X is fundamentally about quality vs quantity and the quality of your freedoms determines the results you achieve     A *Statistical Profile of Mormons* Tim B.
