entrepreneurship and economic development entrepreneurship theories traditional and alternative entrepreneurship education and training programmes a comparative European analysis of entrepreneurship programmes a profile of the aspiring entrepreneur assessing effectiveness and a framework for the design and development of entrepreneurship training programmes Readers should gain a significant insight into the effectiveness of entrepreneurship training programmes from both the programme providers and participants point of view Key features of the book include an up to date review of the literature in this field a comparative analysis of entrepreneurship programmes with a European perspective an in depth treatment of the effectiveness issue both on a qualitative and quantitative basis and a longitudinal study involving a control and comparator group The framework proposed by the authors should be applicable on a European scale **Handbook of Research on Multidisciplinary Approaches to Entrepreneurship, Innovation, and ICTs** Carvalho, Luísa Cagica, Reis, Leonilde, Prata, Alcina, Pereira, Raquel, 2020-08-21 Currently most organizations are dependent on IS ICT in order to support their business strategies IS ICT can promote the implementation of strategies and enhancers of optimization of the various aspects of the business In market enterprises and social organizations digital economy and ICTs are important tools that can empower social entrepreneurship initiatives to develop fund and implement new and innovative solutions to social cultural and environmental problems The Handbook of Research on Multidisciplinary Approaches to Entrepreneurship Innovation and ICTs is an essential reference source that discusses the digitalization techniques of the modern workforce as well as important tools empowering social entrepreneurship initiatives Featuring research on topics such as agile business analysis multicultural workforce and human resource management this book is ideally designed for business managers entrepreneurs IT consultants researchers industry professionals human resource consultants academicians and students *Rural Entrepreneurship and Small Business Development* Patricia La Caille John, 1992 **Entrepreneurship Development and Small Business Enterprise** Poornima M. Charantimath, 2005 Entrepreneurial Education Kristiina Erkkilä, 2000 The study finds that arguments supporting or opposing entrepreneurial education are highly contextual According to the literature studied entrepreneurship education is more directly focused upon small business and entrepreneurship whereas enterprise education is aimed at the development of enterprising behavior skills and attributes not only for business use Furthermore debates on entrepreneurial education are more complex than shown in previous studies The debate in the United States is more diverse and practice driven than those are in the United Kingdom and Finland In addition the discourse of each country has unique categories The book includes suggestions for future research and gives recommendations particularly for Finnish practice which could also benefit other societies just starting their path in entrepreneurial education The study serves as a comprehensive literature source for future interests and research **BOOK JACKET Effectuation** Sarasvathy, Saras D., 2022-01-28 To effectuate is to engage in a specific type of entrepreneurial action It has special importance for situations where the future is truly unknowable or human agency is of primary importance In this new and

updated edition of the bestselling *Effectuation* Saras Sarasvathy explores the theory and techniques of non predictive control for creating new firms markets and economic opportunities *Gender and Family Entrepreneurship* Vanessa Ratten,Veland Ramadani,Leo-Paul Dana,Robert D. Hisrich,Joao Ferreira,2017-07-20 This book focuses on gender and family entrepreneurship as they are interrelated concepts particularly important in today s global society The book highlights the significance of the role of gender in the development and growth of family businesses It helps readers understand the role of family dynamics in business particularly in terms of succession planning strategic development and internationalization Often both gender and family entrepreneurship are studied independently but this book aims to marry both perspectives with a novel approach This creates a synergy between gender and family entrepreneurship that increases the potential value to entrepreneurship scholarship policy and business practice This edited book is a useful and insightful addition to the entrepreneurship field *Proceedings of the 1996 Northeastern Recreation Research Symposium* Walter F. Kuentzel,1997

Entrepreneurship in a European Perspective Christine K. Volkmann,Kim Oliver Tokarski,Marc Grünhagen,2010-11-05 This textbook focuses on the management challenges of founding a new venture and managing its rapid growth as the firm evolves It covers crucial management areas in the entrepreneurship context such as entrepreneurial finance marketing and human resource management Also more hands on management topics like writing a business plan and choosing a legal form for a venture are covered A key chapter of the book is dedicated to leadership challenges in managing rapidly growing young firms located in new industries and technology areas The book is written from a Continental European perspective to cater for its European target audience in entrepreneurship courses to be held in English
