Filthy Phil:

End of Living David G. Reinsfield, 2025-03-07 Travis is chased by an obsessed psychopath who won't stop until he gets what he wants Marcia Travis's girlfriend Unknown to Travis is why this man has singled him out The headlights dissect him as if a surgical scalpel hovering over an anesthetized patient unable to run and not designed to fight He stands waiting for his executioner who taunts him in his last moments of life His life whirls about him as regret of not being able to have time to resolve his sudden breakup with Marcia tortures his mind more than Oswald could ever do **The Correspondent** Ken Urban, 2015-05-15 A grieving husband hires a dying woman to deliver a message to his recently deceased wife in the afterlife When he receives letters describing events that only his wife could know he must determine if the correspondence is from a con artist or if his wife has returned from the grave **The Criminal Class** Paul A. MacNamara, 2022-07-06 Teaching in the jail system is a surreal experience a whole other existence In this bizarreness you encounter things that make you shake your head shake your fist cry your heart out laugh your head off and blow your mind And I felt compelled to write it down to capture its un-realness Hopefully I can convey some of this in Criminal Class The only door in the room was now closed and sitting before me was a murderer a rapist an armed robber and a guy serving six years for grievous bodily harm Each of them had a sharpened pencil in their hands a potential weapon I had been forewarned yet I had handed them out willingly I looked at these four brutes trying not to stare but conscious of not looking away in fear either All four of them had their eyes fixed on me too sussing out the new guy In silence I shot back a tight lipped grin Slowly but purposefully I glanced at the secured metal door and next to it the red duress button on the wall I guessed the distance to be three metres I looked back at the prisoners and wondered if it came to it would I be able to press that button or exit the doorway before they could get to me I didn't fancy my chances The Criminal Class is based on the true life experiences of an everyday teacher who makes the precarious career transition to an Education Officer in the prison system Dealing with both the law enforcers and the law breakers but not bound by any normal allegiances he finds himself having to trod the rocky path of an outsider on the inside His surreal experiences will compel you as they draw you in The bizarreness he encountered will make you shake your head pump your fist cry your heart out laugh your head off and blow your mind *The Ware Tetralogy* Rudy Rucker, 2019-04-02 Rucker's four Ware novels Software Wetware Freeware and Realware form an extraordinary cyberweird future history with the heft of an epic fantasy novel and the speed of a quantum processor Still exuberantly fresh despite their age they primarily follow two characters and their descendants Cobb Anderson who instigated the first robot revolution and is offered immortality by his grateful children and stoner Sta Hi Mooney who against his impaired better judgment becomes an important figure in robot human relations Over several generations humans robots drugs and society evolve but even weird drugs and the wisdom gathered from interstellar signals won't stop them from making the same old mistakes in new ways Rucker is both witty and serious as he combines hard science and sociology with unrelentingly sharp observations

of all self replicating beings This classic series well deserves its omnibus repackaging particularly suitable for libraries

Publisher s Weekly Rudy Rucker is one of the modern heroes of science fiction one of the original cyberpunks The early cyberpunks only had a few writers who could be meaningfully called punks writers like John Shirley and Richard Kadrey but there was only one who could truly be called cyber Rudy Rucker Rucker is a mad professor a mathematician and computer scientist with a serious scholarly interest in the limits of computation and the physics and mathematics of higher dimension geometry But that s just about the only thing you can describe as serious when it comes to Rucker He s a gonzo wildman someone for whom trippy barely scratches the surface His work is shot through with weird sex weird drugs weird brain chemistry and above all weird science Cory Doctorow
