Yamaguchi, 2007-06 This book sheds light on the challenging theology of nineteenth century Scottish writer George MacDonald concerning the true meaning of the Atonement the purpose of trials and suffering the nature of the unpardonable sin hope for growth and death Under consideration is Thomas Hooker s Poor Doubting Christian Drawn unto Christ on the redemption of Joan Drake and its influence on MacDonald s Wingfold trilogy MacDonald s version of the Wandering Jew MacDonald s interpretation of Coleridge s The Rime of the Ancient Mariner and Dante s Divine Comedy and similarities and differences between the theological ideas of MacDonald C S Lewis Elizabeth Prentiss and Shusaku Endo **Children**

before God John McNeill, 2017-11-09 This work seeks to delineate a theological framework into which biblically informed imagery and language of children in relation to God can be placed McNeill s aim is to offer a work of positive construction within the general Reformed tradition The book shows that John Calvin has much to offer in this respect but by examining the imagery and language of children in his works it is shown that Calvin is not adequately biblically informed in this area McNeill argues that Jonathan Edwards provides a theological tool that enables a construal of children more in keeping with biblical language and imagery The book then offers a general critique of current child development theories in which providential activity in child development is more or less ignored By adopting Calvin s theological framework to understand children before God it is argued that the integration of child development and divine providence becomes a distinct possibility This work should be of interest to those working in biblical childhood Calvin and Edwards studies as well as to the more general practitioner working with children in church and society Seven, 2006 The Complete Novels of George MacDonald (Illustrated) George MacDonald, 2015-10-20 This carefully crafted ebook The Complete Novels of George

Hidden in Contradiction Jeff McSwain, 2023-09-22 Does God s grace grab you and stir you to purposeful Spirit filled living Or is the gospel that you hear and preach big on belief and short on embodiment Do you see a need for change whether personal ecclesial or social that transcends us righteous vs them wicked polarizations Beginning with every person s participation in Christ as a keystone to creation Jeff McSwain introduces the vibrant reality of Trinitarian community and shows us the dangers of losing sight of the belovedness we share as humans hidden with Christ in God Avoiding simplistic categories McSwain exalts the total goodness of every person in this world by virtue of creation in Christ while also acknowledging the simultaneous contradiction the total depravity of every person by virtue of the fall If ignoring our human duplicity contributes to relational fractures at every level McSwain s dimensional view of human agency urges us to embrace the redemptive truth of our identity in Christ and to refuse our false destructive selves that have been crucified with Christ Filled with scriptural exegesis and practical illustrations that pastors and teachers will especially appreciate this project is a refreshing application of Christology to anthropology and everyday life an inspiring work of systematic theology aimed at systematic change

The Theology of George MacDonald John R. de Jong,2019-10-08 George MacDonald 1824 1905 was writing at a time of Evangelical unease In a society ravaged by Asiatic cholera numbed by levels of infant mortality and fearful of revolution and the toxicity of

industry to name but a few of the many challenges the gospel proclaiming eternal damnation for unbelievers was hardly good news rather Christianity was increasingly viewed as the source of bad news and a tool of state oppression MacDonald agreed in his view the church had become a vampire sucking the blood of her children instead of offering them eucharistic life In contrast like Christ MacDonald brings before us a child Although at first sight a familiar Romantic incarnation in MacDonald s theology the child becomes an unlikely icon challenging the vampire s kingdom a challenge reaching beyond the confines of Evangelicalism confronting the foundations of much of Western theology This meticulously researched study exploring MacDonald s work especially his realist and fantasy novels in the light of its Victorian context is of more than historical interest His incisive critique of church and empire have particular relevance today in light of the growing and troubling alliance between fundamentalist expressions of church and intolerant right wing politics This volume considers MacDonald s radical solution to religious vampirism becoming children

 Philip M. Bromberg, 2013-06-17 In *Awakening the Dreamer* Clinical Journeys Philip Bromberg continues the illuminating
 explorations into dissociation and clinical process begun in *Standing in the Spaces* 1998 Bromberg is among our most gifted
 clinical writers especially in his unique ability to record peripheral variations in relatedness those subtle split second changes
 that capture the powerful workings of dissociation and chart the changing self states that analyst and patient bring to the
 moment For Bromberg a model of mind premised on the centrality of self states and dissociation not only offers the optimal
 lens for comprehending and interpreting clinical data it also provides maximum leverage for achieving true intersubjective
 relatedness And this manner of looking at clinical data offers the best vantage point for integrating psychoanalytic
 experience with the burgeoning findings of contemporary neuroscience cognitive and developmental psychology and
 attachment research Dreams are approached not as texts in need of deciphering but as means of contacting genuine but not
 yet fully conscious self states From here he explores how the patient s dreamer and the analyst s dreamer can come together
 to turn the real into the really real of mutative therapeutic dialogue The difficult frequently traumatized patient is newly
 appraised in terms of tensions within the therapeutic dyad And then there is the haunted patient who carries a sense of
 preordained doom through years of otherwise productive work until the analyst can finally feel the patient s doom as his or
 her own Laced with Bromberg s characteristic honesty humor and thoughtfulness these essays elegantly attest to the mind s
 reliance on dissociation in both normal and pathological variants in the ongoing effort to maintain self organization
Awakening the Dreamer no less than *Standing in the Spaces* is destined to become a permanent part of the literature on
 therapeutic process and change Growing Up on the Set Tom Goldrup, Jim Goldrup, 2015-10-06 Former child actor Paul
 Petersen once said Fame is a dangerous drug and should be kept out of the reach of children It is certainly true that many
 child actors have fallen prey to the dangers of fame and suffered for it later in life but others have used fame to their
 advantage and gone on to even more successful careers in adulthood This work is a compilation of interviews with 39 men
 and women who as children worked in the motion picture industry in Hollywood They all handled their childhood celebrity
 differently Lee Aaker Mary Badham Baby Peggy Sonny Bupp Ted Donaldson Edith Fellows Gary Gray Jimmy Hunt Eilene
 Janssen Marcia Mae Jones Sammy McKim Roger Mobley Gigi Perreau Jeanne Russell Frankie Thomas Beverly Washburn
 Johnny Whitaker and Jane Withers are among those interviewed They talk candidly about their experiences on and off the set

the people they worked with and what they did after their careers ended The pros and cons of being a child actor and the effects that it had on them later in life are discussed at great length **The Westminster Review** ,1876 **The American Bookseller** ,1879 *Irregular Practices of Certain Attorneys* ,1884 *The Cambridge Companion to Children's Literature* M.
