## **Johannine Christianity Essays On Its Setting Sources And Theology:**

**Johannine Christianity** D. Moody Smith, 2006-04-01 Brings together ten important essays on the sources setting and theology of the Gospel of John This book provides an overview of the setting for Johannine Christianity and a survey of the different approaches that scholars have used to integrate these three aspects of the gospel

**Johannine Christianity** Moody Smith, 1989 Johannine Faith and Liberating Community David Rensberger, 1988-01-01 Building on recent developments in biblical studies David Rensberger explores new avenues of interpretation of the Fourth Gospel made possible by the rediscovery of its social and historical settings He looks to the first generation of readers and considers the range of meanings the Gospel might have held for them He sees that behind the spiritual there is the possibility of social and even political interpretations He discusses the relation of John's Gospel to liberation theology and to contemporary questions on the role of the church in the world

*The Gospel and Letters of John, Volume 1* Urban C. von Wahlde, 2010-11-22 Urban von Wahlde's radically new three volume commentary on the Gospel and Letters of John is the most detailed study of the composition of the Johannine literature ever put forth by an American scholar Nearly all of the problems confronted by those who study John have to do with the literary strata of the Gospel of John and their relation to the composition of the Letters of John With an archaeologist's precision and engaging a whole range of scholarly contributions in this area von Wahlde digs down to the foundations and exposes three distinct literary strata in the development of the Johannine tradition Volume 1 gives detailed evidence identifying and listing the criteria for each stratum Volumes 2 and 3 apply those criteria to the Gospel and Letters of John respectively

*Ecclesiology and Theosis in the Gospel of John* Andrew J. Byers, 2017-06-16 For the author of the fourth Gospel there is neither a Christless church nor a churchless Christ Though John's Gospel has been widely understood as ambivalent toward the idea of church Andrew Byers argues that ecclesiology is as central a Johannine concern as Christology Rather than focusing on the community behind the text John's Gospel directs attention to the vision of community prescribed within the text which is presented as a narrative ecclesiology by which the concept of church gradually unfolds throughout the Gospel's sequence The theme of oneness functions within this script and draws on the theological language of the Shema a centerpiece of early Jewish theology and social identity To be one with this one God and his one Shepherd involves the believers corporate participation within the divine family Such participation requires an ontological transformation that warrants an ecclesial identity expressed by the bold assertion found in Jesus' citation of Psalm 82 you are gods

*A Theology of John's Gospel and Letters* Andreas J. Kostenberger, 2015-04-28 A Theology of John's Gospel and Letters introduces the first volume in the BTNT series Building on many years of research and study in Johannine literature Andreas Kostenberger not only furnishes an exhaustive theology of John's Gospel and letters but also provides a detailed study of major themes and relates them to the Synoptic Gospels and other New Testament books Readers will gain an in depth and holistic grasp of Johannine theology in the larger context of the Bible D A Carson Trinity Evangelical Divinity

School says about K stenberger s volume that for the comprehensiveness of its coverage in the field of Johannine theology Gospel and Letters there is nothing to compare to this work I Howard Marshall University of Aberdeen writes This book is a first in many ways the first volume that sets the pattern for the quality and style of the new Biblical Theology of the New Testament series published by Zondervan the first major volume to be devoted specifically to the theology of John s Gospel and Letters at a high academic level and the first volume to do so on the basis that here we have an interpretation of John s theology composed by an eyewitness of the life and passion of Jesus The Biblical Theology of the New Testament Series The Biblical Theology of the New Testament BTNT series provides upper college and seminary level textbooks for students of New Testament theology interpretation and exegesis Pastors and discerning theology readers alike will also benefit from this series Written at the highest level of academic excellence by recognized experts in the field the BTNT series not only offers a comprehensive exploration of the theology of every book of the New Testament including introductory issues and major themes but also shows how each book relates to the broad picture of New Testament theology **John Barnabas Lindars**,1990-06-01 This is a short up to date volume concise yet comprehensive on the New Testament text It has been designed to meet your needs and includes items such as an introduction to the contents of the particular biblical book a balanced survey of the important critical issues suggestions about critical appropriation of the text by the contemporary reader and much more **The Ways That Often Parted** Lori Baron,Jill Hicks-Keeton,Matthew Thiessen,2018-11-09 Focused studies on the historical interactions and formations of Judaism and Christianity This volume of essays from an internationally renowned group of scholars challenges popular ways of understanding how Judaism and Christianity came to be separate religions in antiquity Essays in the volume reject the belief that there was one parting at an early point in time and contest the argument that there was no parting until a very late date The resulting volume presents a complex account of the numerous ways partings occurred across the ancient Mediterranean spanning the first four centuries CE Features Case studies that explore how Jews and Christians engaged in interaction conflict and collaboration Examinations of the gospels Paul s letters the book of James as well as rabbinic and noncanonical Christian texts New evidence for historical reconstructions of how Christianity came on the world scene *Social Science and the Christian Scriptures, Volume 3* Anthony J. Blasi,2017-04-13 Sociologist Anthony Blasi analyzes early Christianity using multiple social scientific theories including those of Max Weber Georg Simmel Karl Marx Antonio Gramsci Max Scheler Alfred Schutz and contemporary theorists He investigates the canonical New Testament books as representative of early Christianity a sample based on usage and he takes the books in the chronological order in which they were written The result is a series of stills that depict the movement at different stages in its development His approaches often neglected in New Testament studies include such sociological subfields as sect theory the routinization of charisma conflict stratification theory stigma the sociology of knowledge new religions the sociology of secrecy marginality liminality syncretism the social role of intellectuals the poor

person as a type the sick role degradation ceremonies populism the sociology of migration the sociology of time merges the sociology of law and the sociology of written communication Needing to treat the New Testament text as social data Blasi uses his background in biblical studies and a review of a vast literature to establish the chronology of the compositions of the New Testament books and to present the data in a new translation that is accessible to non specialists **1, 2 & 3 John (Understanding the Bible Commentary Series)** Thomas F. Johnson, 2011-08-01 The Understanding the Bible Commentary Series helps readers navigate the strange and sometimes intimidating literary terrain of the Bible These accessible volumes break down the barriers between the ancient and modern worlds so that the power and meaning of the biblical texts become transparent to contemporary readers The contributors tackle the task of interpretation using the full range of critical methodologies and practices yet they do so as people of faith who hold the text in the highest regard Pastors teachers and lay people alike will cherish the truth found in this commentary series Old Testament Quotations in the Fourth Gospel M. J. J. Menken, 1996 From the very beginning of Christianity Jesus followers have tried to legitimize their views of him with the help of the Scriptures This means that if we wish to understand the beginning of the Christian church and of Christian theology we have to examine the early Christian use of the Old Testament A conspicuous way of using the Scriptures consists in directly quoting from them Eleven OT quotations in the Fourth Gospel are the topic of this study These eleven quotations in fact the majority of John's OT quotations differ from the known versions of the OT but are not free paraphrases of the OT text in some cases it is not immediately clear from which passage precisely the evangelist quotes This state of affairs raises the questions which OT passages in which versions John used and how and why the quotations were modified In this study the questions of source and of redaction are dealt with in their interrelationship Can we adequately explain the form of a quotation by taking into account Johannine redaction of an OT passage in a textual form which we know which we can reasonably argue Results of research in the field of early Jewish and early Christian exegetical techniques and devices are of course taken into account Each of the eleven quotations is scrutinized on the points of source and redaction It appears that John mostly used the LXX but that where that translation did not suit his purposes he either translated the Hebrew himself or used an other translation He modified the quotations in agreement with extant exegetical rules and for christological reasons This study gives new insight into an aspect of the early Christian use of Scripture Befriending The Beloved Disciple Adele Reinhartz, 2002-10-29 Adele Reinhartz has been studying and teaching the Gospel of John for many years Earlier she chose to ignore the love hate relationship that the book provokes in her a Jew and took refuge in an objective historical critical approach At this stage her relationship to the Gospel was not so much a friendship as a business relationship No longer willing to ignore the negative portrayal of Jews and Judaism in the text nor the insight that her own Jewish identity inevitably does play a role in her work as an exegete Reinhartz here explores the Fourth Gospel through the approach known as ethical criticism which is based on the metaphorical notion of the book as friend not an easy unquestioning companionship but the

kind of honest relationship in which ethical considerations are addressed not avoided In a book as multilayered as the Gospel itself Reinhartz engages in 4 different readings of the Fourth Gospel compliant resistant sympathetic and engaged Each approach views the Beloved Disciple differently as mentor opponent colleague and as other In the course of each of these readings she elucidates the three narrative levels that interpenetrate the Gospel the historical the cosmological and the ecclesiological In the latter Reinhartz deals at length with the so called expulsion theory the dominant scholarly notion that the Johannine community which included believers of Jewish Gentile and Samaritan origins engaged in a prolonged and violent controversy with the local Jewish community culminating in a traumatic expulsion from the synagogue

**Mighty in Word and Deed** Stephen Hultgren, 2025-05-06 This book is the first of a two volume work on the origins of the gospel form from a social memory approach Social memory takes account of both the individual and the community in the formation of the gospels by considering social frameworks and socially significant narrative patterns that individuals use to remember and recount the past Part 1 reviews the history of scholarship and then develops a social memory approach and a method of textual study drawing on insights from recent research on orality memory and narrative Part 2 offers a series of textual studies focusing on Capernaum and Nazareth illustrating factors that might have contributed to the construction of a gospel as an extended narrative inclusive of Jesus's words and deeds and why such a narrative was essential to early Christian memory of Jesus

*The Spirituality of Following Jesus in John's Gospel* Sean Seongik Kim, 2017-10-12 Research on following Jesus has mostly been done in terms of what Jesus followers ought to do In this unprecedented study Kim presents following Jesus in John's Gospel through the perspective of what Jesus does for his followers Following Jesus is a journey towards the place where Jesus leads his followers that is to a relationship with the Father It is ultimately participating in the Son's communion with the Father Jesus who was in the bosom of the Father descended from him and ascends to him taking his followers with him so that they may be with him where he is with the Father in glory and love Kim develops this thesis by examining the term *akolouthēin* to follow and correlated motifs in John's Gospel

Exploring the Gospel of John Dwight Moody Smith, R. Alan Culpepper, Carl Clifton Black, 1996-01-01 Every aspect of the study of John is represented in this book including the historical origins of the Johannine community the religious traditions in the gospel within and beyond early Christianity the Fourth Gospel's literary dimensions and theological concerns and the distinctive challenges presented by the Gospel's interpretation

**Anti-Judaism and the Gospels** William R. Farmer, 1999-07-01 When and under what circumstances did the Gospel texts begin to serve anti Jewish ends Can it be said accurately and fairly that the evangelists were anti Jewish Are there tendencies in the Gospels that were originally intended by the evangelists to injure the Jewish people or their religion or to work against the interests of the Jewish people and or their religion These and other issues were addressed in a three year research project that culminated in a fall 1996 convocation at which five major research papers were presented with two respondents to each paper The papers and responses are now made available for the first time in

this volume Major presentations include Anti Judaism and the Gospel of Matthew Amy Jill Levine Anti Judaism and the Gospel of Luke Daryl D Schmidt Anti Judaism and the Gospel of John David Regensberger Something Greater than the Temple Robert Louis Wilken Anti Judaism in the Critical Study of the Gospels Joseph B Tyson Reflections on Anti Judaism in the New Testament and in Christianity E P Sanders This book succeeds in giving a comprehensive view of the problem it addresses and the papers are clear forthright presentations that will help the reader see what the issues were when the Gospels were written and what they still are E P Sanders Duke University William R Farmer is Professor of New Testament at the University of Dallas and co editor of Jesus and the Suffering Servant Isaiah 53 and Christian Origins Trinity 1998 **Is**

**John's Gospel True?** Maurice Casey,1996 This study demonstrates that the Gospel attributed to John gives an inaccurate account of the life and teaching of Jesus It shows that this Gospel was finished during a fierce conflict between the Johannine community and the Jewish community During this conflict the Johannine community hailed Jesus as God and declared that the Jews were children of the devil They attributed their beliefs to Jesus and portrayed him as quarrelling with the Jews as they did Consequently this document is fiercely anti Jewish and has been used to fuel anti semitism reasons for the author to challenge the fitness of John s Gospel to be in anyone s sacred scriptures **The Epistles for All Christians** David

Smith,2020-09-25 In The Epistles for All Christians David Smith argues that epistolary literature offers analogous evidence of circulation to the Gospels Since Richard Bauckham s edited volume The Gospels for All Christians was published in 1998 debate over the validity of the contributors claims that the Gospels were written for all Christians has revolved around interpretation Smith brings circulation to bear on the conversation Studying ancient media practices of publication and circulation and using social network theory Smith makes a compelling case that if the evangelists did not expect their texts to circulate they would be atypical **T&T Clark Handbook of Ecclesiology** Kimlyn J. Bender,D. Stephen Long,2020-10-15

Divided into 3 parts this handbook provides a wide ranging survey and analysis of the Christian Church The first section addresses the scriptural foundations of ecclesiology the second section outlines the historical and confessional aspects of the topic and the final part discusses a variety of contemporary and topical themes in ecclesiology Compiled and written by leading scholars in the field the T T Clark Handbook of Ecclesiology covers a range of key topics in the context of their development and importance in each stream of historic Christianity and the confessional traditions The contributors cover traditional matters such as creedal notes but also tackle questions of ordination orders of ministry and sacraments This handbook is extensive enough to provide a true overview of the field but the essays are also concise enough to be read as reference selections **Understanding the Fourth Gospel** John Ashton,2007-04-27

In this fully revised new edition of a pioneering study of John s gospel John Ashton explores fresh topics and takes account of the latest scholarly debates Ashton argues first that the thought world of the gospel is Jewish not Greek and secondly that the text is many layered not simple and composed over an extended period as the evangelist responded to the changing situation of the community he was

addressing Ashton seeks to provide new and coherent answers to what Rudolf Bultmann called the two great riddles of the gospel its position in the development of Christian thought and its central or governing idea In arguing that the first of these should be concerned rather with Jewish thought Ashton offers a partial answer to the most important and fascinating of all the questions confronted by New Testament scholarship how did Christianity emerge from Judaism Bultmann s second riddle is exegetical and concerns the message of the book Ashton s answer highlights a generally neglected feature of the gospel s concept of revelation its debt to Jewish apocalyptic
