Living On A Study Of Altering Consciousness After Death:

Living on Paul Beard,1980 **Where are the Dead?** Peter Moore,2016-09-13 Where are the dead What are they doing What kind of a process is dying What relationships exist among the dead themselves and between the dead and those in the world they have left behind Modern philosophers argue that the idea of disembodied survival to which many believers pay lip service is incoherent and that there can be evidence neither for nor against something incoherent By contrast this book argues the idea of an embodied survival albeit a form of embodiment differing from our present embodiment makes perfect sense in itself and fits much better with the alleged evidence for post mortem survival Exploring post mortem survival Where are the Dead uses a variety of empirical data alongside mythological legendary and purely fictional material to illustrate how the less familiar idea of embodied post mortem survival might actually work in some real afterlife environment By asking questions about the nature and whereabouts of the afterlife and about what it might be like to be dead the book explores themes nowadays relatively neglected even in disciplines explicitly concerned with ideas about death dying and life after death *Journal of the Society for Psychical Research* Society for Psychical Research (Great Britain),2006 700

Conscientiology Experiments Waldo Vieira,2018-08-22 A reference work on conscientiology this treatise with more than 5 000 entries in the bibliography first published in Portuguese in 1994 presents the reader with the bases of the neoscience conscientiology The author proposes 300 tests for self application dealing with topics of great relevance such as assistance the theory of thosene thought sentiment and energy and the theories of inversion and existential recycling among others The work presents conscientiology as the science applied to the study of consciousness ego personality in an integral approach with all its vehicles of manifestation bodies previous existences and attributes The content being deepened and presented in a theoretical and practical way so a reader understands the importance of this knowledge to their life The science of conscientiology utilizes the best of the main lines of human knowledge common sense religion philosophy political ideology and conventional science and is based on multidimensional self experience having consciousness as both the instrument and object of research *Altering Consciousness* Etzel Cardeña,Michael J. Winkelman,2011-05-18 This authoritative multidisciplinary overview of altered states of consciousness ASC shows how their study is necessary to gain a fundamental understanding of human culture history and biology Altered consciousness is one of humanity s most mystical and life altering aspects These remarkable changes in mental state have understandably been a topic of general interest and scientific inquiry across time Beyond simply satisfying our curiosity however studies focused upon altered consciousness can also bring valuable insights into our experience biology and culture This unprecedented two volume set will intrigue anyone interested in psychology biology and neurology science history arts and the humanities and literature on consciousness from general readers to scholars and researchers An impressive collection of international contributors address altered states of consciousness from the perspectives of history evolution psychology culture literature human biology contemporary science

and society seeking to illuminate the causes effects and meanings of altered consciousness The first volume provides an introduction and centers on the importance of altered states in history culture and the humanities while the second volume presents biological and psychological perspectives on altered consciousness and examines their potential for healing and pathology *The Journal of the American Society for Psychical Research* American Society for Psychical Research,1999 List of members in v 1 6 12 **Survival Research: Problems and Possibilities** William G. Roll,2016-05-01 When we ask whether consciousness continues after death we usually assume that a surviving self will exist in some kind of body and will include the personality familiar from waking experience Since the consciousness that may continue after death presumably exists before we may explore it in the living This essay chapter 17 of *Psychic Exploration* studies the problems and possibilities of survival research The full volume of *Psychic Exploration* can be purchased as an ebook or paperback version from all major online retailers and at cosimobooks.com **Free Will After Life** Jantine Brinkman,2013-02-07 Free Will after Life starts off with a trip to the earthly world of mainstream and quantum views on consciousness free will and self The second journey is to the non physical dimensions where the knowledge gathered in the first voyage allows you to easily dive into the afterlife territories There it will become clear that free will doesn't end at death and even better that you can enhance your afterlife freedom while you are still alive These two marvelous trips help you take control of your destiny in and after life

Reincarnation in America Lee Irwin,2017-07-31 Reincarnation in America An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional **Is There Life After Death?** David Lester,2014-09-17 People have believed in the existence of life after death throughout human history and in all regions of the world Mere belief however does not make it true What is the empirical evidence for life after death Has any significant research been conducted and if so what conclusions does it suggest In fact there exists a large body of research on topics relevant to the question of life after death This book objectively examines that research drawing together the observations of social science regarding such phenomena as reincarnation near death experiences deathbed visions cases of possession by

dead spirits and apparitions of the deceased It considers possibilities including survival of consciousness and survival of personality and reflects on the logical problems inherent in any model of postmortem survival An extensive bibliography lists hundreds of studies of life after death phenomena

Arthur Conan Doyle and the Meaning of Masculinity Diana Barsham, 2016-12-05 A valued icon of British manhood Sir Arthur Conan Doyle has been the subject of numerous biographies since his death in 1930 All his biographers have drawn heavily on his own autobiography *Memories* *Adventures* a collection of stories and anecdotes themed on the subject of masculinity and its representation Diana Barsham discusses Doyle's career in the context of that nineteenth century biographical tradition which Dr Watson so successfully appropriated It explores Doyle's determination to become a great name in the culture of his day and the strains on his identity arising from this project A Scotsman with an alcoholic Irish fairy painting father Doyle offered himself and his writings as a model of British manhood during the greatest crisis of British history Doyle was committed to finding solutions to some of the most difficult cultural problematics of late Victorian masculinity As novelist war correspondent historian legal campaigner propagandist and religious leader he used his fame as the creator of Sherlock Holmes to refigure the spirit of British Imperialism This original and thought provoking study offers a revision of the Doyle myth It presents his career as a series of dialogic contestations with writers like Thomas Hardy and Winston Churchill to define the masculine presence in British culture In his spiritualist campaign Doyle took on the figure of St Paul in an attempt to create a new religious culture for a Socialist age

A Companion to the Anthropology of Death Antonius C. G. M. Robben, 2018-04-03 A thought provoking examination of death dying and the afterlife Prominent scholars present their most recent work about mortuary rituals grief and mourning genocide cyclical processes of life and death biomedical developments and the materiality of human corpses in this unique and illuminating book Interrogating our most common practices surrounding death the authors ask such questions as How does the state wrest away control over the dead from bereaved relatives Why do many mourners refuse to cut their emotional ties to the dead and nurture lasting bonds Is death a final condition or can human remains acquire agency The book is a refreshing reassessment of these issues and practices a source of theoretical inspiration in the study of death With contributions written by an international team of experts in their fields *A Companion to the Anthropology of Death* is presented in six parts and covers such subjects as *Governing the Dead in Guatemala* *After Death Communications* *ADCs in North America* *Cryonic Suspension in the Secular Age* *Blood and Organ Donation in China* *The Fragility of Biomedicine* and more *A Companion to the Anthropology of Death* is a comprehensive and accessible volume and an ideal resource for senior undergraduate and graduate students in courses such as *Anthropology of Death* *Medical Anthropology* *Anthropology of Violence* *Anthropology of the Body* and *Political Anthropology* Written by leading international scholars in their fields A comprehensive survey of the most recent empirical research in the anthropology of death A fundamental critique of the early 20th century founding fathers of the anthropology of death Cross cultural texts from tribal and industrial societies The
