Loch A Novel:

Loch (revised cover) Paul Zindel, 2005-12-02 Loch and his sister are with their father on a scientific expedition to track lake monsters. Their father's boss Anthony Cavenger, a ruthless publishing mogul, is determined to prove that the legends are fact. Until now it has been a fruitless exercise. But suddenly on a routine exploration a hideous water beast explodes out of the water and a photographer hoping to get the picture of a lifetime loses his life instead. The plesiosaurs terrorize the secluded lake community but Loch encounters a baby plesiosaur and realizes that the monsters only attack when threatened. So he risks his life and the lives of his family and friends to save the prehistoric creatures from destruction. 1995 Quick Pick for Reluctant Young Adult Readers ALA 1995 Books for the Teen Age NY Public Library *The Ashgate Encyclopedia of Literary and Cinematic Monsters* Jeffrey Andrew Weinstock, 2016-04-01 From vampires and demons to ghosts and zombies, interest in monsters in literature, film, and popular culture has never been stronger. Approaches to the Short Story Farhat Iftekharuddin, Joseph Boyden, Joseph Longo, Mary Rohrberger, 2003-03-30

Postmodernism as a mode of the contemporary short story has been clearly established and recognized by short story theorists But postmodern theory as pervasive as it has become among academics in the last half century has scarcely been applied to the short story genre in particular Many contemporary scholars nonetheless are currently making use of certain postmodern thematic approaches to help them determine meanings of particular short stories T Short story theory began with Edgar Allan Poe s review of Twice Told Tales a collection of stories by his contemporary Nathaniel Hawthorne But theoretical discussions of the short story languished until modernism and the new criticism provided impetus for further development Surprisingly though the next large critical movement postmodernism failed to address the short story as a genre But while there is little postmodern theory concerning the short story contemporary scholars have used certain postmodern critical approaches to help determine meaning This book demonstrates the effect of postmodern theory on the study of the short story genre The expert contributors to this volume examine such topics as genre and form the role of the reader cultural and ethnic diversity and feminist perspectives on the short story In doing so they apply postmodern theoretical approaches to international short stories be they in the traditional mode the modern mode or the postmodern mode The volume looks at fiction by Edith Wharton Henry James Katherine Mansfield and other authors and at Iranian short fiction the postcolonial short story the fantastic in short fiction and other subjects *Hardfell* Maria Bell, **The Waverley Novels** Walter Scott, 1893 **Waverley Novels** Walter Scott, 1898 The Year's Best Science Fiction: Seventh Annual Collection
