## **Evolution Involution And Christ:**

Evolution, Involution and Christ Ida Mingle, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work     **Science of Love with Key to Immortality** Ida Mingle, 1926     The Ambient Christ Joseph Masterleo, 2020-12-01 There is a unified field in the cosmos that holds everything together and every discipline is a portal to it Science calls it a field of fundamental forces and elementary particles Religion calls it God and accepts it by faith as an impenetrable mystery How can their unbending perspectives be reconciled In The Ambient Christ the author proposes a novel paradigm that explains their complementarity as a seamless unity This innovative model provides a new story for an ailing and divided planet in the twenty first century and a viable solution to the holy grail quest There is something too narrow and missing in the gospel as it is presented to us In spite of appearances our age is more religious than ever it only needs stronger meat Pierre Teilhard de Chardin A religion old or new that stressed the magnificence of the universe as revealed by modern science might be able to draw forth reserves of reverence and awe hardly tapped by conventional faiths Sooner or later such a religion will emerge Carl Sagan *The Flaming Sword* , 1913     The Christian Mystic Warriors Henry Epps, 2012-08-05 The christian mystic warriors will restore basic bible beliefs back to the church     **Dictionary of All Scriptures and Myths** G. A. Gaskell, 2012-04-01

**Christianity is Christ** William Henry Griffith Thomas, 1916     *THE CHRIST LIFE* Geoffrey Hodson, Every time that you find in our books a tale the reality of which seems impossible a story which is repugnant to both reason and common sense then be sure that the tale contains a profound allegory veiling a deeply mysterious truth and the greater the absurdity of the letter the deeper the wisdom of the spirit Moses Maimonides Jewish theologian historian Talmudist 1135 1205 A D Countless people have been provided with new insights into the Christian religion through the in depth Biblical interpretations of Geoffrey Hodson In his *Hidden Wisdom in the Holy Bible* Volumes I II and III he extensively analyzed Old Testament stories suggesting that many of them are in actuality more meaningful than is commonly supposed that many of these stories are indeed allegorical and that understood from a more universal and less literal point of view they contain much additional useful knowledge He believes this is also true of *The Christ Life* from Nativity to Ascension In this book Hodson moves from a consideration of the Old Testament of the Holy Bible to the New Testament interpreting the four accounts or Gospels of the life of Christ as put down in the King James version of the Bible The author believes that the Bible should be considered in both its historical and its allegorical significance He writes Ever must it be remembered that the wondrous story of Jesus the Christ was never intended to be read as a record of external events alone but rather as a revelation of the divine within man As a priest in the Liberal Catholic Church Hodson has naturally maintained an intensive interest in the Holy Bible He is

recognized throughout the world for his exceptional clairvoyant abilities and has also carried out occult research in collaboration with physicians physicists anthropologists and archaeologist He is the author of some 40 books dealing with such topics as meditation Theosophy the spiritual life health and disease and of course Bible symbolism and interpretation

**The Greatest Gift Ever Given** Michael S. Ridenour, 2017-11-09 As a child in a non religious family Michael Ridenour found a Bible one day and began reading Initially excited by its lively stories he paused at the New Testament faced with a baffling inner question Where in the world is Christ today An unexpected answer came during his teenage years with a spontaneous experience of the Christ being but this only led to more questions Later discovering the work of Rudolf Steiner he found the authentic vision and language he needed to clarify and better comprehend his own experiences but the questions kept coming The Greatest Gift Ever Given is a fruit of Ridenour's life long search for answers a book that is at once deeply thoughtful humorous philosophical and poetic In Part I Raising the Foundation he studies the Judeo Christian mysteries After humanity's fall into materialism these mysteries signal the development of human individuality The impulse for self hood continues with Christ who brings a new path of divine love But the mystery of Christ leads naturally to his shadow Today we can no longer escape the question Where in the world is Judas Without Judas's betrayal Christ's greatest gift could never have been given We can't reject Judas but should transform him within ourselves In Part II Lowering the Temple Ridenour relates the theme of metamorphosis to the contemporary world Once guided by initiates personal transformation now needs to blossom from within each individual human soul The topic of evolution takes us to a consideration of the perennially controversial Charles Darwin as well as the intuitive approach of Goethe and the living thinking of Rudolf Steiner A rich treasure trove of ideas The Greatest Gift Ever Given sharpens a dynamic focus on current spiritual needs and contributes a thought provoking response to them

**Meditations on the Tarot**, 2005-08-25 Now in a fully corrected edition one of the true spiritual classics of the twentieth century Published for the first time with an index and Cardinal Hans Urs von Balthasar's afterword this new English

publication of *Meditations on the Tarot* is the landmark edition of one of the most important works of esoteric Christianity. Written anonymously and published posthumously as was the author's wish, the intention of this work is for the reader to find a relationship with the author in the spiritual dimensions of existence. The author wanted not to be thought of as a personality who lived from 1900 to 1973 but as a friend who is communicating with us from beyond the boundaries of ordinary life. Using the 22 major arcana of the tarot deck as a means to explore some of humanity's most penetrating spiritual questions,

*Meditations on the Tarot* has attracted an unprecedented range of praise from across the spiritual spectrum. *Theism and the Christian Faith* Charles Carroll Everett, 1909. *The Supreme Identity* Alan Watts, 2020-09-24. Modern Civilization Watts maintains is in a state of chaos because its spiritual leadership has lost effective knowledge of man's true nature. Neither philosophy nor religion today gives us the consciousness that at the deepest center of our being exists an eternal reality which in the West is called God. Yet only from this realization come the serenity and spiritual power necessary for a stable and creative society. One of the most influential of Alan Watts's early works, *The Supreme Identity* examines the reality of civilization's deteriorated spiritual state and offers solutions through a rigorous theological discussion on Eastern metaphysics and the Christian religion. By examining the minute details of theological issues, Watts challenges readers to reassess the essences of religions that before seemed so familiar and to perceive Vedantic oneness as a meeting ground of all things good and evil. In addressing how religious institutions fail to provide the wisdom or power necessary to cope with the modern condition, Watts confidently seeks the truth of the human existence and the divine continuum. In this eye-opening account of metaphysical blindness in the West, Watts accents this dense exploration of religious philosophy with wry wit that will engage inquiring minds in search of spiritual power and wisdom. **Temple Legend** Rudolf Steiner, 1997. At the time of these lectures, Steiner was planning to inaugurate the second section of the Esoteric School which was to deal in a direct way with a renewal out of his own spiritual research of ritual and symbolism. He gave these lectures as a necessary preparation to clarify the history and nature of the cultic tradition. He thus discusses principally Freemasonry and its background but also the Rosicrucians, Manichaeism, the Druids, the Prometheus Saga, the Lost Temple, Cain and Abel, and much else besides.

*The Christ who Embraces* Jacob Joseph, 2024-10-28. Jacob Joseph's book *The Christ who Embraces: An Orthodox Theology of Margins* explores the intersection of Orthodox Christian mission and caste dynamics among St. Thomas Syrian Orthodox Christians in India. It defines a liturgical touch or embrace in the context of untouchability where people identify as equal without discrimination, reflecting the inseparable unity of Christ's transcendental divine and immanent human nature.

**Islam in Relation to the Christ Impulse** Andrei Younis, 2015-06-01. Islam came into being around AD 600 as a monotheistic Abrahamic religion revealed through the Prophet Muhammad. Awareness of Islam in the West has grown dramatically in the twenty-first century but there remains much misunderstanding of the interrelationship between Islam and Christianity, both their commonalities and differences. Andrei Younis elucidates esoteric reasons behind the emergence of

Islam from the perspective of Steiner's Spiritual Science. He draws on more than thirty years of studying Steiner's works as well as on first hand knowledge gained from living in various Islamic countries and cultures. His purpose is to reconcile the origins, beliefs and meanings of Islam and Christianity. Looking closely at the history and various manifestations of Islam, Younis discusses the spiritual impulses behind Islamic beliefs and practices, grounding his commentary in both the Koran and the Bible. Comprehending this anthroposophic perspective on the emergence of Islam is key to understanding why Islam manifests as it does today. Whereas this book will be enlightening and even surprising to most open minded Western readers, it is not meant to be a foundation for beliefs or non belief but as a springboard for thought and new avenues of understanding and compassion in a dangerous time. *Science of Love with Key to Immortality* Ida Mingle, 1950
