Competitiveness, Subsidiarity and Industrial Policy Pat J. Devine, Yannis S. Katsoulacos, Roger Sugden, 2005-08-18 Leading international economists examine the relationship between competitiveness and community objectives the co existence of diversity subsidiarity and EU industrial policy and the consequences of further European integration

East Asian Direct Investment in Britain Philip Garrahan, John Ritchie, 2013-10-23 The contributions investigate indicators of change and the interaction with FDI from East Asia against the background of changes in the regional economy since the mid 1980s They discuss in particular how the North tackled long term decline and the long term implications for

the region Transcultural Marketing for Incremental and Radical Innovation Christiansen, Bryan, Yıldız, Salih, Yıldız, Emel, 2013-11-30 As technology continues to drive innovation and impact societies across multiple national boundaries and cultures new approaches towards marketing products must be created and implemented to be successful in an era of hypercompetition Transcultural Marketing for Incremental Radical Innovation provides in depth discussion on tactics for improving existing products while inventing completely new products and product categories This publication will prove to be helpful for scholars practitioners and university students who wish to better understand the importance of marketing products and services across different cultures and multiple languages Global Political Economy and New World Disorder Sean Creaven, 2025-04-24 Drawing upon a range of resources of critique including critical realist social theory realist international relations theory the sociology of globalization the Marxist critique of imperialism and dependency theory this book is an essential contribution to the critical understanding of nationalism and imperialism in the global age It conducts a sustained and in depth analysis of the relations between the asymmetry in the distribution of economic resources and powers of command and the recent play of political events involving imperialist wars including the Russo Ukrainian and Israeli Hamas wars Crucially the author argues that establishing these connections requires theorizing political economy in the so called global age as comprised of neoimperial and neoliberal orders As such the book offers a new interpretation of the relations between neoliberalism and neoimperialism and between modes of organizing social relations and resulting global disorders and instabilities This will therefore be of interest to researchers scholars and students working at the intersection of global political economy international relations and the sociology of globalization *Globalisation contested* Louise Amoore, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license This exciting book provides an illuminating account of contemporary globalisation that is grounded in actual transformations in the areas of production and the workplace It reveals the social and political contests that give global its meaning by examining the contested nature of globalisation as it is expressed in the restructuring of work Rejecting conventional explanations of globalisation as a process that automatically leads to transformations in working lives or as a project that is strategically designed to bring about lean and flexible forms of production this book advances an understanding of the social practices that constitute global change Through case studies that span from the labour flexibility debates in Britain and Germany to the strategies and tactics of corporations and workers the author examines how globalisation is interpreted and experienced in everyday life Contestation she argues is about more than just direct protests and resistances It has become a central feature of the practices that enable or confound global restructuring This book offers students and scholars of international political economy sociology and industrial relations an innovative framework for the analysis of globalisation and the restructuring of work *Globalization and Social Change* Johannes Dragsbaek Schmidt, Jacques Hersch, 2003-10-04 An innovative and forward looking volume which challenges conventional thinking

regarding the inevitability of globalisation Essential reading for those interested in the development of and the potential alternatives to globalisation **The Communications Industries in the Era of Convergence** Catherine E. A.

Mulligan,2013-03-01 This book provides a unique view of the evolution of these industries drawing out how technology and economic forces have worked together to create platforms around which different companies interact Through identifying the key aspects of this evolution over the past decades the author is able to put forward a unique view of the emerging industrial structure of the communications industries the formation of an Information Driven Global Commodity Chain one that holds both incredible promise and challenges for our world China as the Workshop of the World Yuning

Gao,2012-04-27 Is China becoming the workshop of the world in the same way as Britain and the United States once were or is China as some multinational companies believe simply a processing segment in global production networks This book examines China s role in the international division of labor it analyzes the scale and scope of China s manufacture the type and relative sophistication of its exports in the world market and its position in the global value chain It shows that China monopolizes industrial production by being the processing center of world Based on extensive original research this book examines the structure of production in global manufacturing industries applying both qualitative and quantitative methods It analyzes each segment of the value chain exploring in depth several specific industrial sectors It concludes that China has become deeply integrated into global manufacturing industry that China s position in the value chain is still quite low with relatively low research and development R but that in some sectors China is catching up rapidly especially in newly emerging sectors **Globalization in Africa** Etham B. Mijah,Moses E. U. Tedheke,Usman A. Tar,2016-10-28 This book presents

critical perspectives on the impacts of globalization in Africa with particular reference to the crisis of development and governance the crisis of peace and security and the environmental crisis It explores both global and local factors that exacerbate these crises and seeks solutions to these challenges With a strong slant on African experience and perspectives the book reveals that globalization has presented Africa with both challenges and opportunities for governance and existence in an increasingly inter connected planet *Handbook on Transnationalism* Yeoh, Brenda S.A.,Collins, Francis

L.,2022-01-18 Providing a critical overview of transnationalism as a concept this Handbook looks at its growing influence in an era of high speed globalised interconnectivity It offers crucial insights on how approaches to transnationalism have altered how we think about social life from the family to the nation state whilst also challenging the predominance of methodologically nationalist analyses The Future of the German Economy Rebecca Harding,William E. Paterson,2000

Flagships of Imperialism is the first scholarly monograph on the history of the P O the founders attitudes to technical advances the shareholding base the company s involvement in the opium trade and with its acquisition of mail Admiralty and other government contracts It was the P O s status as a government contractor which above all else implicated its fortunes in the wider politics of empire as illustrated by the book s concluding account of the company s rescue from the edge of a financial

precipice by the award of a new government mail contract prompted among other things by the Abyssinian expedition of 1867 Flagships of Imperialism will be of interest to transport and company historians and to historians of the British empire alike as well as to anyone interested in the history of British ships and shipping in the nineteenth century *Rethinking the Labour Movement in the 'New South Africa'* Franco Barchiesi,2019-01-15 Title first published in 2003 In recognition of the power of organised labour the ANC Government elected in 1994 granted South Africa's unions unprecedented legal and constitutional rights Despite these gains the country's unions have faced a fresh set of challenges many of them emanating from their political allies in Government From Parliament to the factory floor South Africa's unions are now confronted with threats as dangerous as those they confronted when organising illegally in the heyday of apartheid The purpose of this book is to examine how South African unions have responded and how well prepared they are to meet the challenges that confront them in the new millennium *Future States* Stephen Paul Haigh,2016-04-15 Globalization consists of an interlocking array of political economic social and cultural forces that challenge the traditional international order in two key ways First states historically had hard shells by means of which they were capable of consolidating differences between inside and outside to the point where the latter could more easily be quarantined Second for closely related reasons they were largely able to absorb domestic society such that the individual was less a citizen than a subject But through globalizing processes these dubious attributes have been starkly exposed which leads Haigh to ask Whither the state under globalization Insightful and well written this book is sure to spark lively debate while attempting to answer its central question Political Ecology, Food Regimes, and Food Sovereignty Mark Tilzey,2017-10-20 This book asks how we are to understand the relationship between capitalism and the environment capitalism and food and capitalism and social resistance These questions come together to form a study of food regimes and the means by which capitalism organises both the environment and people to provision its distinctive system of ever expanding consumption with food Political Ecology Food Regimes and Food Sovereignty explores whether there are environmental limits to capitalism and its economic growth by addressing the ongoing and inter linked crises of food fossil fuels and finance It also considers its political limits as the globally burgeoning precariat peasants and indigenous people resist the further commodification of their livelihoods This book draws from the field of Political Ecology to approach new ways of analysing capitalism the environment and resistance and also to propose new solutions to the current agro ecological economic crisis It will be of particular interest to students and academics of Environmental Sociology Human Geography and Environmental Geography **Organizational Culture and Behavioral Shifts in the Green Economy** Sima, Violeta,2018-06-22 Business development in the contemporary world takes place in an economically politically and socially complex environment Today it is necessary to recognize the tremendous cultural diversity of the world and it is essential to consider the specific cultural values in managerial strategy and business practice worldwide Organizational Culture and Behavioral Shifts in the Green Economy provides emerging research on the

relationships between organizations in the context of culture and diversity within a sustainable economy This book provides important insights into topics such as circular economy green advertising and sustainable development Additionally it addresses the significance of concepts such as culture organizational culture individual culture and the style of leadership which have been the concern of many management professionals and scholars This publication is a vital resource for business managers professionals practitioners students and researchers seeking current research on the impact of organizational culture and behavioral shifts on sustaining a green economy

Globalization Jan Aart Scholte, 2017-03-16 This highly acclaimed bestselling textbook quickly established itself as one of the leading texts on the subject worldwide in its 1st edition Now substantially revised and updated Scholte provides students with a comprehensive introduction to globalization and questions why this phenomenon has occurred to what extent it changes the world and whether it is a force for good or ill Accessibly written by a leading authority both as an academic researcher and a policy consultant this second edition draws on the author's research in more than 20 countries over 5 continents Split into 3 parts the text first outlines a critical framework for understanding globalization before exploring its impact on society and the key debates surrounding its normative impact Exploring questions such as what globalization is how it has emerged and what effect it has had on society this text is essential reading for undergraduate and postgraduate students seeking a thorough study of globalization New to this Edition A broader perspective on all the dimensions of globalization Makes use of the extensive new data and research findings since the first edition was released Draws more widely from other fields such as Business Studies Law and Economics

Exploring the Networked Worlds of Popular Music Peter Webb, 2010-06-10 This book assesses sociological and cultural attempts to theorize the worlds of popular music production It offers and develops a new theoretical matrix that can illuminate these trends in a more complex and instructive way

Arms in Academia Elliot Murphy, 2020-07-26 This book studies how the arms trade has continued to receive generous state subsidies along with less direct forms of financial and intellectual support from academia in the UK It examines the ways in which arms dealing has contributed to the violation of human rights in the Middle East North Africa South America Indochina and other regions of intense conflict and in doing so reveals how the industry sells a particular image of itself to the public The volume Extensively covers the arms trade and its impact across the world Shows how the UK arms trade has developed research investment and consultancy links with universities museums and other public institutions Discusses the future of the arms trade and explores alternatives in terms of job opportunities economic growth and academic research criteria A major intervention in international politics this volume will be of great interest to scholars and researchers of military and strategic studies international relations human rights and the social sciences in general It will also be of interest to policy analysts and defence professionals
