Adams,2008 Laredo is a city at the crossroads of North American history Founded by the Spanish in 1755 it has stood at the intersection of regional commerce since its earliest days Now John A Adams Jr provides the first ever panoramic business

and economic history of Laredo. He traces the evolution of the region from its early days as a ranching center into the mid twentieth century when Laredo had become what it remains today a booming port of trade and a principal center of commerce and financial services on the southern border of the United States. In *Commerce and Conflict on the Rio Grande*, Adams demonstrates how the increasingly diversified economy of the region fed the fortunes of the city. His narrative buttressed throughout by tables and statistics paints a vivid mural of both the economic forces and the farsighted and ambitious individuals that combined to bring prosperity to this unique American city. Readers will find a wealth of insights into regional economics, history, and borderlands themes.
