Congress. Senate. Committee on Armed Services. Subcommittee on Emerging Threats and Capabilities,2002 Militant Competition Justin Conrad,William Spaniel,2021-09-30 Militant groups often use violence perversely to gain attention and resources In this book the authors analyze how terrorist and rebel organizations compete with one another to secure funding and supporters The authors develop a strategic model of competitive violence among militant groups and test the model s implications with statistical analysis and case studies A series of model extensions allow the authors to incorporate the full range of strategic actors focusing in particular on government efforts to counter and deter violence The results indicate that the direct effects of competition are not as clear as they may seem and interventions to alter competitive incentives may backfire if states are not careful This is a timely contribution to a growing body of political economy research on militant group fragmentation rivalry fratricide and demonstrative violence *U.S. Policy Towards Iraq and Syria and the Threat Posed by the Islamic State of Iraq and the Levant (ISIL)* United States. Congress. Senate. Committee on Armed Services,2015 Silent Terrorism A Look at American Racism and Hypocrisy George Foster,2021-07-29 The last six words in the Pledge of Allegiance With liberty and justice for all continue to ring hollow for many Americans and will continue to do so until it becomes clear to all Americans that it is as difficult for the African American community to see justice in the continued murders of unarmed black men at the hands of men and women in blue as it was for white America to see justice in the acquittal of O J Simpson in the murder of Nicole Brown Simpson twenty plus years ago Silent Terrorism A Look at American Racism and Hypocrisy was written in hopes of opening dialogue and stimulating conversation about race in America I have been blessed to travel to many countries outside the United States of America giving me a very good understanding and appreciation of the benefits of being born a citizen of the greatest country in the world As great as this nation is as a whole as honorable as its ideals are the founding fathers left huge holes in its foundation related to race and racism which continue to divide our nation today The tactics techniques and procedures TTPs used by racist men in our society today differ from those of their forefathers Their TTPs continue to evolve change and are embedded in every facet of our lives our justice system and our government which from its inception has been a state sponsor of terrorism racism within its borders One can argue that many of the atrocities committed by the founding fathers

and other immigrants from Great Britain were necessary to establish and build this nation that excuse cannot be used to explain the continued racism voter disenfranchisement repealing of the Voting Rights Act many of today s laws and a grand jury system that continues to allow for the murders of unarmed black Americans Supreme Court Justice Antonin Scalia said most of the black scientists in this country do not come from the most advanced schools and black students do better at slower tracked schools Scalia continued to express his racist views from the bench when he said students of color are being pushed into schools that are too advanced for them due to race conscious affirmative action policies
