Logic Of Political Violence

A. Quiroga

Logic Of Political Violence:

Political Violence in Context Lorenzo Bosi, Niall Ó Dochartaigh, Daniela Pisoiu, 2024-08-30 Context is crucial to understanding the causes of political violence and the form it takes This book examines how time space and supportive milieux decisively shape the pattern and pace of such violence While much of the work in this field focuses on individual psychology or radical ideology Bosi Dochartaigh Pisoiu and others take a fresh innovative look at the importance of context in generating mobilisation and shaping patterns of violence The cases dealt with range widely across space and time from Asia Africa and Europe to the Americas and from the Irish rebellion of 1916 through the Marxist insurgency of Sendero Luminoso to the Invisible Commando of Côte d'Ivoire They encompass a wide range of types of violence from separatist guerrillas through Marxist insurgents and Islamist militants to nationalist insurrectionists and the distinctive forms of urban violence that have emerged at the boundary between crime and politics Chapters offer new theoretical perspectives on the decisive importance of the spatial and temporal contexts and supportive milieux in which parties to conflict are embedded and from which they draw strength

The Logic of Violence in Civil War Stathis N. Kalyvas, 2006-05-01 By analytically decoupling war and violence this book explores the causes and dynamics of violence in civil war Against the prevailing view that such violence is an instance of impenetrable madness the book demonstrates that there is logic to it and that it has much less to do with collective emotions ideologies and cultures than currently believed Kalyvas specifies a novel theory of selective violence it is jointly produced by political actors seeking information and individual civilians trying to avoid the worst but also grabbing what opportunities their predicament affords them Violence he finds is never a simple reflection of the optimal strategy of its users its profoundly interactive character defeats simple maximization logics while producing surprising outcomes such as relative nonviolence in the frontlines of civil war

The Routledge Companion to Social Media and Politics Axel Bruns, Gunn Enli, Eli Skogerbo, Anders Olof Larsson, Christian Christensen, 2015-12-22 Social media are now widely used for political protests campaigns and communication in developed and developing nations but available research has not yet paid sufficient attention to experiences beyond the US and UK This collection tackles this imbalance head on compiling cutting edge research across six continents to provide a comprehensive global up to date review of recent political uses of social media Drawing together empirical analyses of the use of social media by political movements and in national and regional elections and referenda The Routledge Companion to Social Media and Politics presents studies ranging from Anonymous and the Arab Spring to the Greek Aganaktismenoi and from South Korean presidential elections to the Scottish independence referendum The book is framed by a selection of keystone theoretical contributions evaluating and updating existing frameworks for the social media age

The Oxford Handbook of Terrorism Erica Chenoweth, Richard English, Andreas Gofas, Stathis N. Kalyvas, 2019-03-14 The Oxford Handbook of Terrorism systematically integrates the substantial body of scholarship on terrorism and counterterrorism before and after 9 11 In doing so it introduces scholars

and practitioners to state of the art approaches methods and issues in studying and teaching these vital phenomena This Handbook goes further than most existing collections by giving structure and direction to the fast growing but somewhat disjointed field of terrorism studies The volume locates terrorism within the wider spectrum of political violence instead of engaging in the widespread tendency towards treating terrorism as an exceptional act Moreover the volume makes a case for studying terrorism within its socio historical context Finally the volume addresses the critique that the study of terrorism suffers from lack of theory by reviewing and extending the theoretical insights contributed by several fields including political science political economy history sociology anthropology criminology law geography and psychology In doing so the volume showcases the analytical advancements and reflects on the challenges that remain since the emergence of the field in the early 1970s

The Great Fear James Harris, 2016-02-25 Between the winter of 1936 and the autumn of 1938 approximately three quarters of a million Soviet citizens were subject to summary execution More than a million others were sentenced to lengthy terms in labour camps Commonly known as Stalin s Great Terror it is also among the most misunderstood moments in the history of the twentieth century The Terror gutted the ranks of factory directors and engineers after three years in which all major plan targets were met It raged through the armed forces on the eve of the Nazi invasion The wholesale slaughter of party and state officials was in danger of making the Soviet state ungovernable The majority of these victims of state repression in this period were accused of participating in counter revolutionary conspiracies Almost without exception there was no substance to the claims and no material evidence to support them By the time the terror was brought to a close most of its victims were ordinary Soviet citizens for whom counter revolution was an unfathomable abstraction In short the Terror was wholly destructive not merely in terms of the incalculable human cost but also in terms of the interests of the Soviet leaders principally Joseph Stalin who directed and managed it The Great Fear presents a new and original explanation of Stalin s Terror based on intelligence materials in Russian archives It shows how Soviet leaders developed a grossly exaggerated fear of conspiracy and foreign invasion and lashed out at enemies largely of their own making

The Palgrave Handbook of Global Political Psychology H. Dekker, 2016-04-30 This collection recalibrates the study of political psychology through detailed and much needed analysis of the discipline s most important and hotly contested issues It advances our understanding of the psychological mechanisms that drive political phenomena while showcasing a range of approaches in the study of these phenomena

Urbicide Martin Coward, 2008-09-30 The term urbicide became popular during the 1992 95 Bosnian war as a way of referring to widespread and deliberate destruction of the urban environment Coined by writers on urban development in America urbicide captures the sense that the widespread and deliberate destruction of buildings is a distinct form of violence Using Martin Heidegger s notion of space and Jean Luc Nancy s idea of community Martin Coward outlines a theoretical understanding of the urban condition at stake in such violence He contends that buildings are targeted because they make possible a plural public space that is contrary to the

political aims of ethnic nationalist regimes Illustrated with reference to several post Cold War conflicts including Bosnia Chechnya and Israel Palestine this book is the first comprehensive analysis of organised violence against urban environments It offers an original perspective to those seeking to better understand urbanity political violence and the politics of exclusion

Evaluating the Political Rationality of Terrorist Groups Eric van Um, 2015-11-10 This book improves our understanding of terrorists motivations and rationality and may ultimately also indicate how to respond to the phenomenon of terrorism In his research studies Eric van Um explores the political rationality of terrorist groups The political rationality model builds on rational choice theory It demands that terrorist groups take into account the costs and benefits of their available options and choose the option promising them the highest political utility Testing the explanatory power of this model is relevant as rational choice approaches have become very prominent in terrorism research But at the same time their empirical power remains highly contested Increased knowledge of the political rationality model not only promises added value for terrorism research itself but also for social sciences more generally

The Problem of Political Foundations in Carl Schmitt and Emmanuel Levinas Gavin Rae, 2016-09-17 In this book Gavin Rae analyses the foundations of political life by undertaking a critical comparative analysis of the political theologies of Carl Schmitt and Emmanuel Levinas In so doing Rae contributes to key debates in contemporary political philosophy specifically those relating to the nature of and the relationship between the theological the political and the ethical as well as those questioning the existence of ahistoric metaphysical ontological and epistemological foundations While the theological is often associated with belief in a fixed foundation such as God or the truth of a religion Rae identifies another sense rooted in epistemology On this understanding the ontological limitations of human cognition mean that ultimately human truth is based in faith and so can never be certain The argument developed suggests that Levinas conception of the political is grounded in theology in the sense of religion particularly the revelations of Judaism For this reason Levinas claims that the political decision is based on how to implement a prior religiously inspired norm justice Schmitt in contrast develops a conception of the political rooted in epistemic faith to claim that the political decision is normless While sympathetic to Schmitt s conception of theology and its relationship to the political Rae concludes by arguing that the emphasis Levinas places on responsibility is crucial to understanding the implications of this The continuing relevance of Schmitt s and Levinas political theologies is that they teach us that while the political decision is ultimately normless we bear an infinite responsibility for the consequences of this normless decision

Globalization from Below Donatella Della Porta, Presenting the first systematic empirical research on the global justice movement Globalization from Below analyzes a movement from the viewpoints of the activists organizers and demonstrators themselves The authors traveled to Genoa with anti G8 protesters and collected data from more than 800 participants They examine the interactions between challengers and elites and discuss how new models of activism fit into current social movement work

Derrida and the Political Richard Beardsworth, 2013-04-15 Jacques Derrida one of the most influential controversial and complex

thinkers of our time has come to be at the centre of many political debates This is the first book to consider the political implications of Derrida s deconstruction It is a timely response both to Derrida s own recent shift towards thinking about the political and to the political focus of contemporary Continental philosophy Richard Beardsworth s study Derrida and the Political locates a way of thinking about deconstruction using the tools of political philosophy Richard Beardsworth has provided students of philosophy politics and critical theory with a thought provoking upper level introduction to Derrida a work as a political theorist Preventing and Countering Violent Extremism and Radicalisation Teresa C. Silva, Marzena Kordaczuk-Was, 2024-11-29 EPUB and EPDF available open access under CC BY NC ND licence How can we use evidence to improve deradicalisation and violence prevention outcomes Based on work developed during the implementation of the cross European INDEED project this is an essential reference book for practitioners researchers and policy makers It sets out the three pillars of best evidence based practice scientific evidence professional judgement and consideration of clients preferences values and beliefs Demonstrating both successful and unsuccessful approaches with case studies from the field the book offers practical strategies for prevention teams designing and evaluating their programmes The Logic of Political Violence Craig Rosebraugh, 2004 A political and social revolution is needed in the United States to destroy a system of governing that has proven itself unable to provide for the needs of its people Furthermore it is beyond necessary to rid the world of a political system that has demonstrated itself to be one of the greatest if not the greatest terrorist organizations in planetary history Introduction **Intelligence Report**, 2004 Contemporary Terrorism Studies Diego Muro, Tim Wilson, 2022 When do individuals radicalise Can terrorism be rational How can we define terrorism What is the role of women in terrorism Can states be terrorist World leading experts answer these questions in Contemporary Terrorism Studies the first textbook to provide a multi disciplinary methodologically plural and richly diverse introduction to terrorism studies Contemporary Terrorism Studies covers the main approaches in terrorism studies and is structured into three comprehensive sections The first on The State of Terrorism Studies maps the development and historical context of the discipline and looks to the future of terrorism studies Part two on Issues and Debates in Terrorism Studies examines key contentious questions and debates such as the role of women technology and the media in terrorism The final part part three on Countering Terrorism focuses specifically on counterterrorism it s instruments foreign policy legal frameworks and organisations Overall text will engage students and establish a confident understanding of the subject The textbook has been developed with pedagogical features to help enhance student learning Each chapter contains case studies to highlight real world examples of political violence questions for reflection to encourage critical thinking and suggestions for further reading which provide useful sources for further reading essays and exam preparation Furthermore a consistent accessible tone and jargon free writing style makes Contemporary Terrorism Studies the clearest guide to understanding terrorism Digital formats and resources Contemporary Terrorism Studies is available for students and institutions to purchase in a variety of formats and is

supported by online resources The e book offers a mobile experience and convenient access along with hyperlinks to question pointers and a library of web links helping you to broaden your knowledge and understanding terrorism studies www.oxfordtextbooks.co.uk/ebooks Student resources additional case studies guidance on accessing databases pointers for tackling the questions for reflection and suggested web links organised by chapter are available online Lecturer resources customisable PowerPoint slides to adapt and use in teaching

Transforming Violent Political Movements Kevin E. Grisham, 2014-03-21 This book explores the factors that influence violent rebellious political organisations to transform into other entities such as political parties criminal organisations and terrorist organisations From the end of the Second World War until 1990 many events in the world centred on the bipolar struggle between the United States and the USSR Although there were numerous civil wars occurring during the Cold War era many of these conflicts went virtually unnoticed unless they were linked to the Cold War struggle for ideological dominance In the aftermath of the fall of the Soviet Union the number of intra state conflicts was prevalent around the globe Along with the occurrence of civil wars a variety of violent political movements also developed Examining cases from Latin America Africa Europe and Asia this book addresses how violent political movements transform during and after conflict into new types of organisations using the collective political violence transformative CPVT model The study uses a combination of pre existing literature from the fields of sociology and political science archival research and interviews with movement members former and active conducted by the author In studying the Provisional IRA and Sinn Féin in the Spear of the Nation MK and the African National Congress ANC the Abu Sayyaf Group and the Revolutionary Armed Forces of Colombia FARC EP *Transforming Violent Political Movements* paints a picture of organisations that have to respond to their environments to survive This book will be of much interest to students of political violence terrorism war and conflict studies security studies and IR

The Dramatic Society Klaas Tindemans, 2022-10-26 All societies are by their very nature dramatic They present themselves especially for those who want to look back in time as a fascinating and confusing whole of theatrical events and constructions Sometimes the theatre itself succeeds in capturing that fascination and confusion This book

describes the dramatic society in the form of case studies that link politics history and culture The Dramatic Society uses selected plays to examine specific moments in history Its range of subjects are extremely diverse including Medea as an icon of terrorism a choreography based upon Shakespeare s As You Like It horror movies about the German unification a truth commission dealing with human zoos and the reconstruction of Ai Weiwei s troubles with the tax authorities This collection of insightful essays deals with theatrical performances including happenings installations and movies of the past fifty years with every chapter attempting to link artistic events with politics and political theory from Hannah Arendt to Slavoj i ek This is a revealing assessment of the ways in which drama and politics become intertwined offering crucial insights for scholars and students of theatre studies performance studies contemporary politics and cultural studies The Majesty of the People Georgina Green,2014-02-13 The Majesty of the People links emerging Romantic ideas about the role of the writer to the ambivalence of the concept of popular sovereignty By closely examining how theories about the role of the intellectual or the writer are developed as part of the 1790s contestation of the concept of the majesty of the people Georgina Green provides a coherent account of debates about popular sovereignty and contributes to understanding of authorship and the rise of culture in this period Part one the political existence of the people shows how the history of ideas about the political role of the people in the eighteenth century meant there was a role for writers and organisations who could challenge the invisibility of the people out of doors Part two the sovereignty of justice shows how this urge to give the people a tangible form was moderated by the tension between the sovereignty of will and the sovereignty of justice a tension foregrounded by Revolutionary France and addressed in the writing of Thomas Paine Helen Maria Williams and William Godwin Part three analyses how this potential tension between popular sovereignty and absolute values such as reason justice or divinity pressurizes Wordsworth and Coleridge s conception of their role as writers These enquiries demonstrate the impact of the idea of the Majesty of the People in the 1790s and in emerging conceptions of the role of culture in society **Making Spaniards** A. Quiroga,2007-07-12 The regime of Primo de Rivera in Spain was one of the major dictatorships of the interwar period Making Spaniards examines how the military regime created nationalist doctrine rituals and symbols and how these were transmitted throughout Spanish society in an attempt to make new authoritarian Spaniards and halt democratic reform

The Enigmatic Realm of **Logic Of Political Violence**: Unleashing the Language is Inner Magic

While this might not be the Logic Of Political Violence full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Logic

Of Political Violence eBooks, including some popular titles.

FAQs About Logic Of Political Violence Books

What is a Logic Of Political Violence PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Logic Of Political Violence PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Logic Of Political Violence PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Logic Of Political Violence PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Logic Of Political Violence PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
