How to use Artificial Intelligence to grow your Wealth Vito Lira, A lot of trading education books teach a top-down or a bottom-up approach, how about the right way, approach and doing it the right way from day one. Mostly all of the trading books teach this business not only wrong but they teach it unrealistically, why would you want to learn this way and perhaps do something that could cause you to lose your money? I have written this book series in a way I feel the progression of information should be learned to be able to go into the live markets with confidence and no fear. The principles in *How to use Artificial Intelligence to grow your Wealth* can be used in any market on any time frame; it does not matter. This is what makes the information so valuable, and I give it to you right here in this book and in one place at one time. You're welcome. *How to use Artificial Intelligence to grow your Wealth* is meant to expedite your learning curve, which can sometimes be long and costly. Sure, you can Google this or that information; however, it would take you many years to learn what I am going to tell you in this book before you could invest any of your hard-earned real money in the live markets and have a chance making real money. *How to use Artificial Intelligence to grow your Wealth* is meant to give you the basic information you need to make a decision as to whether to get into this business or not. If you are thinking that trading and investing in the live market with your hard-earned real money is going to be easy and you are going to make millions of dollars, doing it, you are in for a rude and very expensive awakening. Don't get me wrong; you can and will make some money every day in the live markets, perhaps LOTS OF IT if you do what it says in *How to use Artificial Intelligence to grow your Wealth*. Nothing in the market is

guaranteed it's about putting all the probabilities of having a positive outcome as a market participant in your favor that helps you win let's start doing that right now in this book shall we *Beginners Day Trading Wealth Guide* Joseph Dinaru, It is huge step when you make the decision to become a trader Most brand new traders are getting into this business because they think they can make quick money and become rich beyond their dreams and while that could happen and may be true it is not as easy as one thinks and certainly will not happen as soon as one thinks It is not about how much you know in the investing and trading business but about the quality of what you know There is a certain progression of things every new trader must learn before going into the live market and working with real money *Beginners Day Trading Wealth Guide* tells you what to learn first and foremost as a beginner so you can be successful and start making money right away *Beginners Day Trading Wealth Guide* is specifically written for brand new self directed traders to give them some money making techniques for consistent high profits from trading to get them started so they don't have to do a lot of searching around and perhaps waste a lot of time and money *Beginners Day Trading Wealth Guide* is going to detail a lot of what the brand self directed new traders need to know right away to be able to make real money right away It is completely up to you to learn this business the right way Will you *Beginners Day Trading Wealth Guide* gives you clear concise information it would take you years to find out on your own before you could begin to have any chance at making a real income from the live markets The live markets are not for the weak minded or untrained and should you decide to go in there unprepared or under prepared and without an edge as a beginner self directed retail trader only one thing will happen you'll get FUBAR Don't be that trader When you are done reading *Beginners Day Trading Wealth Guide* you will have an excellent basic explanation of what and what not to do before you even study anything or do any kind of education The information in *Beginners Day Trading Wealth Guide* will put you on the fast track to wealth and becoming a successful self directed investor and trader
