My Spiritual Awakening Judith Dennis, 2009-12-04 This book is the mirror to my soul It tells about how I felt when certain things came into my life It also explains how I saw the things that God the Father created It is a depiction of my feelings when I received the Spirit of the Lord and let Him lead me down the path of righteousness I have been writing this book for over twenty years It did not start out as a book I first was just writing down my spiritual thoughts that the spirit told me to write in journals that I kept The Spirit of the Lord would wake me from a sound sleep and through thoughts put these words into my head My children are the ones who encouraged me to turn these writings into a book I thought that was flattering and I considered doing so but the spirit did not give me the go ahead until now I guess He was not through telling me what to write I kept reading my bible and going to church and getting closer and closer to my savior Jesus Christ I literally fell in love with God the father and Jesus Christ the son When I received the Holy Spirit I didn't know what was happening to me I felt a burning sensation as if I was on fire and I saw red when I closed my eyes I went into a deep sleep and when I awoken in the morning I felt brand new I wanted to pick up the bible and start reading what thus sayeth the Lord That was the best feeling I have ever had not even when I gave birth to my two children did I feel that sensation Getting to know God and feeling His spirit within you is the greatest feeling in the world I was taught who God the father is and why Jesus was sent to die for us I learned how to live a peaceful and joyous life and to keep them both in my sight so that when I came to the light I could follow them I was taught that I could receive eternal life if I keep the faith believe that Jesus Christ is the Son of God Confess that He died for my sins and turn from my wicked ways be water baptized and spirit filled than I would be saved This is a wonderful feeling to have I hope I give whoever reads this word inspiration to get to know the

Hite,2013-03-27 This is a book of history ethics and philosophy It is a record of teachings passed down through the generations from the East and the West It contains the fullness of the sealed covenant established between man and the laws

of the universe As we evolve as a race we take things out of our lives because we better understand who we are and what we have achieved The divine refers to the laws of nature and the universe that guide us in our everyday lives The creator that guides our everyday lives is not something that we should worship or pray to out of fear or love it is something that remains unseen and works in natural forces to explain all the events that happen on Earth It is merely a force and it is not necessary to belong to a group to experience the light The path to the light is straight and broad The creator of the universe is a divine and intellectual force by which all things came into being The sealed covenant is a pact between all of humanity to the world around us and the universal laws that guide our everyday lives to come together and love one another and come to make the world a better place for all people This shall usher in the evolution of religious traditions and humanity to a new age of prosperity
