Current Opinion, 1898 *Magic and Management* G. Caravantes, W. Bjur, 2003-03-31 Whereas many recommend a paradigm change in order to cope with modern complexities Caravantes and Bjur urge executives not to change their operating paradigms but rather to become paradigm competent that is knowledgeable and competent in several ways of understanding and analyzing the working world Four major paradigms are described positive science quantum physics oriental mysticism and existentialism The authors recognize that executives often are obligated to make important choices despite insufficient data and the inability to predict future outcomes Hunches that one action is to be preferred over others are examples of high level managers making use of more than rational intuitions defined as knowing without knowing how you know The authors think of this as a kind of subconscious magic not taught or developed in the curricula of schools of management where the emphasis is on technical rationality and technique The authors emphasize the importance of subconscious perceptions in enabling an executive's access to infra conscious extra rational or magic capabilities and discuss some modern techniques that can be used to enhance an executive's magic and charisma *Magic and Management* is a fourth book co authored by Bjur and Caravantes until now published and marketed in Brazil Their work is based on three decades of multi cultural analysis and observation of management theory as it is practiced in many different countries This work is designed for the experienced manager who desires to enhance personal knowledge and discover inherent possibly hidden abilities to excel in leadership The Outlook Lyman Abbott, Hamilton Wright Mabie, Ernest Hamlin Abbott, Francis Rufus Bellamy, 1923 *How to Be Wise and Successful* Warren W. Burnham, 2023-01-19 There are a few truths that are woven throughout this book In a way it is also a story of my own life First realize that life is difficult and very complicated however all you need to know about how to succeed is stated with assurance in Psalm 1 Read it Meditate on it daily Heed it You will succeed There may be times in the first second or third quarters of life that you may feel like a failure but if you continue reading heeding and meditating on the principles of Psalm 1 you will get back up on your feet and go on with success At the end of the game of life you will be successful ultimately in eternity And if you read daily heed and meditate on the book of Proverbs you will gain wisdom You will be wise knowing that all wisdom comes from God and only from God The good news from these truths absolute truths is that it will be well for you It will be for your own good There is no other way for you to be truly wise and succeed in life Therefore reading the Bible daily to keep these truths in your mind is the way to be wise and successful **The Complete Angler, Or, The Contemplative Man's Recreation** Izaak Walton, Charles Cotton, 1860
