Lectures On Judaism In The Academy And In The Humanities:

Lectures on Judaism in the Academy and in the Humanities Jacob Neusner, 1990 Jewish Studies as Counterlife Adam Zachary Newton, 2019-06-04 This book tells the story of a Jewish Studies that hasn't fully happened at least not yet. Newton asks what we mean when we say Jewish Studies and when we imagine it not as mere amalgam but as a project. Jewish Studies offers a unique perspective from which to view the horizon of the academic humanities because although it arrived belatedly it has spanned a range of disciplinary locations and configurations from an origin story in nineteenth century historicism and philology to the emancipatory politics of the Enlightenment to the ethnicity driven pluralism of the postwar decades to more recent configurations within an interdisciplinary cultural studies. The conflicted allegiances with respect to traditions disciplines divisions stakes and stakeholders represent the structural and historical situation of the field as it comes into contact with the humanities more broadly. At once a literary and philosophical thinker Newton deploys a tableau of texts in concert with an ensemble of vivid elastic tropes not only to theorize Jewish Studies but also to reimagine it as an agent of that potency. Jacques Derrida calls leverage a force multiplier for the field's multiple possibilities. In refiguring a Jewish Studies to come the book intervenes in a broader discourse about the challenge of professing disciplinary knowledges while promoting transit across their boundaries. Jewish Studies as Counterlife further amplifies Newton's career long articulation of the dialogic as the staging ground of ethical encounter.

The Academy and Traditions of Jewish Learning Jacob Neusner, 1993 **The Documentary History of Judaism and Its Recent Interpreters** Jacob Neusner, 2012-07-10 The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis. It is the first major outcome of that hypothesis but there are other implications and a variety of new problems emerge from time to time as the work proceeds. In the recent past Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon. At the same time Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications. Here Neuser has collected some of the more ambitious ventures into the hypothesis and its current recapitulations. Neusner begins with the article written by Professor William Scott Green for the Encyclopaedia Judaica second edition as Green places the documentary hypothesis into the context of Neusner's entire oeuvre. Neuser then reproduces what he regards as the single most successful venture of the documentary hypothesis contrasting between the Mishnah's and the Talmuds programs for the social order of Israel the doctrines of economics politics and philosophy set forth in those documents respectively. Then come the two foci of discourse Halakhah or normative law and Aggadah or normative theology. Professors Bernard Jackson of the University of Manchester England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neusner has devised and Kevin Edgecomb of the University of California Berkeley has produced a remarkable summary of the theological system Neusner discerns in the Aggadic documents. Neusner concludes with a review of a book by a critic

of the documentary hypothesis **Three Questions of Formative Judaism** Jacob Neusner, 2021-10-01 The academic study of Judaism requires a systematic inquiry into the history literature and religion and eventually the theology as revealed in the historical documents themselves Under this premise Three Questions of Formative Judaism encounters the canonical writings of Judaism in the context of their creation at a certain time and place How something is said thus becomes as important as what is said Bringing nearly fifty years of research to bear on these fundamental questions Jacob Neusner challenges his readers to face the difficult often unasked or neglected questions about the nature background and purposes of Rabbinic Judaism and rewards them with an enriched understanding and a stronger foundation for tackling the even more elusive questions concerning the theology of formative Judaism This publication has also been published in paperback please [click here for details](#) **Les études philoniennes** , 2021-07-19 This volume gathers the proceedings of the Paris conference in Philonic studies 2017 consisting of 23 papers by contributors from 8 countries Fifty years after the Lyon conference it aimed at taking a retrospective look at the intellectual contexts and the academic fields in which Philonic studies have penetrated as well as the ways in which they evolved The work of the Alexandrian became of major importance in the history of philosophy It has been studied as a source of cultured Christianity in connection with Second Temple Judaism and the Alexandrian Jewish community but also in the context of research on rabbinic Judaism New Testament and philosophy of the imperial era Ce volume rassemble les actes du colloque de Paris 2017 qui a réuni 23 intervenants de 8 nationalités Cinquante ans après le colloque de Lyon il s'agissait de réfléchir aux milieux intellectuels et aux disciplines universitaires dans lesquels les études philoniennes avaient pénétré le monde de la recherche les bases sur lesquelles elles avaient évolué L'œuvre de l'Alexandrin a pris une importance majeure dans l'histoire de la philosophie elle a été explorée comme source du christianisme lettré en lien avec le judaïsme de l'époque du Second Temple et la communauté juive d'Alexandrie mais aussi dans le cadre des études sur le judaïsme rabbinique dans le développement des études sur le Nouveau Testament et sur la philosophie de l'époque impériale [Jewish, Christian, and Islamic Mystical Perspectives on the Love of God](#) S. Hidden, 2014-09-11 A collection of essays in which the possibilities of a deeper dialogue by means of the contemplative traditions of the Abrahamic Faiths is explored The book expounds an ageless profound means of overcoming religious hatred and violence and awakening the beauty of unity in diversity **Sources and Interpretations** Lawrence H. Schiffman, 2025-06-16 This volume brings together over forty of Schiffman's Studies on Ancient Judaism that have helped to shape this emerging field Throughout these studies display a wide ranging perspective bringing together all kinds of sources written or archaeological to illuminate ancient Judaism and its complex history Topics explored include the history of the Jews and Judaism in Late Antiquity the Bible in Jewish tradition ancient Jewish thought law and liturgy magic and mysticism relation of the Dead Sea Scrolls to Rabbinic Literature Judean Desert texts and Judaism and Christianity The volume concludes with studies of the work of several modern rabbis and academic scholars **Shifting Images of the**

Hasmoneans Vered Noam, 2018-02-22 The shifting image of the Hasmoneans in the eyes of their contemporaries and later generations is a compelling issue in the history of the Maccabean revolt and the Hasmonean commonwealth Based on a series of six Jewish folktales from the Second Temple period that describe the Hasmonean dynasty and its history from its legendary founders through achievement of full sovereignty to downfall this volume examines the Hasmoneans through the lens of reception history On the one hand these brief colorful legends are embedded in the narrative of the historian of the age Flavius Josephus on the other hand they are scattered throughout the extensive halakhic exegetical compositions known as rabbinic literature redacted and compiled centuries later Each set of parallel stories is examined for the motivation underlying its creation its original message language and the historical context This analysis is followed by exploration of the nature of the relationship between the Josephan and the rabbinic versions in an attempt to reconstruct the adaptation of the putative original traditions in the two corpora and to decipher the disparities different emphases reworking and unique orientations typical of each These adaptations reflect the reception of the pristine tales and thus disclose the shifting images of the Hasmoneans in later generations and within distinct contexts The compilation and characterization of these sources which were preserved by means of two such different conduits of transmission brings us closer to reconstruction of a lost literary continent a hidden Jewish Atlantis of early pseudo historical legends and facilitates examination of the relationship between the substantially different libraries and worlds of Josephus and rabbinic literature **The Talmud of the Land of Israel, an Academic Commentary** Jacob Neusner, 1998 **History of Jews in Babylonia I** Jacob Neusner, 1999

Saturn's Jews Moshe Idel, 2011-09-29 This book explores the phenomenon of Saturnism namely the belief that the planet Saturn the seventh known planet in ancient astrology was appointed upon the Jews who celebrated the Sabbath the seventh day of the Jewish week Moshe Idel details how the anonymous late 14th century Sefer Ha Peliyah was to have disturbing consequences in the Jewish world three centuries later interweaving luminaries with the cultural historical religious and philosophical concepts of their day and demonstrating how cultural agents were inadvertently instrumental in the mid 17th century mass movement Sabbateanism that led to the conviction that Sabbatai Tzevi was the Messiah Exploring how the tragic misperception of the Jewish Sabbath by the non Jewish world led to a linkage of Jews with sorcery in 14th and 15th century Europe associating their holy day with the witches Sabbat gathering Idel brings this wide ranging study into the present day with an analysis of 20th century scholarship and thought influenced by Saturnism particularly lingering themes related to melancholy in the works of Gershom Scholem and Walter Benjamin **Nomination of John Agresto** United States. Committee on Governmental Affairs, 1987 **Judaism in the Roman World** Martin Goodman, 2007 These collected studies previously published in diverse places between 1990 and 2006 discuss important and controversial issues in the study of the development of Judaism in the Roman world from the first century C E to the fifth

Time and Difference in Rabbinic Judaism Sarit Kattan Gribetz, 2022-08-09 How the rabbis of late antiquity used time to

define the boundaries of Jewish identity The rabbinic corpus begins with a question when and is brimming with discussions about time and the relationship between people God and the hour Time and Difference in Rabbinic Judaism explores the rhythms of time that animated the rabbinic world of late antiquity revealing how rabbis conceptualized time as a way of constructing difference between themselves and imperial Rome Jews and Christians men and women and human and divine In each chapter Sarit Kattan Gribetz explores a unique aspect of rabbinic discourse on time She shows how the ancient rabbinic texts artfully subvert Roman imperialism by offering rabbinic time as an alternative to Roman time She examines rabbinic discourse about the Sabbath demonstrating how the weekly day of rest marked Jewish time from Christian time Gribetz looks at gendered daily rituals showing how rabbis created men's time and women's time by mandating certain rituals for men and others for women She delves into rabbinic writings that reflect on how God spends time and how God's use of time relates to human beings merging divine time with human time Finally she traces the legacies of rabbinic constructions of time in the medieval and modern periods Time and Difference in Rabbinic Judaism sheds new light on the central role that time played in the construction of Jewish identity subjectivity and theology during this transformative period in the history of Judaism
