Houston,2014 Inside Roman Libraries Book Collections and Their Management in Antiquity      Early Manuscripts and Modern Translations of the New Testament Philip Wesley Comfort,2001-12-17 Although valuable for their early witness to the text of the Greek New Testament the influence of the papyri on Bible translations in this century has largely gone unnoticed Early Manuscripts Modern Translations of the New Testament redresses this failure by providing a detailed profile of nearly 70 major New Testament papyri and assessing their effect on modern English Bible translations A five page bibliography on textual criticism and fourteen photos of ancient papyrus manuscripts round out this fascinating study      *The Scrolls and the Scriptures* Stanley E. Heap,2019-06-13 This new study of Menander casts fresh light not only on the techniques of the playwright but also on the literary and historical contexts of the plays Menander 342 1 292 1 BCE wrote over a hundred popular comedies several of which were adapted by Plautus and Terence Through them he was a major influence on Shakespeare and Moli re However his work survived only in excerpts and quotation until some significant texts reappeared in the nineteenth and twentieth centuries on papyrus The mystery of their loss and rediscovery has raised key questions surrounding the transmission of these and other Greek texts Theatrical masks from the fourth century BCE discovered on the island of Lipari now also provide important material with which this book examines how the plays were originally performed A detailed investigation of their historical setting is offered which engages with recent debates on the importance of social status and citizenship in Menander s plays The techniques of characterization are also examined with particular focus on women slaves and power relationships in his Epitrepontes It appears that the audience was invited sometimes subversively behind the mask of this sophisticated comedy to discover that people do not always conform to literary expectations and social norms      The Early Text of the New Testament Charles E. Hill,Michael J. Kruger,2012-06-14 This book is about the transmission of the New Testament text in the second and third centuries of early Christianity It explores the world of manuscripts scribes and early Christian textual culture
