Green Cathedrals Philip J. Lowry, 2019 **Ballparks of the Deadball Era** Ronald M. Selter, 2011-11-22 While most serious fans know that the Deadball Era was characterized by low scoring aggressive baserunning and strong pitching few understand the extent to which ballparks determined the style of play As it turns out the general absence of standardization and the ever changing dimensions configurations and ground rules had a profound effect on the game as offensive production would rise and fall sometimes dramatically from year to year Especially in the early years of the American League home teams enjoyed an unprecedented advantage over visiting clubs The 1901 Orioles are a case in point as the club batted an astounding 325 at Oriole Park IV some 60 points above their road average and 54 points better than visitors to the park Organized by major league city this comprehensive study of Deadball parks and park effects provides fact filled data heavy commentary on all 34 ballparks used by the American and National Leagues from 1901 through 1919 Illustrations and historical photos are included along with a foreword by Philip J Lowry and a final chapter that offers an assessment of the overall impact of parks on the era *Green Cathedrals* Philip J.
