Danger All Around Joel B. Goldsteen,2010-07-05 The problem of where to store waste has grabbed a lot of headlines but people have been slow to realize that the environmental damage caused by storage sites is an even greater menace This book makes the danger clear as Joel Goldsteen offers the first comprehensive look at the selection and environmental impact of municipal and petrochemical waste storage sites along the Texas and Louisiana coasts Goldsteen has distilled a large landfill worth of data into a highly readable account of the creation and regulation of waste disposal sites the health issues that surround them and the human and natural factors that affect how safe or dangerous they become Chapters that describe industrial development along the Gulf Coast and the concurrent challenges of wastewater treatment solid waste management and hazardous waste control are followed by in depth descriptions of nine Texas and four Louisiana sites all representative of problems far beyond the Texas Louisiana coast Dictionary Catalog of the Map Division New York Public Library. Map Division,1971 *Pleasant Bend* Dan Worrall,2016 Today s Greater Houston is a vast urban place In the mid nineteenth century however Houston was a small town a dot in a vast frontier Extant written histories of Houston largely confine

themselves to the small area within the city limits of the day leaving nearly forgotten the history of large rural areas that later fell beneath the city's late twentieth century urban sprawl. One such area is that of upper Buffalo Bayou extending westward from downtown Houston to Katy. European settlement here began at Piney Point in 1824, over a decade before Houston was founded. Ox wagons full of cotton traveled across a seemingly endless tallgrass prairie from the Brazos River east to Harrisburg and later to Houston along the San Felipe Trail built in 1830. Also here Texan families fled eastward during the Runaway Scrape of 1836; immigrant German settlers trekked westward to new farms along the north bank of the bayou in the 1840s; and newly freed African American families walked east toward Houston from Brazos plantations after Emancipation. Pioneer settlers operated farms, ranches, and sawmills. Near present-day Shepherd Drive, Reconstruction-era cowboys assembled herds of longhorns and headed north along a southeastern branch of the Chisholm Trail. Little physical evidence remains today of this former frontier world.
