## **Franz Kafka Representative Man Prague Germans Jews And The Crisis Of Modernism:**

**Kafka and Cultural Zionism** Iris Bruce, 2007 Kafka and Cultural Zionism is an illumination of the individual Jewish identity of this major modernist German author Through a thorough examination of Kafka's life his influences and his writings Iris Bruce makes a case for Kafka's interest in Zionism and demonstrates the presence of Jewish themes and motifs in Kafka's literary works In recognizing this essential part of Kafka's individual voice Bruce hopes to provide a new perspective on Kafka and his writings that allows the reader to find the humor playfulness rebelliousness and challenge that can be overlooked if the reader expects to find a Kafka who is disengaged from his ethnic and cultural identity as well as the politics of his age Outstanding Academic Title Choice Magazine

**A Franz Kafka Encyclopedia** Richard T. Gray, Ruth V. Gross, Rolf J. Goebel, Clayton Koelb, 2005-08-30 Known for depicting alienation frustration and the victimization of the individual by impenetrable bureaucracies Kafka's works have given rise to the term Kafkaesque This encyclopedia details Kafka's life and writings Included are more than 800 alphabetically arranged entries on his works characters family members and acquaintances themes and other topics Most of the entries cite works for further reading and the Encyclopedia closes with a selected general bibliography

**Kafka's Architectures** Ayad B. Rahmani, 2015-01-02 Adopting Kafka as a lens to examine modern concepts in architecture this book pries open new interpretations in Kafka scholarship Each of eight chapters takes up an architectural element with which to explore meanings central to both literature and architecture Stairs function as vertical access but in Kafka's hands become an instrument of science testing the merit of natural selection Kafka's doors open and close less to allow passage than to reconcile one psychological interior with the next Notions of plumbing and hygiene begin to acquire new meaning The architecture of Mies van der Rohe begins to make more sense especially his tabula rasa approach to design signifying less a harsh disdain for site and more a response to a reality in which the ceremony of the stairs had died and was replaced by the pervasive flatness of the modern floor

*Religious Experience and the Modernist Novel* Pericles Lewis, 2010-01-07 The modernist period witnessed attempts to explain religious experience in non religious terms Such novelists as Henry James Marcel Proust James Joyce Virginia Woolf and Franz Kafka found methods to describe through fiction the sorts of experiences that had traditionally been the domain of religious mystics and believers In *Religious Experience and the Modernist Novel* Pericles Lewis considers the development of modernism in the novel in relation to changing attitudes to religion Through comparisons of major novelists with sociologists and psychologists from the same period Lewis identifies the unique ways that literature addressed the changing spiritual situation of the early twentieth century He challenges accounts that assume secularisation as the main narrative for understanding twentieth century literature Lewis explores the experiments that modernists undertook in order to invoke the sacred without directly naming it resulting in a compelling study for readers of twentieth century modernist literature

*The Cambridge Companion to Kafka* Julian Preece, 2002-02-21 Franz Kafka's writing has had a wide reaching influence on European literature culture and

thought The Cambridge Companion to Kafka offers a comprehensive account of his life and work providing a rounded contemporary appraisal of Central Europe's most distinctive Modernist Contributions cover all the key texts and discuss Kafka's writing in a variety of critical contexts such as feminism deconstruction psycho analysis Marxism Jewish studies Other chapters discuss his impact on popular culture and film The essays are well supported by supplementary material including a chronology of the period and detailed guides to further reading and will be of interest to students of German European and Comparative Literature Jewish Studies

*The Power of the Inner Judge* Léon Wurmser, 2000-03-01 This book describes in detail how to effectively treat severely ill but not psychotic patients by careful psychotherapeutic work on the defenses and the superego Diverging widely from Kernberg's and Kohut's work with the same broad spectrum of patients Léon Wurmser demonstrates his flexible and individualized method with clinical material taken directly from actual patient therapist interaction The core of the therapeutic work focuses on trauma forms of defense conflicts within the superego and the related affects of guilt shame depression and resentment Appreciating the complex and individual nature of each case the author uses the familiar concepts of masochism aggression narcissism and repetition compulsion as descriptions not explanations of clinical observations There are no shortcuts a genuine understanding that results in real change for the patient requires an in depth exploration of the material in a nonjudgmental atmosphere Observing that categories while necessary tend to be slowly transformed into words of devaluation Dr Wurmser addresses the implicit and often quite explicit judgmental spirit directed toward severely ill patients and cautions clinicians to avoid falling into the role of a judging authority This is an eloquent accounting of a master therapist's successes and failures valuable especially for offering effective and decisive interventions in treating traditionally untreatable patients

**Lives of the Novelists** Carl Rollyson, 2005-10 Is there a right way to write a literary life In this collection of columns from the New York Sun Carl Rollyson explores the relationship between narrative and literary analysis Should biographies be written in the style and form of novels How to balance the life and the work How much literary criticism can a biography absorb into its narrative Rollyson proposes a number of apologies for biography including the thought that in the right hands the literary biography is a continuation not only of the writer's work and life In such instances there seems to be a symbiosis between biographer and subject In other cases biographies spearhead the rediscovery of important writers He rejects the idea that literary figures are not good subjects for biography because they are not men and women of action That literary biography is a kind of strip mining a pathography laying bare the subject's life to no good purpose is another canard this book demolishes The pieces here also expose the genre's weak points a proclivity for overstatement and excessive length the failure of biographers to build upon their predecessors work Rollyson invents a term biographology in order to discuss the biographical tradition

The Coasts of Bohemia Derek Sayer, 2020-06-30 In *The Winter's Tale* Shakespeare gave the landlocked country of Bohemia a coastline a famous and to Czechs typical example of foreigners ignorance of the Czech homeland Although the

lands that were once the Kingdom of Bohemia lie at the heart of Europe Czechs are usually encountered only in the margins of other people's stories In *The Coasts of Bohemia* Derek Sayer reverses this perspective He presents a comprehensive and long needed history of the Czech people that is also a remarkably original history of modern Europe told from its uneasy center Sayer shows that Bohemia has long been a theater of European conflict It has been a cradle of Protestantism and a bulwark of the Counter Reformation an Austrian imperial province and a proudly Slavic national state the most easterly democracy in Europe and a westerly outlier of the Soviet bloc The complexities of its location have given rise to profound and often profoundly comic reflections on the modern condition Franz Kafka Jaroslav Hasek Karel Capek and Milan Kundera are all products of its spirit of place Sayer describes how Bohemia's ambiguities and contradictions are those of Europe itself and he considers the ironies of viewing Europe the West and modernity from the vantage point of a country that has been too often ignored *The Coasts of Bohemia* draws on an enormous array of literary musical visual and documentary sources ranging from banknotes to statues museum displays to school textbooks funeral orations to operatic stage sets murals in subway stations to censors indexes of banned books It brings us into intimate contact with the ever changing details of daily life the street names and facades of buildings the heroes figured on postage stamps that have created and recreated a sense of what it is to be Czech Sayer's sustained concern with questions of identity memory and power place the book at the heart of contemporary intellectual debate It is an extraordinary story beautifully told

**The Cambridge Companion to The Waste Land** Gabrielle McIntire, 2015-09-03 This Companion offers fresh critical perspectives on T S Eliot's *The Waste Land* that will be invaluable to scholars students and general readers

**1913** Jean-Michel Rabaté, 2008-04-15 This innovative book puts modernist literature in its cultural intellectual and global context within the framework of the year 1913 Broadens the analysis of canonical texts and artistic events by showing their cultural and global parallels Examines a number of simultaneous artistic literary and political endeavours including those of Yeats Pound Joyce Du Bois and Stravinsky Explores Pound's *Personae* next to Apollinaire's *Alcools* and Rilke's *Spanish Trilogy* Edith Wharton's *The Custom of the Country* next to Proust's *Swann's Way*

**The Pathos of Distance** Jean-Michel Rabaté, 2016-04-21 Jean Michel Rabat uses Nietzsche's image of a pathos of distance the notion that values are created by a few gifted and lofty individuals as the basis for a wide ranging investigation into the ethics of the moderns Revealing overlooked connections between Nietzsche's and Benjamin's ideas of history and ethics Rabat provides an original genealogy for modernist thought moving through figures and moments as varied as Yeats and the birth of Irish Modernism the ethics of courage in Virginia Woolf Rilke Apollinaire and others in 1910 T S Eliot's post war despair Jean Cocteau's formidable self-mythology in his first film *The Blood of a Poet* Siri Hustvedt's novel of American trauma and J M Coetzee's dystopia portraying an affectless future haunted by a messianic promise

*Crimes of the Future* Jean-Michel Rabat, 2014-04-24 *Crimes of the Future* sees one of the world's leading literary theorists exploring the past present and potential future of Theory

**Reading Biography** Carl Rollyson, 2004-11-25 Most

book reviewers know very little about the history or the art of biography Indeed if there is any art in biography it is the rare reviewer that acknowledges it or knows how to discuss it Usually the reviewer regards biography as an occasion to wax eloquent about what he or she thinks of the subject Little space if any is devoted to the biography s structure or style to the biographer s peculiar problems or to how the biography relates to others about the same subject Carl Rollyson a professional biographer and weekly columnist On Biography for The New York Sun explores the ramifications of authorized and unauthorized biographies investigates the relationship between biography and history biography and fiction biography and autobiography as well commenting on certain perennial biographical subjects such as Napoleon on sub genres such as children s biography and on the most recent developments in life writing Rollyson s aim is to reach not merely scholars but that vast general audience addicted to reading biography enhancing their pleasure by providing insight or you might say the inside word on how biographies are put together
