Frédéric Bazille, 1841-1870 Michel Schulman,1995-01-01T00:00:00+01:00 Cet ouvrage est une r dition num rique d un livre paru au XXe si cle d sormais indisponible dans son format d origine **"Interior Portraiture and Masculine Identity in France, 1789?914 "** HeatherBelnap Jensen,2017-07-05 Focusing specifically on portraiture as a genre this volume challenges scholarly assumptions that regard interior spaces as uniquely feminine Contributors analyze portraits of men in domestic and studio spaces in France during the long nineteenth century the preponderance of such portraits alone supports the book s premise that the alignment of men with public life is oversimplified and more myth than reality The volume offers analysis of works by a mix of artists from familiar names such as David Delacroix Courbet Manet Rodin and Matisse to less well known image makers including Dominique Doncre Constance Mayer Anders Zorn and Lucien Etienne Melingue The essays cover a range of media from paintings and prints to photographs and sculpture that allows exploration of the relation between masculinity and interiority across the visual culture of the period The home and other interior spaces emerge from these studies as rich and complex locations for both masculine self expression and artistic creativity Interior Portraiture and Masculine Identity in France 1789 1914 provides a much needed rethinking of modern masculinity in this period **Frédéric Bazille (1841-1870)** Michel Hilaire,Paul Perrin,2016 Pr sentation de l oeuvre du peintre fran ais 1841 1870 et de son parcours de Montpellier Paris o il fr quenta les cercles du premier impressionnisme travers le commentaire technique et historique de ses 65 peintures Son volution artistique en prise avec les probl matiques de la peinture d avant garde des ann es 1860 est d voil e **Manet's Modernism** Michael Fried,1996 Fried put forward a highly original beholder centered account of the evolution of a central tradition in French painting from Chardin to Courbet P 4 of cover

Impressionism John I. Clancy,2003 Defining an artistic era or movement is often a difficult task as one tries to group individualistic expressions and artwork under one broad brush Such is the case with impressionism which culls together the art of a multitude of painters in the mid 19th century including Monet C zanne Renoir Degas and van Gogh Basically impressionism involved the shedding of traditional painting methods The subjects of art were taken from everyday life as opposed to the pages of mythology and history In addition each artist painted to express feelings of the moment instead of hewing to time honoured standards This description of impressionism obviously is quite broad and can apply to a wide array of styles Nonetheless it remains a very important school in the annals of art Any current or budding art aficionado should become familiar with the impressionist movement and its impact on the art world This book presents a sweeping study of this artistic period from its origins to its manifestations in the works of some of art history s most revered painters Following this overview is a substantial and selective bibliography featuring access through author title and subject indexes Frédéric Bazille, 1841-1870 Valérie Bajou-Charpentreau,1993 Encyclopedia of Gay Histories and Cultures George Haggerty,2013-11-05 First Published in 2000 A rich heritage that needs to be documented Beginning in 1869 when the study

The Challenge of the Avant-garde Paul Wood, 1999-01-01 The Challenge of the Avant Garde is the fourth of six books in the series Art and its Histories which form the main texts of an Open University course The course has been designed for students who are new to the discipline but will also appeal to those who have undertaken some study in this area This volume traces the challenge posed to the academic canon by the emergent avant garde of the early and mid nineteenth century It looks at significant shifts in the development of the concept both in moves away from the sense of social leadership to a desire for artistic autonomy in the later nineteenth century and then a reverse movement to bridge the gap between art and life in the revolutionary avant gardes of the early twentieth century The book closes with an examination of the eventual incorporation of the avant garde as a form of modern canon by the eve of World War II Throughout it seeks to relate the discourse of artistic avant gardism in all its forms to contemporary social and political histories

The Art of Parisian Chic Justine De Young, 2025-07-10 Using artworks by Berthe Morisot douard Manet Claude Monet Pierre Auguste Renoir and others The Art of Parisian Chic explores how women and artists in Impressionist Paris 1855 1885 crafted their public images to exploit and resist stereotypes French societal expectations and beauty ideals shaped how women were seen and how they chose to present themselves in public whether on the street in a photograph or in a portrait on the walls of the annual Paris Salon On Paris s broad new boulevards and in its public parks and theaters women dressed to impress anonymous strangers as well as their friends They even circulated aspirational photographs of themselves Looking at a rich array of visual sources from portraits to modern life paintings and from photographs to fashion plates Justine De Young reveals how women were seen how they aspired to be seen and how they navigated public life in Second Empire and Belle poque Paris This book considers how fashionable feminine types made famous in books caricatures and paintings created a visual lexicon and stylistic guide for women Men and women alike relied on these types cocotte mistress jeune veuve young widow amazone independent equestrienne demoiselle de magasin shopgirl and Parisienne chic Parisian woman to judge the class character morality and
