concerned with his character his early upbringing his entrance into the army his thrilling adventures his dramatic military career that made him through merit alone a captain at the age of twenty and Europe's youngest general at thirty two We next find him on his return home commissioned to establish the Spanish West Point immediately destroyed by the new government Quickly after this there follow the world stirring events that now are history Fortunately the author's work in its transformation from Spanish into English has lost none of its freshness and flavor The velvet is still on the fruit We have apparent here the same journalistic verve the same vividness of narration the same colorful descriptions and sharp edged statement of facts
