*Franz Kline* Robert Paul Metzger, 1989      **Franz Kline** ,1962      Franz Kline Corina E. Rogge, Zahira Véliz Bomford, 2022-08-23 The first comprehensive study of Franz Kline's methods and techniques and the eighth book in the Artist's materials series which explores the unique and unconventional materials used by contemporary artists and the challenges encountered by professionals tasked with conserving their works      **Franz Kline in Coal Country** Rebecca Rabenold Finsel, 2020-08-01 Franz Kline one of the most celebrated painters of the twentieth century once described his hometown as a little Dutch settlement wrapped up in a cloud of coal dirt He was referring to Lehighton Pennsylvania a railroad town nestled amid mountains rich with quartz and anthracite coal And like the mineral deposits Kline's later action paintings are infused with energy The black and white lines command the kind of tension that transforms coal into diamonds and single works have sold for over forty million dollars *Franz Kline in Coal Country* is the first biography to examine Kline's formative years in Lehighton Philadelphia Boston and London before he became a founding member of the New York School the ragtag group who stole the art world away from Paris after WWII This book according to Kline's sister Dr Louise Kline Kelly sets the record straight in more than one place Compiled over three decades *Franz Kline in Coal Country* also contains over 100 of his earliest drawings cartoons letters photos paintings and linoleum block prints Most of these little known works rescued from the attics and scrapbooks of friends appear here for the first time      **Franz Kline** Franz Kline, Fundació Antoni Tàpies, 1994 *Jazz* ,2005      Franz Kline David Anfam, Franz Kline, Menil Collection (Houston, Tex.), 1994      **Representing Jazz** Krin Gabbard, 1995 Traditional jazz studies have tended to see jazz in purely musical terms as a series of changes in rhythm tonality and harmony or as a parade of great players But jazz has also entered the cultural mix through its significant impact on novelists filmmakers dancers painters biographers and photographers *Representing Jazz* explores the other history of jazz created by these artists a history that tells us as much about the meaning of the music as do the many books that narrate the lives of musicians or describe their recordings Krin Gabbard has gathered essays by distinguished writers from a variety of fields They provide engaging analyses of films such as *Round Midnight* *Bird* *Mo' Better Blues* *Cabin in the Sky* and *Jammin' the Blues* the writings of Eudora Welty and Dorothy Baker the careers of the great lindy hoppers of the 1930s and 1940s Mura Dehn's extraordinary documentary on jazz dance the jazz photography of William Claxton painters of the New York School the traditions of jazz autobiography and the art of vogueing The contributors to this volume assess the influence of extramusical sources on our knowledge of jazz and suggest that the living contexts of the music must be considered if a more sophisticated jazz scholarship is ever to evolve Transcending the familiar patterns of jazz history and criticism *Representing Jazz* looks at how the music actually has been heard and felt at different levels of American culture With its companion anthology *Jazz Among the Discourses* this volume will enrich and transform the literature of jazz studies Its provocative essays will interest both aficionados and potential jazz fans Contributors Karen Backstein Leland H Chambers Robert P

Gaugh, Franz Kline, 1985      *Unpackaging Art of the 1980s* Alison Pearlman, 2003-06-15 American art of the 1980s is as misunderstood as it is notorious Critics of the time feared that market hype and self promotion threatened the integrity of art They lashed out at contemporary art questioning the validity of particular media and methods and dividing the art into opposing camps While controversies have since subsided critics still view art of the 1980s as a stylistic battlefield Alison Pearlman rejects this picture which is truer of the period s criticism than of its art Pearlman reassesses the works and careers of six artists who became critics biggest targets In each of three chapters she pairs two artists the critics viewed as emblematic of a given trend Julian Schnabel and David Salle in association with Neo Expressionism Jean Michel Basquiat and Keith Haring vis vis Graffiti Art and Peter Halley and Jeff Koons in relation to Simulationism Pearlman shows how all these artists shared important but unrecognized influences and approaches a crucial and overwhelming inheritance of 1960s and 1970s Conceptualism a Warholian understanding of public identity and a deliberate and nuanced use of past styles and media Through in depth discussions of works from Haring s body paintings of Grace Jones to Schnabel s movie Basquiat Pearlman demonstrates how these artists interests exemplified a broader generational shift unrecognized by critics She sees this shift as starting not in the 1980s but in the mid 1970s when key developments in artistic style art world structures and consumer culture converged to radically alter the course of American art *Unpackaging Art of the 1980s* offers an innovative approach to one of the most significant yet least understood episodes in twentieth century art      *The Art of Music* Patrick Coleman, 2015-01-01 The Art of Music takes the relationship between two of the more prominent and oft intersecting branches of artistic creation as its subject The liaison between music and the visual arts has inspired countless generations of artists The two have had manifold complex interactions across all periods of history in Western and non Western contexts alike yet their intersection has only become a rich vein for research by art historians and musicologists in the last thirty years By tracing these relationships new insights into the affinities of the arts become clear      **Jazz in American Culture** Peter Townsend, 2000 A persuasive appreciation of what jazz is and of how it has permeated and enriched the culture of America      *American Art at the Chrysler Museum* Chrysler Museum, Martha N.
