Why 'Regionalism' matters?

- Deepening and widening process of globalization made 'region' in the different context
 - How the current process of regionalism is different from ones of decades ago?
 - Were there any historical trends or waves of 'making of a region'?

Economics Of Regionalization An Overview:

The Regionalization of the World Economy Jeffrey A. Frankel, 2007-12-01 Regional economic arrangements such as free trade areas FTAs customs unions and currency blocs have become increasingly prevalent in the world economy Both pervasive and controversial regionalization has some economists optimistic about the opportunities it creates and others fearful that it may corrupt fragile efforts to encourage global free trade Including both empirical and theoretical studies this volume addresses several important questions Why do countries adopt FTAs and other regional trading arrangements To what extent have existing regional arrangements actually affected patterns of trade What are the welfare effects of such arrangements Several chapters explore the economic effects of regional arrangements on patterns of trade either on price differentials or via the gravity model on bilateral trade flows In addition this book examines the theoretical foundation of the gravity model Making extensive use of the gravity model of bilateral trade several chapters explore the economic effects of regional arrangements In addition this book examines the theoretical foundation of the gravity model

Economics of Regionalization Robert Maurice Clark, 1983

The Politics of Economic Regionalism K. Cai, 2010-01-20 While major theories of economic regionalism in the existing literature are primarily constructed to explore institutionalized regional integration European integration in particular the analytical framework developed in this work explains the unique process and pattern of regional integration in East Asia

China, India and the International Economic Order Muthucumaraswamy Sornarajah, Jiangyu Wang, 2010-08-26 With contributions by a variety of internationally distinguished scholars on international law world trade business law and development this unique examination of the roles of China and India in the new world economy adopts the perspectives of international economic law and comparative law The two countries are compared with respect to issues concerning trade and development the World Trade Organization international dispute settlement regional free trade agreements outsourcing international investment foreign investment corporate governance competition law and policy and law and development in general The findings demonstrate that though their domestic approaches to economic issues diverge China and India adopt similar stances at the international level on many major issues recapturing images which existed during the immediate post colonial era Cooperation between China and India could provide leadership in the struggle for economic development in developing countries

How the Chinese Economy Works Rongxing Guo, 2016-02-03 An authoritative analysis of the result of China's economic transformation The book is important in focusing on regional comparisons and differences within China The author analyzes the uneven distribution of natural and human resources and probes into the evolution of economic systems and policies from which differing regional economic performances have resulted A multiregional comparison of the Chinese economy is conducted in terms of macroeconomic index real living standard and regional inequality The author studies the possibilities and conditions for Chinese economic optimisations Lastly the author provides statistical information and economic analyses of the greater China area

Regionalism in the Global Political Economy Shaun Breslin, Christopher W. Hughes, Nicola Phillips, Ben Rosamond, 2002-08-22 Following the financial crisis at the end of the twentieth century regionalisms in the global political economy have evolved in a number of ways This informative book brings together the leading scholars in the field to provide cutting edge analyses of contemporary regions and regionalist projects Providing an innovative integration of theoretical and interdisciplinary volume sheds much needed light on the relationship between national policies regional integration patterns and the wider global setting It covers regional patterns in Europe Asia and the Americas Individual chapters focus on topics ranging from industrial or financial policies to social welfare regimes as well as broader assessments and comparisons of regional arrangements in a global context The chapters point to the diversity of regional patterns in the world economy and the continuing importance of national regulatory structures yet they also point to the common pressures of globalisation felt by all especially in the domain of capital markets With broad coverage and clear but sophisticated analysis this new book will be vital reading to all those seeking to clarify their understanding of the contemporary regional global paradox

Regionalization and Globalization in the Modern World Economy Alex E. Fernández Jilberto, André Mommen, 2017-03-16 Originally published in 1998 This collection of outstanding essays explores the importance of regionalization and globalization to the world economy International contributions explore the process of regionalization in the Pacific Area The Americas Africa and Europe and question whether the world economy is characterized by increasing regionalization rather than globalization The book is an excellent contribution to debate on development economics It investigates how the processes of globalization and regionalization driven by liberalization of trade and capital markets weaken nationally established monopolies and protected industries and it looks at the challenge to Third World nations and the countries of the former socialist bloc

Marine Ecogonomics A.V. Suvorov, 1999-12-01 This book outlines a framework for analysis of marine resource management incorporating ecological and economic considerations and technological feasibility Ecogonomics a new emerging science combining economic and ecological concepts and principles is introduced Its use in studying changes in natural processes occurring in the marine environment in combination with analysing economic consequences of human impact on marine ecosystems is demonstrated A unique book which offers a rare insight into the research achievements of Russian scientists

Introduction to Politics Robert Garner, Peter Ferdinand, Stephanie Lawson, 2020 The only introductory textbook to bring together theory comparative politics and international relations to provide the most comprehensive and global introduction to politics available

Comparative Regionalism Etel Solingen, 2014-07-11 This book comprises key essays on comparative regionalism and more broadly on regional conflict and cooperation by Professor Etel Solingen The study of regionalism a subject pioneered by Solingen in the 1990s is now an established field of inquiry with a large community of scholars and practitioners around the world This book

provides a window into an evolving conceptual framework for comparing regional arrangements with a special emphasis on non European regions Framed by a comprehensive previously unpublished introduction the chapters provide a broad spectrum of analysis on domestic political economy democracy regional institutions and global forces as they shape different regional outcomes and trajectories in economics and security Themes as different as the regional effects of democratization in the Middle East and East Asia the rise of China Euro Mediterranean relations and regional nuclear trajectories are traced back to a common analytical core The nature of domestic ruling coalitions serves as the pivotal analytical anchor explaining the effects of globalization and economic reform on different regional arrangements This collection provides a focal point that brings this work together in a new light and will be of much interest to students of regionalism international relations theory international and comparative political economy international history and grand strategy Regionalism in East Asia Fu-kuo Liu,Philippe Regnier,2013-10-18 Regional cooperation and integration have emerged as key issues for East Asia following the financial crisis This book explores these issues and examines the degree to which a new paradigm is emerging It reviews the evolution of the concepts and practices of regionalism in East Asia and considers the factors which are shaping new patterns of regional co operation and integration It includes discussions of historical developments economic co operation socio political factors and defence and security It considers the role of those states including China and Japan which have distinctive approaches to international relations and assesses the role of regional international bodies such as ASEAN *Handbook on the Geographies of Regions and Territories* Anssi Paasi,John Harrison,Martin Jones,2018-07-27 This new international Handbook provides the reader with the most up to date and original viewpoints on critical debates relating to the rapidly transforming geographies of regions and territories as well as related key concepts such as place scale networks and regionalism Bringing together renowned specialists who have extensively theorized these spatial concepts and contributed to rich empirical research in disciplines such as geography sociology political science and IR studies this interdisciplinary collection offers fresh cutting edge and contextual insights on the significance of regions and territories in today s dynamic world **Globalising the Regional, Regionalising the Global: Volume 35, Review of International Studies** Rick Fawn,2009-04-30 A collection of leading international scholars examine the concept of regions from a range of perspectives and assess leading contemporary examples Soviet Economic Management Under Khrushchev Nataliya Kibita,2013-09-11 The Sovnarkhoz Reform of 1957 was designed by Khrushchev to improve efficiency in the Soviet economic system by decentralising economic decision making from all Union branch ministries in Moscow to the governments of the individual republics and regional economic councils Based on extensive original research including unpublished archival material this book examines the reform discussing the motivations for it which included Khrushchev s attempt to strengthen his own power base The book explores how the process of reform was implemented especially its impact on the republics and analyses why the reform which was reversed in 1959 failed Overall the book reveals a great deal about the workings and the

shortcomings of the Soviet economic system at its height International Economic Law Giovanna Adinolfi, Freya Baetens, José Caiado, Angela Lupone, Anna G. Micara, 2016-12-29 This volume scrutinises the main challenges faced by States in their current international economic relations from an interdisciplinary perspective It combines legal research with political and economic analysis and favours dialogue among scientific disciplines Readers are offered a series of in depth studies on a rich variety of topics how to reconcile States interest to benefit from economic liberalization with their need to pursue social goals such as the protection of human rights or of the environment recent developments under WTO law and regional integration processes international cooperation in the energy sector national regulatory developments in the banking sector sovereign wealth funds and investor State arbitration *Chinese Economic History Since 1949* Michael Dillon, 2017-06-01 China s economic development has become a matter of world wide interest since the boom that began in the 1980s Key Papers in Chinese Economic History since 1949 offers a selection of outstanding articles that trace the origins of the modern Chinese economy Topics covered include agriculture and the rural economy industrialisation and urbanisation finance and capital political economy and international connections *Agricultural Economic Report ,1967* *The Growth-Oriented Economic Policy of the EU* Angelo Santagostino, 2020-08-13 Growth is slow in the EU but growth potentialities remain high in spite of the exit of the UK and in spite of the COVID 19 pandemic and we can observe a disparity between reality and potentialities Does the persistent difference between expected and real benefits mean that the EU integration model is not working No It continues to be effective because it is rule based However these rules are not enough to grasp all the potentialities of integration We need a better integrated single European market and a more open trade policy in the framework of health security safety energy environment and labour standards establishing the rules of the competition but leaving the economic agents free to act The book explores Brexit capital markets energy health and bilateral trade policies with the main European partners in the light of their effects and contribution to European growth It emerges that this huge trade block is vital but must find the political capacity to move towards a closer integration to close the gap between reality and potentiality The text will appeal to a public interested in the economic problems of the EU and will be of interest to policy makers and all those who are involved in the process from proposals to decisions of making a more integrated Europe **East Asian Regionalism from a Legal Perspective** Tamio Nakamura, 2009-06-08 Plenty has been written about the political and economical aspects of regionalism but the legal perspective has been neglected East Asian Regionalism From a Legal Perspective is unique in synthesizing legal economic and political analyses In the first part the book investigates the current features of regionalism from a comparative perspective looking at economic and currency cooperation and comparing Asian regionalism with Europe and Latin America In the second part the contributors go on to look at the present legal features of regionalism covering institutional frameworks trade diversity and regional integration The third part of the book is truly unique in proposing an essential groundwork for the institutionalisation of an East Asian

Community It conceives a draft East Asian Charter an essential document that distils what East Asian nations have achieved and also includes integral principles and fundamental rules for future cooperation among countries and peoples in the region This book will be of interest to graduates and academics interested in regionalism international relations international law and Asian studies
