**Fundamentals of Criminal Investigation** De Vere D. Woods, Jr., 2025-05-05 This review guide is designed to help students learn the information presented in *Fundamentals of Criminal Investigation*. For each chapter a list of key terms and multiple choice and true false questions is provided. The tenth edition contains 1 786 questions. A new category of fill in the blank questions has been added to the question options. There are now 180 fill in the blank questions in addition to 1 421 multiple choice questions and 185 true or false questions. It is recommended that students first carefully read the chapter noting essential points and information then reviewing the key terms and then returning to the text to clarify unfamiliar topics. Students may proceed to the questions when confident they understand the key terms. Most questions are restatements of information in the chapter. Some may require students to apply the chapter information to derive the correct answer. Students may test their understanding of the material by trying to answer the questions. Correct answers can be found in the back of the study guide. For questions that are answered incorrectly return to the text and review the appropriate information. Through this process of review and self testing students can increase their understanding of the complexities of the criminal investigation process.

**O'Hara's Fundamentals of Criminal Investigation (10th Ed.)** De Vere D. Woods, Jr., 2025-05-05 *Fundamentals of Criminal Investigation* has been the Bible of criminal investigation for many years. This tenth edition reflects new developments in forensic science, criminalistics, computerization, electronic databases, and the Internet while remaining focused on the fundamentals of criminal investigation to help investigators build a solid foundation of investigative skills. Readers of the tenth edition will find throughout the text numerous edits and refinements to the presentation to improve clarity and comprehension along with many updates. Updated crime trends and statistics include missing persons cases, vehicle thefts, larceny thefts, burglary, studies, violent crime, robberies by locations, robbery losses, murder weapons by type, murder by victim/offender relationships, drug arrests and trends, heroin and opioid use, and drug trafficking patterns. Updated and revised techniques and procedures include a Means, Motive, and Opportunity model, documenting and using recording devices and cell phones, crime scene searching procedures, recording fingerprints, Rapid Fingerprint Identification Search, bullet holes in glass, bite marks, collecting mobile devices, Rogues Gallery, social media posts, interviewing various types of witnesses, using informants, vehicle surveillance techniques, note taking, and digital photography, confidence games, stalking, determining motive and intent, drug decriminalization, hydrocodone, MDMA, ecstasy, hallucinogens, designer drugs, drug investigation methods, drug labs, and privileged communications.
