Butterfly Whispers in Twilight Sandra-Lee Hutt, 2020-03-03 Lovella is the great great grandmother to the Townes family generations It was during the 1800s that Lovella survived a vicious attack by a ferocious feline that wandered from a forest in Asia This attack occurred during Lovella's third pregnancy of the first male child born into this family This attack occurred in the backyard of her home while she was roasting pig a cat ran toward her from the woods and knocked her down to the ground Her screams were heard and a pack of wolf dogs chased the feline away The attack was so vicious it left permanent physical and mental scars on Lovella The birth of the child was full term although questioned by the doctor as to why the baby was born hissing like a cat and born with teeth and the eyes of a tiger Each time the baby boy named Timothy hungered for milk and food his cry sounded like a cat's meow As the years went by the child grew to speak well He would experience temper tantrums all continued past the age of two The family kept him close to home and never revealed to any family members or friends of the attack that Lovella experienced during her pregnancy His favorite play area was in the backyard as he was often seen scratching the bark on every tree in the yard To this day his name Timothy is embarked in a tree that still stands There would be nights when Timothy would awaken and go to the kitchen pulling fruits from the refrigerator leaving large bite marks in unpeeled fruits and vegetables Evaluations and testing from therapists psychologist and psychiatrist all revealed that little Timothy was born with a gene that carried a trait in the DNA that all males born into this family in future generations would carry this gene can never be removed

Attachment Theory, The Science of Successful Relationships, Authentic Love, Romance and Connection Darcy Carter, Discover The Secrets To Building Healthy Happy and Rewarding Relationships We all want that special someone who's going to love us unconditionally honour us and accept us for just being who we are Authentic love and connection are enormously powerful bonds between two people Unfortunately though if we've had more than our fair share of bad relationships through our lifetime Then it can become easy to suspect there's no right person just many different alternatives of wrong We have a staggering divorce rate which causes untold damage to the partners and even more so to their children It is common perhaps expected for relationships to suffer from maladaptive patterns over time it's like a car that needs maintenance and these are fixable when both partners do the work Our interpersonal relationships start forming as soon as we're born and psychologists have studied how those early connections can set the stage for the other relationships we form later in life The attachment theory argues that a strong emotional and physical bond to one primary caregiver in our first years of life is critical to our development Change the way you view every type of relationship you have ever had and will ever have Make healthier choices in choosing who to date and discover a new dimension of connection where relationships can become an institution for unlimited creativity fulfilment intimacy and love If you are in a relationship this book will show you how to examine the unknown path that you'll travel with your spouse and carefully evaluate the
