Georg Lukacs Life Thought And Politics:

Georg Lukács Arpad Kadarkay,1991-01 Traces the life of the influential Marxist philosopher and discusses the formation of his political beliefs *The Politics of the Soul* John Dickson,2022-12-16 This book takes the form of intellectual histories of eight major representative figures of the twentieth century who inherited and responded to the spiritual problematic left by Nietzsche With each figure offering very different ethical and spiritual positions all shed light on what we mean when we talk confusedly around the topics of politics and religion With portraits of Max Weber Georg Luk cs T S Eliot W H Auden Sigmund Freud Carl Jung George Orwell and Hannah Arendt the author explores the latent content of their worldview the moral or immoral intention of their intellectual project In each of the case studies the aim is to move toward an understanding of their ultimate values to get at their particular picture of the soul as well as the implications of this vision for religion and politics As such *The Politics of the Soul* will appeal to scholars of sociology and social theory religion philosophy political theory and cultural studies *Georg Lukacs: The Fundamental Dissonance of Existence* Timothy Bewes,Timothy Hall,2011-03-10 The end of the Soviet period the vast expansion in the power and influence of capital and recent developments in social and aesthetic theory have made the work of Hungarian Marxist philosopher and social critic Georg Luk cs more vital than ever The very innovations in literary method that during the 80s and 90s marginalized him in the West have now made possible new readings of Luk cs less in thrall to the positions taken by Luk cs himself on political and aesthetic matters What these developments amount to this book argues is an opportunity to liberate Luk cs s thought from its formal and historical limitations a possibility that was always inherent in Luk cs s own thinking about the paradoxes of form This collection brings together recent work on Luk cs from the fields of Philosophy Social and Political Thought Literary and Cultural Studies Against the odds Luk cs s thought has survived as a critique of late capitalism as a guide to the contradictions of modernity and as a model for a temperament that refuses all accommodation with the way things are

The Lukacs Reader Arpad Kadarkay,1995-11-06 One of the greatest Marxist theorists of his generation Georg Lukacs was a prolific writer of remarkably catholic if moralistic tastes In *The Lukacs Reader* his biographer Arpad Kadarkay represents the great range and variety of Lukacs s output The reader includes in original translations and with introductory essays Lukacs on Kierkegaard Shakespeare Ford Strindberg Ibsen Wilde Shaw Gaughin Dostoevsky Nietzsche and Heidegger Also collected are the autobiographical essay *On the Poverty of Spirit* material from Lukacs s diary and such key articles as *Aesthetic Culture* *The Ideology of Modernism* *Bolshevism as an Ethical Problem* and *Class Consciousness* What emerges is a figure very much at the centre of European thought whose value to modern culture and philosophy differs markedly from that which received opinion generally admits [Georg Lukacs Reconsidered](#) Michael J. Thompson,2011-02-03 Georg Luk cs stands as a towering figure in the areas of critical theory literary criticism aesthetics ethical theory and the philosophy of Marxism and German Idealism Yet despite his influence throughout the twentieth century his contributions to the humanities

and theoretical social sciences are marked by neglect What has been lost is a crucial thinker in the tradition of critical theory but also by extension a crucial set of ideas that can be used to shed new light on the major problems of contemporary society This book reconsiders Lukács intellectual contributions in the light of recent intellectual developments in political theory aesthetics ethical theory and social and cultural theory An international team of contributors contend that Lukács ideas and theoretical contributions have much to offer the theoretical paucity of the present Ultimately the book reintegrates Lukács as a central thinker not only in the tradition of critical theory but also as a major theorist and critic of modernity of capitalism and of new trends in political theory cultural criticism and legal theory **Lukács After Communism** Eva L.

Corredor,1997 Since the collapse of communism in Eastern Europe the validity of Marxism and Marxist theory has undergone intense scrutiny both within and outside the academy In Lukács After Communism Eva L Corredor conducts ten lively and engaging interviews with a diverse group of international scholars to address the continued relevance of György Lukács's theories to the post communist era Corredor challenges these theoreticians who each have been influenced by the man once considered the foremost theoretician of Marxist aesthetics to reconsider the Lukácsian legacy and to speculate on Marxist theory's prospects in the coming decades The scholars featured in this collection Etienne Balibar Peter Bürger Terry Eagleton Fredric Jameson Jacques Leenhardt Michael Lowy Roberto Schwarz George Steiner Susan Suleiman and Cornel West discuss a broad array of literary and political topics and present provocative views on gender race and economic relations Corredor's introduction provides a biographical synopsis of Lukács and discusses a number of his most important theoretical concepts Maintaining the ongoing vitality of Lukács's work these interviews yield insights into Lukács as a philosopher and theorist while offering anecdotes that capture him in his role as a teacher mentor The Trauma of Defeat

James Martin Skidmore,2005 This is the first book length study to consider Ricarda Huch's historical political thought and assess Huch's place within the lively historiographical discourses of the 1920s One of the most famous writers of her day Huch 1864-1947 was known for her poetry fiction and histories of German Romanticism and the Thirty Years War Like many of her generation Huch was shaken by Germany's defeat in the First World War and this shock motivated her to use her historiography to address Germany's post war situation Convinced that the German nation possessed an identity best expressed by the ideals of Romanticism Huch attributed Germany's decline to the westernization of German political culture absolutism and centralization had replaced the theoretical perfection of the decentralized early Holy Roman Empire of the German Nation Her Weimar histories of medieval and nineteenth century Germany urged a defeated and traumatized nation to return to a path that had been abandoned during the Wilhelmine Empire Topics explored include Huch's use of Nietzschean monumentalism a comparison with popular historians of the period e.g. E. Kantorowicz the echoes of her political thought in her poetry and fiction and her complex relationship to German nationalism **Kierkegaard's Indirect Politics**

Bartholomew Ryan,2014-03-15 This book argues that a radical political gesture can be found in Søren Kierkegaard's writings

The chapters navigate an interdisciplinary landscape by placing Kierkegaard's passionate thought in conversation with the writings of Georg Lukács, Carl Schmitt, Walter Benjamin and Theodor Adorno. At the heart of the book's argument is the concept of indirect politics which names a negative space between methods, concepts and intellectual acts in the work of Kierkegaard as well as marking the dynamic relations between Kierkegaard and the aforementioned thinkers. Kierkegaard's indirect politics is a set of masks that displaces identities from one field to the next: theology masks politics, law masks theology, political theory masks philosophy and psychology masks literary approaches to truth. As reflected in Lukács, Schmitt, Benjamin and Adorno, this book examines how Kierkegaard's indirect politics sets into relief three significant motifs: intellectual non-conformism, indirect communication in and through ambiguous identities and negative dialectics.

Bartholomew Ryan is currently a postdoctoral fellow (2011) at the Instituto de Filosofia da Nova, New University of Lisbon, Portugal. He holds degrees from Aarhus University, Denmark (PhD), University College Dublin (MA) and Trinity College Dublin (1999). He was visiting lecturer at the European College of Liberal Arts in Berlin (2007-2011) and Lady Margaret Hall, University of Oxford (2010) and was a guest scholar at the Søren Kierkegaard Research Centre in Copenhagen (2007 and 2005) and the Kierkegaard Library at St Olaf College, Minnesota (2005). He has written extensively on Kierkegaard and also published articles on Nietzsche, Pessoa, Joyce, Shakespeare and Schmitt.

Dialectical Passions Gail Day, 2010-12-22. Representing a new generation of theorists reaffirming the radical dimensions of art, Gail Day launches a bold critique of late twentieth-century art theory and its often reductive analysis of cultural objects. Exploring core debates in discourses on art from the New Left to theories of critical postmodernism and beyond, Day counters the belief that recent tendencies in art fail to be adequately critical. She also challenges the political inertia that results from these conclusions. Day organizes her defense around critics who have engaged substantively with emancipatory thought and social process: T. J. Clark, Manfredo Tafuri, Fredric Jameson, Benjamin H. D. Buchloh and Hal Foster among others. She maps the tension between radical dialectics and left nihilism and assesses the interpretation and internalization of negation in art theory. Chapters confront the claim that exchange and equivalence have subsumed the use-value of cultural objects and with it, critical distance and interrogate the proposition of completed nihilism and the metropolis put forward in the politics of Italian operaismo. Day covers the debates on symbol and allegory waged within the context of 1980s art and their relation to the writings of Walter Benjamin and Paul de Man. She also examines common conceptions of mediation, totality, negation and the politics of anticipation. A necessary unsettling of received wisdoms, *Dialectical Passions* recasts emancipatory reflection in aesthetics, art and architecture.
