**Georges Bizet's Carmen** Nelly Furman, 2020-01-22 The popularity of Carmen endures across generations and continents with one of the most frequently performed and instantly recognizable operatic scores of all time and a libretto derived from Prosper Mérimé's novella of the same name written 30 years prior to the opera's 1875 debut In Georges Bizet's Carmen the latest volume in the Oxford Keynotes series author Nelly Furman explores the evolution of Carmen's story and its meaning illuminating how the titular heroine has maintained her status as a universally recognizable cultural icon Grounded in Ludovic Halévy's and Henri Meilhac's libretto and drawing on a wealth of mostly French critical theory this book traces the textual operatic and cinematic tellings and retellings of the story from its success as a novella in the industrial age through to its iconic position in our own cinematic era As Furman delicately navigates the fraught terrain of racial and gendered discourse and ideology that Bizet's setting of Mérimé's work traverses she uncovers the elements of the story that give it cultural salience and resonance both in its own right and in support of Bizet's acclaimed musical score In doing so Furman reveals how past and present renderings of the Carmen tale mirror the changing concerns and shifting values of individual authors and their societies and how each new rendering has helped to embed Carmen into the global conscience *Carmen*

Susan McClary, 1992-07-09 Bizet's Carmen is probably the best known opera of the standard repertoire yet its very familiarity often prevents us from approaching it with the seriousness it deserves This handbook explores the opera in a number of contexts bringing to the surface the controversies over gender race class and musical propriety that greeted its premiere and that have been rekindled by the recent spate of film versions Beginning with a study of the Mérimé story by Peter Robinson and an examination of the social tensions in nineteenth century France that inform both that story and the opera the book traces the latter through its genesis and reception The central core of the book presents a close reading of the opera that offers new interpretive possibilities The handbook concludes with discussions of four films based on the opera Carmen Jones and the versions of Carmen by Carlos Saura Peter Brook and Francesco Rosi The volume contains a bibliography music examples and a synopsis *The Listener's History of Music* Percy A. Scholes, 1929 **Geneviève**

**Straus: A Parisian Life** Joyce Block Lazarus, 2017-07-03 Geneviève Straus a Parisian Life is the first biography in English of Geneviève Straus 1849-1926 a Parisian salon hostess and political activist Joyce Block Lazarus explores myths surrounding Straus and offers an account of her life and accomplishments Making use of historical materials including previously unpublished letters Lazarus shows that Straus was a female intellectual during an era when women were non citizens Scholars have well documented the Dreyfus Affair 1894-1906 but have overlooked archival documents which spotlight Straus's role as a political activist in the affair In Geneviève Straus a Parisian Life Lazarus highlights Straus's thirty four year

friendship with Marcel Proust and examines her influence on Proust's novel *In Search of Lost Time* finding echoes of Strauss and her family in his masterpiece

**The Concise New Makers of Modern Culture** Justin Wintle, 2008-11-28 A Who's Who of Western culture from Woody Allen to Emile Zola. Containing four hundred essay-style entries and covering the period from 1850 to the present, *The Concise New Makers of Modern Culture* includes artists, writers, dramatists, architects, philosophers, anthropologists, scientists, sociologists, major political figures, composers, film makers, and many other culturally significant individuals and is thoroughly international in its purview. Next to Karl Marx is Bob Marley; with John Ruskin is Salman Rushdie; alongside Darwin is Luigi Dallapiccola; Deng Xiaoping rubs shoulders with Jacques Derrida, as do Julia Kristeva and Kropotkin. With its global reach, *The Concise New Makers of Modern Culture* provides a multi-voiced witness of the contemporary thinking world. The entries carry short bibliographies and there is thorough cross-referencing as well as an index of names and key terms.

**Virgil Thomson: The State of Music & Other Writings (LOA #277)** Virgil

Thomson, 2016-10-04 A Pulitzer Prize-winning music critic presents an unprecedented collection of the writings of the great composer, critic, and father of American classical music, Virgil Thomson. Following on the critically acclaimed edition of Virgil Thomson's collected newspaper music criticism, *The Library of America* and Pulitzer Prize-winning music critic Tim Page now present Thomson's other literary and critical works, a body of writing that constitutes America's musical declaration of independence from the European past. This volume opens with *The State of Music* (1939), the book that made Thomson's name as a critic and won him his 14-year stint at the *New York Herald Tribune*. This no-holds-barred polemic, here presented in its revised edition of 1962, discusses the commissions, jobs, and other opportunities available to the American composer, a worker in a world of performance and broadcast institutions that today as much as in Thomson's time are dominated by tin-eared non-musical patrons of the arts who are shocked by the new and suspicious of native talent. Thomson's autobiography, *Virgil Thomson* (1966), is more than just the story of the struggle of one such American composer; it is an intellectual, aesthetic, and personal chronicle of the twentieth century, from World War I-era Kansas City to Harvard in the age of straw boaters from Paris in the Twenties and Thirties to Manhattan in the Forties and after. A classic American memoir, it is marked by a buoyant wit, a true gift for verbal portraiture, and a cast of characters including Aaron Copland, Gertrude Stein, James Joyce, Paul Bowles, John Houseman, and Orson Welles. *American Music Since 1910* (1971) is a series of incisive essays on the lives and works of Ives, Ruggles, Varèse, Copland, Cage, and others who helped define a national musical idiom. *Music with Words* (1989), Thomson's final book, is a distillation of a subject he knew better than perhaps any other American composer: how to set English, especially American English, to music in opera and art song. The volume is rounded out by a judicious selection of Thomson's magazine journalism from 1957 to 1984, thirty-seven pieces, most of them previously uncollected, including many long-form review essays written for *The New York Review of Books*. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in

print America's best and most significant writing The Library of America series includes more than 300 volumes to date authoritative editions that average 1 000 pages in length feature cloth covers sewn bindings and ribbon markers and are printed on premium acid free paper that will last for centuries
