George Bancroft The Intellectual As Democrat:

George Bancroft, the Intellectual as Democrat Lilian Handlin, 1984-01-01 Reconstructs the life of the New England politician historian secretary of the navy ambassador and confidant to three presidents a man who was misunderstood by his contemporaries and misinterpreted by scholars

George Bancroft the Intellectual as Democrat by Lilian Handlin Thomas H. Reed, 2001

The Young America Movement and the Transformation of the Democratic Party, 1828-1861

Yonatan Eyal, 2007-08-20 The phrase Young America connoted territorial and commercial expansion in the antebellum United States During the years leading up to the Civil War it permeated various parts of the Democratic party producing new perspectives in the realms of economics foreign policy and constitutionalism Led by figures such as Senator Stephen A Douglas of Illinois and editor John L O Sullivan of New York Young America Democrats gained power during the late 1840s and early 1850s They challenged a variety of orthodox Jacksonian assumptions influencing both the nation's foreign policy and its domestic politics This 2007 book offers an exclusively political history of Young America's impact on the Democratic Party complementing existing studies of the literary and cultural dimensions of this group This close look at the Young America Democracy sheds light on the political realignments of the 1850s and the coming of the Civil War in addition to showcasing the origins of America's longest existing political party

Understanding Emerson Kenneth S. Sacks, 2021-01-12 A seminal figure in American literature and philosophy Ralph Waldo Emerson is considered the apostle of self reliance fully alive within his ideas and disarmingly confident about his innermost thoughts Yet the circumstances around The American Scholar oration his first great public address and the most celebrated talk in American academic history suggest a different Emerson In *Understanding Emerson* Kenneth Sacks draws on a wealth of contemporary correspondence and diaries much of it previously unexamined to reveal a young intellectual struggling to define himself and his principles Caught up in the fierce dispute between his Transcendentalist colleagues and Harvard the secular bastion of Boston Unitarianism and the very institution he was invited to honor with the annual Phi Beta Kappa address Emerson agonized over compromising his sense of self reliance while simultaneously desiring to meet the expectations of his friends Putting aside self doubts and a resistance to controversy in the end he produced an oration of extraordinary power and authentic vision that propelled him to greater awareness of social justice set the standard for the role of the intellectual in America and continues to point the way toward educational reform In placing this singular event within its social and philosophical context Sacks opens a window into America's nineteenth century intellectual landscape as well as documenting the evolution of Emerson's idealism Engagingly written this book which includes the complete text of The American Scholar allows us to appreciate fully Emerson's brilliant rebuke of the academy and his insistence that the most important truths derive not from books and observation but from intuition within each of us Rising defiantly before friend and foe Emerson triumphed over his hesitations redirecting American thought and pedagogy and creating a personal tale of quiet heroism

Historiography: An Introductory Guide

Eileen Ka-May Cheng,2012-03-29 The essential primer on the complexities of history writing and writing history

Dictionary of Early American Philosophers John R. Shook,2012-04-05 The Dictionary of Early American Philosophers which contains over 400 entries by nearly 300 authors provides an account of philosophical thought in the United States and Canada between 1600 and 1860 The label of philosopher has been broadly applied in this Dictionary to intellectuals who have made philosophical contributions regardless of academic career or professional title Most figures were not academic philosophers as few such positions existed then but they did work on philosophical issues and explored philosophical questions involved in such fields as pedagogy rhetoric the arts history politics economics sociology psychology medicine anthropology religion metaphysics and the natural sciences Each entry begins with biographical and career information and continues with a discussion of the subject s writings teaching and thought A cross referencing system refers the reader to other entries The concluding bibliography lists significant publications by the subject posthumous editions and collected works and further reading about the subject

Rise of American Democracy Sean Wilentz,2006-08-29 A political history of how the fledgling American republic developed into a democratic state offers insight into how historical beliefs about democracy compromised democratic progress and identifies the roles of key contributors

The Plain and Noble Garb of Truth Eileen K. Cheng,2008 American historians of the early national period argues Eileen Ka May Cheng grappled with objectivity professionalism and other modern issues to a greater degree than their successors in later generations acknowledge Her extensive readings of antebellum historians show that by the 1820s a small but influential group of practitioners had begun to develop many of the doctrines and concerns that undergird contemporary historical practice The Plain and Noble Garb of Truth challenges the entrenched notion that America s first generations of historians were romantics or propagandists for a struggling young nation Cheng engages with the works of well known early national historians like George Bancroft William Prescott and David Ramsay such lesser known figures as Jared Sparks and Lorenzo Sabine and leading political and intellectual elites of the day including Francis Bowen and Charles Francis Adams She shows that their work which focused on the American Revolution was often nuanced and surprisingly sympathetic in its treatment of American Indians and loyalists She also demonstrates how the rise of the novel contributed to the emergence of history as an autonomous discipline arguing that paradoxically early national historians at once described truth in opposition to the novel and were influenced by the novel in their understanding of truth Modern historians should recognize that the discipline of history is itself a product of history says Cheng By taking seriously a group of too often dismissed historians she challenges contemporary historians to examine some ahistorical aspects of the way they understand their own discipline

Coming to Terms with Democracy Marshall Foletta,2001-10-29 William Tudor Willard Phillips and Richard Henry Dana were not their fathers Federalists When these young New England intellectuals and their contemporaries attempted to carve out a place for themselves in the rapidly changing and increasingly unfriendly culture of the early nineteenth century the key to their efforts

was the founding in 1815 of the North American Review Raised as Federalists and encouraged to believe that they had special responsibilities as the wise and the good they came of age within a cultural and political climate that no longer deferred to men of their education and background But unlike their fathers who retreated in disgust before the emerging forces of democracy these young Federalist intellectuals tried to adapt their parents ideology to the new political and social realities and preserve for themselves a place as the first public intellectuals in America In Coming to Terms with Democracy Marshall Foletta contends that by calling for a new American literature in their journal the second generation Federalists helped American readers break free from imported neo classical standards thus paving the way for the American Renaissance Despite their failure to reconstitute in the cultural sphere their fathers lost political prominence Foletta concludes that the original contributors to the North American Review were enormously influential both in the creation of the role of the American public intellectual and in the development of a vision for the American university that most historians place in a much later period They have earned a prominent place in the history of American literature magazines and journals law and legal education institutional reform and the cultural history of New England

Securing the Fruits of Labor James L. Huston, 2015-05-11 James Huston has undertaken a unique and Herculean labor in examining American beliefs about wealth distribution over one and a half centuries His findings have led him to a startling conclusion Americans earliest economic attitudes were formed during the Revolutionary period and remained virtually unchanged until the close of the nineteenth century Why those attitudes existed and persisted how they informed public debate and what caused their ultimate demise are among the channels explored in Securing the Fruits of Labor a grand excursion into waters of economic history only glimpsed by previous works

Edinburgh Companion to Nineteenth-Century American Letters and Letter-Writing Celeste-Marie Bernier, 2016-02-15 This comprehensive study by leading scholars in an important new field the history of letters and letter writing is essential reading for anyone interested in nineteenth century American politics history or literature Because of its mass literacy population mobility and extensive postal system nineteenth century America is a crucial site for the exploration of letters and their meanings whether they be written by presidents and statesmen scientists and philosophers novelists and poets feminists and reformers immigrants Native Americans or African Americans This book breaks new ground by mapping the voluminous correspondence of these figures and other important American writers and thinkers Rather than treating the letter as a spontaneous private document the contributors understand it as a self conscious artefact circulating between friends and strangers and across multiple genres in ways that both make and break social ties

Alexander Hamilton and the Persistence of Myth Stephen F. Knott, 2002 Knott observes that Thomas Jefferson and his followers and later Andrew Jackson and his adherents tended to view Hamilton and his principles as un American While his policies generated mistrust in the South and the West where he is still seen as the founding plutocrat Hamilton was revered in New England and parts of the mid Atlantic states Hamilton s image as a champion of American

nationalism caused his reputation to soar during the Civil War at least in the North However in the wake of Gilded Age excesses progressive and populist political leaders branded Hamilton as the patron saint of Wall Street and his reputation began to disintegrate BOOK JACKET Edmund Burke in America Drew Maciag,2013-03-12 The statesman and political philosopher Edmund Burke 1729 1797 is a touchstone for modern conservatism in the United States and his name and his writings have been invoked by figures ranging from the arch Federalist George Cabot to the twentieth century political philosopher Leo Strauss But Burke s legacy has neither been consistently associated with conservative thought nor has the richness and subtlety of his political vision been fully appreciated by either his American admirers or detractors In Edmund Burke in America Drew Maciag traces Burke s reception and reputation in the United States from the contest of ideas between Burke and Thomas Paine in the Revolutionary period to the Progressive Era when Republicans and Democrats alike invoked Burke s wisdom to his apotheosis within the modern conservative movement Throughout Maciag is sensitive to the relationship between American opinions about Burke and the changing circumstances of American life The dynamic tension between conservative and liberal attitudes in American society surfaced in debates over the French Revolution Jacksonian democracy Gilded Age values Progressive reform Cold War anticommunism and post 1960s liberalism The post World War II rediscovery of Burke by New Conservatives and their adoption of him as the father of conservatism provided an intellectual foundation for the conservative ascendancy of the late twentieth century Highlighting the Burkean influence on such influential writers as George Bancroft E L Godkin and Russell Kirk Maciag also explores the underappreciated impact of Burke s thought on four U S presidents John Adams and John Quincy Adams Theodore Roosevelt and Woodrow Wilson Through close and keen readings of political speeches public lectures and works of history and political theory and commentary Maciag offers a sweeping account of the American political scene over two centuries **History and Progress** Margarita Mathiopoulos,1989-09-20 Concisely written and compelling this book offers a provocative look at European American relations It focuses on the tradition of common political ideas the original roots of common European and American thought the decision by the two continents not to develop in isolation from one another and the traditional ambivalence of the European caught indecisively between reliance upon and distance from the United States From classical antiquity to contemporary society Mathiopoulos unfolds the paradoxical relationship between the U S and Europe the simultaneous occurrence of reciprocal attraction and mutual misunderstanding She describes how America was born of European intellectual stock enlightenment reason religious freedom equality democracy the rights of man and the desire to achieve these things in the New World She also tells us that the idealism of progress of the European enlightenment gave rise to the American Dream which constitutes the consciousness of the American people and is woven into their domestic and foreign policy to this day This stimulating book will interest anyone involved in the field of comparative political thought as well as those interested in the evolutionary and revolutionary process of the idea of progress in Europe and the United States The

idea of progress forms the core History and Progress Mathiopoulos shows that faith in progress and the desire for a better world have been the major stimuli for historical change in the modern world She describes how Europe gave birth to this idea and throughout history became largely disenchanted with it In contrast the United States inherited this concept and has utilized it for over 200 years to maintain its sense of identity and self awareness History and Progress explains not only how the idea of progress inspired the founding of America but how the concept provides momentum for the historical development of the nation to the present In short the American Dream preserved the progressive optimism projected by the Enlightenment in the United States even when it had since disappeared from European historical thought **James K. Polk** Thomas M. Leonard,2001 James K Polk s four years in office marked the greatest period of territorial acquisition in the history of the USA This is an analysis of each of these expansions showing that they were far more complex than the moral crusade that had been labelled Manifest Destiny The Oxford Companion to American Military History , The Golden Age of the Classics in America Carl J Richard,2009-07-23 In a masterful study Carl Richard explores how the Greek and Roman classics became enshrined in American antebellum culture For the first time knowledge of the classics extended beyond aristocratic males to the middle class women African Americans and frontier settlers The Civil War led to a radical alteration of the educational system in a way that steadily eroded the preeminence of the classics **The Encyclopedia of the Mexican-American War** Spencer C. Tucker,2012-10-09 This user friendly encyclopedia comprises a wide array of accessible yet detailed entries that address the military social political cultural and economic aspects of the Mexican American War The Encyclopedia of the Mexican American War A Political Social and Military History provides an in depth examination of not only the military conflict itself but also the impact of the war on both nations and how this conflict was the first waged by Americans on foreign soil and served to establish critical U S military political and foreign policy precedents The entries analyze the Mexican American War from both the American and Mexican perspectives in equal measure In addition to discussing the various campaigns battles weapons systems and other aspects of military history the three volume work also contextualizes the conflict within its social cultural political and economic milieu and places the Mexican American War into its proper historical and historiographical contexts by covering the eras both before and after the war This information is particularly critical for students of American history because the conflict fomented sectional conflict in the United States which resulted in the U S Civil War **Providence and the Invention of the United States, 1607-1876** Nicholas Guyatt,2007-07-23 Nicholas Guyatt offers a completely new understanding of a central question in American history how did Americans come to think that God favored the United States above other nations Tracing the story of American providentialism this book uncovers the British roots of American religious nationalism before the American Revolution and the extraordinary struggles of white Americans to reconcile their ideas of national mission with the racial diversity of the early republic Making sense of previously diffuse debates on manifest destiny millenarianism and American mission

Providence and the Invention of the United States explains the origins and development of the idea that God has a special plan for America This conviction supplied the United States with a powerful sense of national purpose but it also prevented Americans from clearly understanding events and people that could not easily be fitted into the providential scheme

Encyclopedia of Naval History Anthony Bruce,2014-01-27 From the beginnings of the age of sail and firearms to the present day the Encyclopedia of Naval History provides a complete and comprehensive guide to world naval history

George Bancroft The Intellectual As Democrat Introduction

In the digital age, access to information has become easier than ever before. The ability to download George Bancroft The Intellectual As Democrat has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download George Bancroft The Intellectual As Democrat has opened up a world of possibilities. Downloading George Bancroft The Intellectual As Democrat provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading George Bancroft The Intellectual As Democrat has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download George Bancroft The Intellectual As Democrat. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading George Bancroft The Intellectual As Democrat. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading George Bancroft The Intellectual As Democrat, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download George Bancroft The Intellectual As Democrat has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to

engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About George Bancroft The Intellectual As Democrat Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. George Bancroft The Intellectual As Democrat is one of the best book in our library for free trial. We provide copy of George Bancroft The Intellectual As Democrat in digital format, so the resources that you find are reliable. There are also many Ebooks of related with George Bancroft The Intellectual As Democrat. Where to download George Bancroft The Intellectual As Democrat online for free? Are you looking for George Bancroft The Intellectual As Democrat PDF? This is definitely going to save you time and cash in something you should think about.
