## **Germans In Britain Since 15:**

*Germans in Britain Since 1500* Panikos Panayi, 1996-07-01 German speaking people have always lived either as temporary or as long term residents in the British Isles While the majority of the visitors arrived to pursue trade others came for a wide variety of reasons In the sixteenth century German reformers came to promote Protestantism In 1714 the Elector of Hanover came because he had inherited the crown In Victorian times Karl Marx wrote *Das Kapital* in the British Museum The nineteenth century was perhaps the highpoint in the history of German settlement with the establishment of widespread German communities and organisations The First World War and a combinations of official and unofficial hostility destroyed most of these communities During the interwar years both Nazis and Jewish refugees from Nazism entered the country Since the war professionals have formed the basis of the German community The present volume traces the history of German settlement through a series of essays designed to cover each period and to analyse specific aspects *Germans in Britain Since 1500* represents a unique history of an immigrant grouping in Britain over almost 500 years *Index to the Correspondence of the Foreign Office* Great Britain. Foreign Office, 1939 **English Modernism, National Identity and the Germans, 1890-1950** Petra Rau, 2016-05-13 This is the first systematic study to trace the way representations of Germanness in modernist British literature from 1890 to 1950 contributed to the development of English identity Petra Rau examines the shift in attitudes towards Germany and Germans from suspicious competitiveness in the late Victorian period to the aggressive hostility of the First World War and the curious inconsistencies of the 1930s and 1940s These shifts were no simple response to political change but the result of an anxious negotiation of modernity in which specific aspects of Englishness were projected onto representations of Germans and Germany in English literature and culture While this incisive argument clarifies and deepens our understanding of cultural and national politics in the first half of the twentieth century it also complicates current debates surrounding race and otherness in cultural studies Authors discussed include major figures such as Conrad Woolf Lawrence Ford Forster and Bowen as well as popular or less familiar writers such as Saki Graham Greene and Stevie Smith Accessibly written and convincingly argued Rau s study will not only be an important book for scholars but will serve as a valuable guide to undergraduates working in modernism literary history and European cultural relations **The Internment of Aliens in Twentieth Century Britain** David Cesarani, Tony Kushner, 2013-02-01 These essays reveal the role of British intelligence in the roundups of European refugees and expose the subversion of democratic safeguards They examine the oppression of internment in general and its specific effect on women as well as the artistic and cultural achievements of internees **Journal of the United States Artillery** ,1915 **Palmer's Index to "The Times" Newspaper** ,1915 The Great Events of the Great War: A.D. 1919 Charles Francis Horne, Walter Forward Austin, 1923 **Documents on German Foreign Policy, 1918-1945, from the Archives of the German Foreign Ministry** Germany. Schmolke,2014-07-22 An immensely interesting look at the Emden K nigsberg Karlsruhe K In Leipzig and N rnbergships from drawing board to destiny War History Online The warships of the World War II era German Navy are among the most popular subject in naval history with an almost uncountable number of books devoted to them However for a concise but authoritative summary of the design history and careers of the major surface ships it is difficult to beat a series of six volumes written by Gerhard Koop and illustrated by Klaus Peter Schmolke Each contains an account of the development of a particular class a detailed description of the ships with full technical details and an outline of their service heavily illustrated with plans battle maps and a substantial collection of photographs These have been out of print for ten years or more and are now much sought after by enthusiasts and collectors so this new modestly priced reprint of the series will be widely welcomed This volume is devoted to the six ships from Emden to N rnberg that were built between the wars They were primarily intended for commerce raiding but the war gave them few opportunities for such employment although they did provide useful support for key naval operations in the Baltic and North Sea Two were lost in the 1940 Norway campaign but the remainder survived for most of the conflict A ship by ship history of the cruisers The text is supported by an excellent collection of plans and photographs Overall this is a very impressive history of a fairly unimpressive set of warships HistoryOfWar org      **Chips from a German Workshop** Friedrich Max Müller,1867      **The American Library Annual 1911/12-1917/18** ,1915      *Air University Review* ,1984      **The German Occupation of the Channel Islands** Charles Cruickshank,2016-07-22 Charles Cruickshank provides a full account of the German invasion the subsequent landings of various British agents raids and an attempt to end the occupation using psychological warfare He also looks at how the islanders and Wehrmacht lived the reality of collaboration with the occupying powers and the extent of support for the Resistance      **Norman County, Minnesota, in the World War** ,1922 Consists primarily of photographs with brief biographies of Norman County residents active in foreign and domestic U S World War I efforts including soldiers Home Service workers Red Cross members Home Guard members and others      Germans as Minorities during the First World War Panikos Panayi,2016-04-15 Offering a global comparative perspective on the relationship between German minorities and the majority populations amongst which they found themselves during the First World War this collection addresses how public opinion the press parliament and ordinary citizens reacted towards Germans in their midst The volume uses the experience of Germans to explore whether the War can be regarded as a turning point in the mistreatment of minorities one that would lead to worse manifestations of racism nationalism and xenophobia later in the twentieth century      The Atlantic Almanac ,1868      The Encyclopædia Britannica Hugh Chisholm,James Louis Garvin,1926      **The Annual Index to the Times** ,1906      German Reich and Protectorate of Bohemia and Moravia September 1939-September 1941 Andrea Löw,2020-07-20 Executive editor Andrea L w English language edition prepared by Caroline Pearce Georg Felix Harsch and Dorothy Mas This volume chronicles the situation of the Jews in the German Reich and in the so called Protectorate of

Bohemia and Moravia between the start of the Second World War and September 1941 The German authorities used the start of the war on 1 September 1939 as an opportunity to intensify the campaign against the supposed enemies within primarily the Jews Thousands of Jews were expelled to Poland and France in initial deportations Emigration or flight became virtually impossible In February 1941 a Jewish woman from Vienna feared for her parents We know now that there is no age limit everyone is being sent away little children the very old even sick people are taken from the hospital and transported somewhere into uncertainty into misery The volume documents the increasing isolation of the German and Czech Jews and the plans and ambitions of their persecutors in the period leading up to the systematic deportations Learn more about the PMJ on <https://pmjdocuments.org>
