Innovations in Cancer and Palliative Care Education Lorna Foyle,Janis Hostad,2017-10-03

This work includes Foreword by Nigel Sykes Medical Director St Christopher s Hospice London This practical evidence based guide has been specifically designed for teachers in cancer and palliative care It is completely up to date and covers the recent complex changes in cancer and palliative care delivery offering a range of different creative approaches Ideal for training the text includes highlighted key points self help questions for reflection and references where applicable It provides invaluable guidance for all healthcare professionals with palliative care teaching responsibilities including undergraduate and postgraduate healthcare educators and Macmillan lecturers This book gives us a three dimensional view of how to respond to the demands on cancer and palliative care education today set particularly in a British context but of course capable of extrapolation to other settings These three dimensions of innovation can be summarised as What do you teach How do you teach it To whom do you teach it Innovation in all three aspects simultaneously may be difficult to achieve but all who have a responsibility for education are faced with the challenges of making their teaching more effective and demonstrating that

they have done so keeping abreast of advancing knowledge and clinical practice and of reaching out to groups of learners who hitherto have been neglected Of significant help to anyone in this field whose concern is the delivery of effective and appropriate education Nigel Sykes in the Foreword

EBOOK: Culture and Cancer Care Simon Dein,2005-11-16 Cancer is more than a biological disease Cultural factors are involved at every stage in the journey through cancer from prevention to palliative care Based upon recent studies from the United Kingdom Europe and the United States Culture and Cancer Care examines a number of cultural themes in relation to cancer including The disparity of rates of cancer among different ethnic groups Culture and screening Breaking bad news and communication Cultural variations in emotional responses to cancer Cultural variability in cancer treatments and the influence on prognosis Palliative care across cultures The book focuses on three main themes culture race and ethnicity and their relationship to cancer the cultural context of sickness and help seeking behaviour the shift from biomedicine to alternative forms of treatment Throughout the book a critical stance is adopted towards race and culture focusing on the relation between these concepts and social deprivation Culture and Cancer Care is key reading for students researchers and practitioners in oncology and palliative care offering a clear analysis of cultural differences with regard to illness and health care as well as suggestions of how ethnic disparities can be overcome both at a political and local level through cultural understanding and culturally appropriate health education

Spiritualities of Life Paul Heelas,2008-04-28 This insightful and provocative journey through spiritual landscapes explores the ways in which spiritualities of life have been experienced and understood in Western society and argues that today s myriad forms of holistic spirituality are helping us to find balance in face of the stifling demands of twenty first century living An enlightening book which explores the ways in which spirituality has been experienced and valued in Western society Traces the development of modern spirituality from the origins of Romanticism in the eighteenth century through to the counter cultural sixties and on to the wellbeing culture of today Explores the belief that modern spirituality is merely an extension of capitalism in which people consume spirituality without giving anything back Contends that much of the wide range of popular mind body spirit practices are really an ethically charged force for the good life helping us to find balance in the demands of twenty first century living Written by an acknowledged world leader working in the field Completes a trilogy of books including The Spiritual Revolution 2005 with Linda Woodhead and The New Age Movement 1996 charting the rise and influence of spirituality today

A Sociology of Spirituality Peter C. Jupp,2016-03-16 The emergence of spirituality in contemporary culture in holistic forms suggests that organised religions have failed This thesis is explored and disputed in this book in ways that mark important critical divisions This is the first collection of essays to assess the significance of spirituality in the sociology of religion The authors explore the relationship of spirituality to the visual individualism gender identity politics education and cultural capital The relationship between secularisation and spirituality is examined and consideration is given to the significance of Simmel in relation to a sociology of spirituality Problems of

defining spirituality are debated with reference to its expression in the UK the USA France and Holland This timely original and well structured volume provides undergraduates postgraduates and researchers with a scholarly appraisal of a phenomenon that can only increase in sociological significance
