Intentions in the Experience of Meaning Raymond W. Gibbs, 1999 **Intentions in the Experience of Meaning**
Raymond W. Gibbs (jr.), 1999 Literary Intention, Literary Interpretations, and Readers John Maynard, 2009-04-17 This accessible personal and provocative study returns to the major subject in literary discussion before and during the relatively recent flourishing of literary theory that of literary intention Does the author s personal intention or historical site determine a correct interpretation of a literary work Probing the entire range of issues connected with this many faceted and knotty concept this book engages with interpretation on both theoretical and practical levels It argues that the hard questions about interpretation connected to issues of intention cannot be sidestepped or ignored It does not argue for conservative concepts of literature itself nor against the major historical engagements of critics in our time But in addressing those who continue to read or teach literature it does insist on a level of sophistication in issues of literary interpretation that cannot be assured by historical research and knowledge of the social and cultural connections to literary works The overall aim of the work is to recall readers to the great complexity pleasure and interest of literary interpretation **Intentions** Arabella Lyon, 2004-06-11 The relationship between an author s and an audience s intentions is complex but need not preclude mutual engagement This philosophical investigation challenges existing literary and rhetorical perspectives on intention and offers a new framework for understanding the negotiation of meaning It describes how an audience s intentions affect their interpretations shows how audiences negotiate meaning when faced with a writer s undecipherable intentions and defines the scope of understanding within rhetorical situations Introducing a concept of intention into literary analysis that supersedes existing rhetorical theory Arabella Lyon shows how the rhetorics of I A Richards Wayne Booth and Stanley Fish as well as the hermeneutics of Hans Georg Gadamer fail to account for the complex interactions of author and audience Using Kenneth Burke s concepts of form motive and purpose she builds a more complex notion of intention than those usually found in literary studies then employs her theory to describe how philosophers read Wittgenstein s narratives metaphors and reversals in argument Lyon argues that our differences in intention prevent consistency in interpretations but do not stop our discussions deliberations and actions She seeks to acknowledge difference and the communicative problems it creates while demonstrating that difference is normal and does not end our engagement with each other Intentions combines recent work in philosophy literary criticism hermeneutics and rhetoric in a highly imaginative way to construct a theory of intention for a postmodern rhetoric It recovers and renovates central concepts in rhetorical theory not only intention but also deliberation politics and judgment **On Being in the World (Routledge Revivals)** Stephen Mulhall, 2014-05-01 On Being in the World first published in 1990 illumines a neglected but important area of Wittgenstein s philosophy revealing its pertinence to the central concerns of contemporary analytic philosophy The starting point is the idea of continuous aspect perception which connects Wittgenstein s treatment of certain issues relating to aesthetics with fundamental questions in the philosophy

of psychology Professor Mulhall indicates parallels between Wittgenstein's interests and Heidegger's Being and Time demonstrating that Wittgenstein's investigation of aspect perception is designed to cast light on much more than a bizarre type of visual experience in reality it highlights what is distinctively human about our behaviour in relation to things in the world what it is that distinguishes our practical activity from that of automata On Being in the World remains an invaluable resource for students of Wittgenstein's philosophy as well as anyone interested in negotiating the division between analytic and continental philosophy

The People of God in the Apocalypse Stephen Pattemore, 2004-06-17 Stephen Pattemore examines passages within Revelation 4:1-22:21 that depict the people of God as actors in the apocalyptic drama and infers what impact these passages would have had on the self understanding and behaviour of the original audience of the work He uses Relevance Theory a development in the linguistic field of pragmatics to help understand the text against the background of allusion to other texts Three important images are traced The picture of the souls under the altar 6:9-11 is found to govern much of the direction of the text with its call to faithful witness and willingness for martyrdom Even the militant image of a messianic army 7:1-8:14-15 urges the audience in precisely the same direction Both images combine in the final image of the bride the culmination of challenge and hope traced briefly in the New Jerusalem visions

Walter Benjamin and "The Task of the Translator". An Interpretation based on his Influence by Phenomenology John Dorsch, 2018-02-15 Seminar paper from the year 2014 in the subject Literature Comparative Literature grade 1.0 University of Tübingen language English abstract In The Task of the Translator Walter Benjamin sets forth what he believes to be the true goal of any work of translation Instead of conforming to the reader a translation should conform to the source and target language of the work the purpose of which is to expose the relationship between the two languages how each complements the other in its use But is there more to Benjamin's Task than that Walter Benjamin is commonly thought of as a Neukantianer because of his influence by the Marburger school especially Cohen Little is known however about his influence by Husserl's school of phenomenology In this paper we will determine Benjamin's influence by phenomenology by first developing a concise conception of intentionality based on a close reading of Husserl's principle work Logische Untersuchungen as intentionality is the key term linking Benjamin to the phenomenological tradition We will then provide a novel interpretation of Benjamin's essay Die Aufgabe des Übersetzers by focusing on his use of the phenomenological term intention and with help of Benjamin's fragments on the philosophy of language where he also used the term intention in the phenomenological sense provide a novel understanding of what Benjamin means by das Gemeint and die Art des Meinens with respect to his theory of translation

The Anthropology of Intentions Alessandro Duranti, 2015-01-08 This multidisciplinary study explores how people make sense of each other's actions

Wittgenstein: Rethinking the Inner Paul Johnston, 2002-01-04 The idea of the Inner is central to our concept of a person and yet is far from being philosophically understood This book offers a comprehensive account of Wittgenstein's work on the subject and presents a forceful challenge to contemporary views Written in a non

technical and accessible style it throws new light both on Wittgenstein's work and on the problem of the Inner self

Speech Acts, Meaning and Intentions Armin Burkhardt, 2010-09-15 No detailed description available for Speech Acts
Meaning and Intentions *One Hundred Years of Intuitionism (1907-2007)* Mark van Atten, Pascal Boldini, Michel Bourdeau, Gerhard Heinzmann, 2008-11-09 Intuitionism is one of the main foundations for mathematics proposed in the twentieth century and its views on logic have also notably become important with the development of theoretical computer science This book reviews and completes the historical account of intuitionism It also presents recent philosophical work on intuitionism and gives examples of new technical advances and applications It brings together 21 contributions from today's leading authors on intuitionism
The Cambridge Companion to Religious Experience Paul K. Moser, Chad Meister, 2020-07-16 For centuries theologians and philosophers among others have examined the nature of religious experience Students and scholars unfamiliar with the vast literature face a daunting task in grasping the main issues surrounding the topic of religious experience The Cambridge Companion to Religious Experience offers an original introduction to its topic Going beyond an introduction it is a state of the art overview of the topic with critical analyses of and creative insights into its subject Religious experience is discussed from various interdisciplinary perspectives from religious perspectives inside and outside traditional monotheistic religions and from various topical perspectives Written by leading scholars in clear and accessible prose this book is an ideal resource for undergraduate and graduate students teachers and scholars across many disciplines
Logical Investigations Volume 1 Edmund Husserl, 2012-11-12 Edmund Husserl is the founder of phenomenology and the Logical Investigations is his most famous work It had a decisive impact on twentieth century philosophy and is one of few works to have influenced both continental and analytic philosophy This is the first time both volumes have been available in paperback They include a new introduction by Dermot Moran placing the Investigations in historical context and bringing out their contemporary philosophical importance These editions include a new preface by Sir Michael Dummett
Divine Discourse Nicholas Wolterstorff, 1995-10-05 Prominent in the canonical texts and traditions of Judaism Christianity and Islam is the claim that God speaks Nicholas Wolterstorff argues that contemporary speech action theory when appropriately expanded offers us a fascinating way of interpreting this claim and showing its intelligibility He develops an innovative theory of double hermeneutics along the way opposing the current near consensus led by Ricoeur and Derrida that there is something wrong headed about interpreting a text to find out what its author said Wolterstorff argues that at least some of us are entitled to believe that God has spoken Philosophers have never before in any sustained fashion reflected on these matters mainly because they have mistakenly treated speech as revelation
The Oxford Handbook of Wittgenstein Oskari Kuusela, Marie McGinn, 2011-10-27 Since the middle of the 20th century Ludwig Wittgenstein has been an exceptionally influential and controversial figure wherever philosophy is studied This is the most comprehensive volume ever published on Wittgenstein thirty five leading scholars explore the whole range of his thought offering critical

engagement and original interpretation and tracing his philosophical development Topics discussed include logic and mathematics language and mind epistemology philosophical methodology religion ethics and aesthetics Wittgenstein's relation to other founders of analytic philosophy such as Gottlob Frege Bertrand Russell and G E Moore is explored This Handbook is the place to look for a full understanding of Wittgenstein's special importance to modern philosophy The Journal of Philosophy, 1906 Covers topics in philosophy psychology and scientific methods Vols 31 include A Bibliography of philosophy 1933 **Essays on Anscombe's Intention** Anton Ford, Jennifer Hornsby, Frederick Stoutland, 2011-06-01 G E M Anscombe's Intention firmly established the philosophy of action as a distinctive field of inquiry Donald Davidson called this 94 page book the most important treatment of action since Aristotle But until quite recently few scholars recognized the magnitude of Anscombe's philosophical achievement This collection of ten essays elucidates some of the more challenging aspects of Anscombe's work and affirms her reputation as one of our most original philosophers Born in 1919 Anscombe studied at St Hugh's College Oxford where she later held a research fellowship In 1941 she married philosopher Peter Geach with whom she had seven children A close friend of Wittgenstein in 1946 she joined Oxford's Somerville College and spent the next twenty four years there before being appointed to the Chair of Philosophy at Cambridge that Wittgenstein had held She died in 2001 after her long career as a highly regarded analytic philosopher This volume brings together fresh interpretations of Intention written by some of today's leading philosophers of action It will enlighten Anscombe's readers who struggle with concepts they find puzzling or obscure while providing a bracing corrective to doubts about Intention's significance and the gravity of what is at stake **The Journal of Philosophy, Psychology and Scientific Methods**, 1906

From the Act of Judging to the Sentence Artur Rojszczak, 2006-03-30 IN MEMORIAM OF ARTUR ROJSZCZAK For a teacher the opportunity to write the Foreword to a student's work gives rise to a sense of fulfillment and pride In this case however although the latter remains the former has been effaced In a well ordered world Artur Rojszczak would have perhaps one day written tributes to ourselves It is a poignant paradox when teachers are called upon to comment posthumously on the work of one of their students This is a terrible task which falls to us who have been not only mentors and colleagues to Artur but also simply friends of eulogizing someone who has died so soon and so tragically Artur was killed together with his father by an aggressive neighbour on September 27 2001 Artur's wife was severely injured in the same attack Artur was born on March 12 1968 in Subice close to the Polish German border He studied in the Electronics College in Zielona Gora graduating in 1987 But from very early on his dream was to study philosophy and to do so at the Jagiellonian University in Cracow no other place was considered by him seriously He entered the university in 1988 *Jewish Relational Care A-Z* Jack H Bloom, 2013-05-13 A collection of caregiving tools combining the values of Jewish tradition and self relations useful for practitioners of ANY faith Self relations a powerful framework for doing respectful and humane caregiving for oneself and for others is here brought into relationship with Jewish thought Jewish Relational Care A Z We Are Our Other's Keeper is an
