Intercountry Income Distribution And Transnational Enterprises:

Intercountry Income Distribution and Transnational Enterprises Constantinos V. Vaitsos, 1974 **Intercountry income distribution and transnational enterprises** Constantine V. Vaitsos, 1976 **The Geography of Multinationals (RLE International Business)** Michael Taylor, Nigel Thrift, 2013-04-02 Through a series of international case studies the nature and the geographical implications of the development of multinational corporations is examined The volume concentrates on the latter Post War period of corporate restructuring and readjustment in response to world wide recession in the mid 1980s The volume is divided into two parts In the first each of the chapters considers a particular aspect of the problem of how multinational corporations have developed In the second part the chapters consider different aspects of the economic and social impacts of these corporations The common theme that links all the papers is their emphasis on careful historical analysis of different forms of spatial organisation and their transformation into other different forms *Transnational Corporations and Uneven Development (RLE International Business)* Rhys Jenkins, 2013-02-15 Is the transnational corporation TNC an engine of growth capable of eliminating international economic inequalities or a major obstacle to development through a massive drain of surplus to advanced countries This book presents five different perspectives on the role of TNCs Neo Classical Global Reach Neo Imperialist Neo Fundamentalist Internationalization of capital The author looks at their effect on local labour and capital and considers the future prospects for TNC involvement in the Third World The book provides an excellent comparative analysis of TNCs and will appeal to students in development studies and international economics **The Politics of International Economic Relations** Jeffrey A. Hart, Joan Edelman Spero, 2013-06-17 The first and definitive book of its kind Joan Spero s *The Politics of International Economic Relations* has been fully updated to reflect the sweeping changes in the international arena With the expertise of co author Jeffrey Hart the fifth edition strengthens the coverage of political and economic relations since the end of the Cold War economic polarization in developing nations and the roots of economic decline in centrally planned economies A new chapter on industrial policy and competitiveness debates further illustrates the changing dynamics of International Political Economy Ideal as a supplement to the International Relations course or as the core text in International Political Economy Spero and Hart s *The Politics of International Economic Relations* continues to give students the breadth and depth of scholarship needed to understand the politics of world economy *Transnational Corporations, Technology Transfer and Development* Tagi Sagafi-nejad, Robert Belfield, 2014-06-28 Transnational Corporations Technology Transfer and Development A Bibliographic Sourcebook compiles references one can use in studying transnational corporations and related topics The compilation divides various source materials into eight major themes The sourcebook presents publications on the development of science and technology the International Technology Gap and the NIEO and transnational corporations and technology The other groups of publications compiled mainly focus on the anatomy of corporate technology transfer technology transfer and host countries and sectoral

analysis wherein several case studies are included The last two sets of reference materials are concerned with technology transfer and the home country and its regulation This sourcebook will be invaluable to those in need of lists of reference materials on transnational corporations *Multinationals and Europe 1992 (RLE International Business)* Beat Burgenmeier, Jean-Louis Mucchielli, 2013-01-25 When it was originally published this book presented the first independent review of the critical role played by multinationals in Europe Extending its focus beyond 1992 the book examines both the economic and business strategy frameworks the firms need to develop to maintain a competitive advantage Using case studies from specific industries it looks not only at the activity of multinationals within the single market but explores the competitive strategies of non European firms with special emphasis on Japanese companies which were poised to exploit 1992 The importance of interaction between multinationals and national government policies is also analysed taking into account the integration already achieved **Employment, Income Distribution and Development Strategy: Problems of the Developing Countries** NA NA, 2015-12-25 **International Production and the Multinational Enterprise (RLE International Business)** John Dunning, 2013-03-05 The growth and impact of the multinational enterprise MNE in the post war period is one of the most important phenomena of our time This volume originally published in 1981 provides a comprehensive and detailed review of both the theoretical and policy issues at a time when the subject had reached a watershed after the controversies of the 1970s The book provides a balanced discussion of major themes such as the development of modern theories of international production the impact of the MNE on the nation state and the structure of the international market the response of governments and the appropriate framework for policy measures and the historical context and likely future of the MNE , **Multinational Business and Labour (RLE International Business)** Peter Enderwick, 2013-01-17 Aimed at senior undergraduate and post graduate students following courses in International Business and Industrial Relations this book examines the labour market effects of multinational business In reflecting the complexity and dynamism of developments in this area the book makes clear the need to underpin analysis of the labour market effects of multinational business with conceptual understanding of the theory of multinational enterprise *The Multinational Corporation* Sanjaya Lall, 1983-05-26 **The Firm and the Market** Mark Casson, 1987 In this book a well known theorist of the multinational firm extends his major contributions to encompass the scope of the firm in general Casson presents a model showing how the different activities of the firm R the possibility of its becoming a multinational in fact depends on the strategic problems encountered in these operations After chapters in which he critically reviews the literature and sets forth his own theoretical insights the author looks at case studies of topical concern in the shipping construction and motor vehicle industries in order to explain contemporary rationalization and restructuring in manufacturing **International Money And Capitalist Crisis** E. A. Brett, 2019-03-07 In attempting to understand the growing importance of the monetary problem for deficit countries the author found himself drawn into more and more

abstract and general problems of economic theory and institutional change The post war period has completed the internationalisation of capitalism production at any point depends directly upon a mult

Multinationals and Economic Development (Routledge Library Editions: International Business) James C.W. Ahiakpor, Alan Rugman, 2008-02-20 First published in 1990 Routledge is an imprint of Taylor Francis an informa company

Ford and the Global Strategies of Multinationals Maria Isabel Studer Noguez, 2003-08-27 Today the Multinational Enterprise MNE is seen as a leading agent in the process of globalization As they adopt global strategies MNE s are seen to be creating stronger deeper and more lasting links amongst countries thus shifting the balance of power inexorably in their favour to the detriment of the state This book interrogates this idea by undertaking a historical analysis of the global strategies of Ford

Taxation in the Global Economy Assaf Razin, Joel Slemrod, 2008-04-15 The increasing globalization of economic activity is bringing an awareness of the international consequences of tax policy The move toward the common European market in 1992 raises the important question of how inefficiencies in the various tax systems such as self defeating tax competition among member nations will be addressed As barriers to trade and investment tumble cross national differences in tax structures may loom larger and create incentives for relocations of capital and labor and efficient and equitable income tax systems are becoming more difficult to administer and enforce particularly because of the growing importance of multinational enterprises What will be the role of tax policy in this more integrated world economy Assaf Razin and Joel Slemrod gathered experts from two traditionally distinct specialties taxation and international economics to lay the groundwork for understanding these issues which will require the attention of scholars and policymakers for years to come Contributors describe the basic provisions of the U S tax code with respect to international transactions highlighting the changes contained in the U S Tax Reform Act of 1986 explore the ways that tax systems influence the decisions of multinationals examine the effect of taxation on trade patterns and capital flows and discuss the implications of the opening world economy for the design of optimal international tax policy The papers will prove valuable not only to scholars and students but to government economists and international tax lawyers as well

Political Theory and International Relations Charles R. Beitz, 1999-07-01 In this revised edition of his 1979 classic *Political Theory and International Relations* Charles Beitz rejects two highly influential conceptions of international theory as empirically inaccurate and theoretically misleading In one international relations is a Hobbesian state of nature in which moral judgments are entirely inappropriate and in the other states are analogous to persons in domestic society in having rights of autonomy that insulate them from external moral assessment and political interference Beitz postulates that a theory of international politics should include a revised principle of state autonomy based on the justice of a state s domestic institutions and a principle of international distributive justice to establish a fair division of resources and wealth among persons situated in diverse national societies

Industrial Structure and Policy in Less Developed Countries Colin Kirkpatrick, N. Lee, Fred Nixon, 2012-08-06 First published in 1984 this textbook analyses at both aggregate

and micro economic levels the contemporary industrial conditions in Third World countries and relates this to the process of economic growth and structural transformation Drawing upon both industrial and development economics the authors offer a comprehensive and integrated treatment of the different levels of industrial analysis in less developed countries alongside a wealth of comparative data on industrial structure business concentration and behaviour and industrial policies in a cross section of countries in Africa Asia the Far East and Latin America

Multinationals and Europe 1992 Beat Burgenmeier, Jean Louis Mucchielli, 2012-11-26 When it was originally published this book presented the first independent review of the critical role played by multinationals in Europe Extending its focus beyond 1992 the book examines both the economic and business strategy frameworks the firms need to develop to maintain a competitive advantage Using case studies from specific industries it looks not only at the activity of multinationals within the single market but explores the competitive strategies of non European firms with special emphasis on Japanese companies which were poised to exploit 1992 The importance of interaction between multinationals and national government policies is also analysed taking into account the integration already achieved
