Environmental Science 6e (paper) Daniel D. Chiras,2013 **Environmental Protection Research Catalog: Indexes** Smithsonian Science Information Exchange,1972 **Inventory of Federal Energy-related Environment and Safety Research for ...** ,1979 Eschatology and Ecology Paul Hang-Sik Cho,2011-05-01 This book raises the question of why Korean people and Korean Protestant Christians in particular pay so little attention in theory or practice to ecological issues The author argues that there is an important connection or elective affinity between this lack of attention and the otherworldly eschatology that is so dominant within Korean Protestant Christianity Dispensational premillennialism originally imported by American missionaries resonated with traditional religious beliefs in Korea and soon came to dominate much of Korean Protestantism This book argues that this of all forms of millennialism is the most damaging to ecological concerns It also suggests how Korean churches may effectively respond to the ecological challenge **Report summaries** United States. Environmental Protection Agency,1983 Ecological Intensification of Natural Resources for Sustainable Agriculture Manoj Kumar Jhariya,Ram Swaroop Meena,Arnab Banerjee,2021-03-07 Ecological intensification involves using natural resources such as land water soil nutrients and other biotic and abiotic variables in a sustainable way to achieve high performance and efficiency in agricultural yield with minimal damage to the agroecosystems With increasing food demand

there is high pressure on agricultural systems The concept of ecological intensification presents the mechanisms of ensuring high agricultural productivity by restoration the soil health and landscape ecosystem services The approach involves the replacement of anthropogenic inputs with eco friendly and sustainable alternates Effective ecological intensification requires an understanding of ecosystems services ecosystem s components and flow of resources in the agroecosystems Also awareness of land use patterns socio economic factors and needs of the farmer community plays a crucial role It is therefore essential to understand the interaction of ecosystem constituents within the extensive agricultural landscape The editors critically examined the status of ecological stress in agroecosystems and address the issue of ecological intensification for natural resources management Drawing upon research and examples from around the world the book is offering an up to date account and insight into the approaches that can be put in practice for poly cropping systems and landscape scale management to increase the stability of agricultural production systems to achieve Ecological resilience It further discusses the role of farmer communities and the importance of their awareness about the issues This book will be of interest to teachers researchers climate change scientists capacity builders and policymakers Also the book serves as additional reading material for undergraduate and graduate students of agriculture forestry ecology agronomy soil science and environmental sciences National and international agricultural scientists policymakers will also find this to be a useful read for green future
